II. Current Actions

The National Leadership Grants for Libraries (NLG–L) support projects that address significant challenges and opportunities facing the library and archives fields and that have the potential to advance theory and practice. Successful proposals generate results such as new tools, research findings, models, services, practices, or alliances that will be widely used, adapted, scaled, or replicated to extend the benefits of federal investment.

The Laura Bush 21st Century Librarian Program (LB21) supports developing a diverse workforce of librarians to better meet the changing learning and information needs of the American public by enhancing the training and professional development of librarians, developing faculty and library leaders, and recruiting and educating the next generation of librarians.

This action is to renew the forms and instructions for the Notice of Funding Opportunities for the next three years.
