BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 17–106, FCC 17–137]

Elimination of Main Studio Rule

AGENCY: Federal Communications Commission.

ACTION: Final rule; announcement of effective date.

SUMMARY: In this document, the Commission announces that the Office of Management and Budget (OMB) has approved the non-substantive change request for the information collection requirements contained in FCC 17–137. This document is consistent with the Report and Order, which stated that the Commission would publish a document in the **Federal Register** announcing OMB approval and the effective date of these rules.

DATES: 47 CFR 73.3526(c)(1) and 73.3527(c)(1), published at 82 FR 57876, December 8, 2017 are effective on January 8, 2018.

FOR FURTHER INFORMATION CONTACT: Diana Sokolow, Policy Division, Media Bureau, at (202) 418–2120, or email: diana.sokolow@fcc.gov.

SUPPLEMENTARY INFORMATION: This document announces that, on December 4, 2017, OMB approved the non-substantive change request that the Commission submitted pertaining to the revisions to sections 73.3526(c)(1) and 73.3527(c)(1) contained in the Commission's *Order*, FCC 17–137, published at 82 FR 57876, December 8, 2017. The OMB Control Number is 3060–0214. The non-substantive changes to OMB control number 3060–0214 did not change the burden hours or annual costs to that information collection. They remain unchanged and those burdens and costs are not impacted by the information collection requirements contained in FCC 17–137.

The Commission publishes this notice as an announcement of the effective date of the rules. Because we received OMB approval for the non-substantive change request in advance of the effective date for the rule changes that did not require OMB approval, all of the rule changes contained in the Commission's *Order*, FCC 17–137, will share the same effective date of January 8, 2017.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

RIN 0648–XF879

Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that the Commonwealth of Virginia is transferring a portion of its 2017 commercial summer flounder quota to the Commonwealth of Massachusetts. This quota adjustment is necessary to comply with the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan quota transfer provisions. This announcement informs the public of the revised commercial quotas for Virginia and Massachusetts.

DATES: Effective December 13, 2017, through December 31, 2017.

FOR FURTHER INFORMATION CONTACT: Cynthia Hanson, Fishery Management Specialist, (978) 281–9180.

SUPPLEMENTARY INFORMATION: Regulations governing the summer flounder fishery are found in 50 CFR 648.100 through 648.110. These regulations require annual specification of a commercial quota that is

apportioned among the coastal states from Maine through North Carolina. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.102, and the initial 2017 allocations were published on December 22, 2016 (81 FR 93842).

The final rule implementing Amendment 5 to the Summer Flounder Fishery Management Plan, as published in the **Federal Register** on December 17, 1993 (58 FR 65936), provided a mechanism for transferring summer flounder commercial quota from one state to another. Two or more states, under mutual agreement and with the concurrence of the NMFS Greater Atlantic Regional Administrator, can transfer or combine summer flounder commercial quota under § 648.102(c)(2). The Regional Administrator is required to consider the criteria in § 648.102(c)(2)(i)(A) through (C) in the evaluation of requests for quota transfers or combinations.

Virginia is transferring 3,585 lb (1,626 kg) of summer flounder commercial quota to Massachusetts. This transfer was requested to repay landings by a Virginia-permitted vessel that landed in Massachusetts under a safe harbor agreement. The revised summer flounder quotas for calendar year 2017 are now: Virginia, 1,216,289 lb (551,699 kg); and Massachusetts, 389,573 lb (176,707 kg); based on the initial quotas published in the 2017 Summer Flounder, Scup, and Black Sea Bass Specifications and subsequent transfers. The summer flounder fishery in Massachusetts closed on July 20, 2017 (82 FR 33827). Despite this transfer, there is insufficient quota available to reopen the commercial summer flounder fishery in Massachusetts, and as a result, this fishery remains closed for the remainder of 2017.

Classification

This action is taken under 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
