Abstract of Proposed Collection: This electronic collection records medical information necessary to determine whether visa applicants have medical conditions affecting the applicant's eligibility for a visa.

Methodology: Approved panel physicians will be granted access to an eMedical system by the Department of State, to conduct medical examinations for visa eligibility determinations. During the initial rollout, some immigrant visa applicants with a completed and submitted DS-260, Application for Immigrant Visa and Alien Registration will have their medical exam results submitted to the Department via the eMedical system. The panel physician will input the exam information into the eMedical portal and it will be transmitted to the Department for visa adjudication and retained in the Department's systems. The Department anticipates a full rollout of the electronic medical report by the end of 2018. During the transition to eMedical, some applicants' medical exams will be completed via paper forms.

In the paper version of the forms (OMB 1405-0113), the Department of Homeland Security (DHS) usually provides the results of visa applicant medical examinations to the Centers for Disease Control and Prevention (CDC). As the Department transitions to the electronic environment, the information from the medical examinations will be provided directly to CDC and DHS for uses relevant to their respective roles in the admission process and statutory

missions. This change will promote efficiency in the process.

Karin King,

Acting Deputy Assistant Secretary, Bureau of Consular Affairs, Department of State.

BILLING CODE 4710-15-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Random Drug and Alcohol Testing Percentage Rates of Covered Aviation Employees for the Period of January 1, 2018, Through December 31, 2018**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA has determined that the minimum random drug and alcohol testing percentage rates for the period January 1, 2018, through December 31, 2018, will remain at 25 percent of safety-sensitive employees for random drug testing and 10 percent of safety-sensitive employees for random alcohol testing.

FOR FURTHER INFORMATION CONTACT: Ms. Vicky Dunne, Office of Aerospace Medicine, Drug Abatement Division, Program Policy Branch (AAM-820), Federal Aviation Administration, 800 Independence Avenue SW, Room 806, Washington, DC 20591; Telephone (202) 267-8442.

Discussion: Pursuant to 14 CFR 120.109(b), the FAA Administrator's decision on whether to change the minimum annual random drug testing rate is based on the reported random drug test positive rate for the entire aviation industry. If the reported random drug test positive rate is less than 1.00%, the Administrator may continue the minimum random drug testing rate at 25%. In 2016, the random drug test positive rate was 0.610%. Therefore, the minimum random drug testing rate will remain at 25% for calendar year 2018.

Similarly, 14 CFR 120.217(c), requires the decision on the minimum annual random alcohol testing rate to be based on the random alcohol test violation rate. If the violation rate remains less than 0.50%, the Administrator may continue the minimum random alcohol testing rate at 10%. In 2016, the random alcohol test violation rate was 0.121%. Therefore, the minimum random alcohol testing

rate will remain at 10% for calendar year 2018.

SUPPLEMENTARY INFORMATION: If you have questions about how the annual random testing percentage rates are determined please refer to the Code of Federal Regulations Title 14, section 120.109(b) (for drug testing), and 120.217(c) (for alcohol testing).

Michael A. Berry,

Federal Air Surgeon.

Petition for Exemption

Docket No.: FAA-2017-1037.

Petitioner: James Giancola.

Section(s) of 14 CFR Affected: § 61.155(d), § 61.156, SFAR No. 100-2.

Description of Relief Sought: The petitioner seeks an exemption from the requirement of § 61.155(d) to allow him to complete the practical test for the airline transport pilot certificate beyond 24 months from the month in which the knowledge test was successfully completed.

The petitioner also seeks an exemption from the requirement of § 61.155(d) that an applicant who passes the knowledge test prior to August 1, 2014, but fails to successfully complete the airplane category with a multiengine class rating practical test within 24 months must complete the airline transport pilot certification training program specified in § 61.156 and retake the knowledge test prior to applying for the airplane category with a multiengine class rating practical test.

The petitioner seeks an exemption from the requirement of SFAR 100-2, Para 2(c) authorizing Flight Standards District Offices to accept an expired written test report to show eligibility under 14 CFR part 61 to take a practical test if the eligible person completes the appropriate practical test within 6 calendar months after returning to the United States.
