

new base load electric powerplant may be constructed or operated without the capability to use coal or another alternate fuel as a primary energy source. Pursuant to the FUA, in order to meet the requirement of coal capability, the owner or operator of such a facility proposing to use natural gas or petroleum as its primary energy source shall certify to the Secretary of Energy (Secretary) prior to construction, or prior to operation as a base load electric powerplant, that such powerplant has the capability to use coal or another alternate fuel. Such certification establishes compliance with FUA section 201(a) as of the date it is filed with the Secretary. 42 U.S.C. 8311.

The following owner of a proposed new baseload electric generating powerplant has filed a self-certification of coal-capability with DOE pursuant to FUA section 201(d) and in accordance with DOE regulations in 10 CFR 501.60, 61:

DEPARTMENT OF ENERGY

Revision of a Currently Approved Information Collection for the Energy Efficiency and Conservation Block Grant Financing Programs

AGENCY: Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy.

ACTION: Submission for Office of Management and Budget (OMB) review; public comment request.

SUMMARY: The Department of Energy (DOE) invites public comment on a revision of a currently approved collection of information that DOE is developing for submission to the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1995. The information collection requests a revision and three-year extension of its Energy Efficiency and Conservation Block Grant Program, OMB Control Number 1910-5150.

The proposed action will continue the collection of information on the status of financing program activities, expenditures, and results, to ensure that

program funds are being used appropriately, effectively and expeditiously. No changes to the collection instrument are being proposed.

Comments are invited on: (a) Whether the revision of the currently approved collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden pertaining to the approved collection of information, including the validity of the methodology and assumptions used; (c) ways to further enhance the quality, utility, and clarity of the information being collected; and (d) ways to further minimize the burden regarding the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Comments regarding this revision to an approved information collection must be received on or before January 19, 2018. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Written comments may be sent to Sallie Glaize, EE-5W, U.S. Department of Energy, 1000 Independence Ave. SW, Washington, DC 20585, Email: *Sallie.Glaize@ee.doe.gov*.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to: James Carlisle, U.S.

Department of Energy, 1000 Independence Ave. SW, Washington, DC 20585, Phone: (202) 287-1724, Fax: (412) 386-5835, Email:

Additional information and reporting guidance concerning the Energy Efficiency and Conservation Block Grant Program (EECBG) is available for review at the following website: <https://energy.gov/eere/wipo/articles/energy-efficiency-and-conservation-block-grant-financing-programs-after-grant>.

SUPPLEMENTARY INFORMATION: This information collection request contains: (1) OMB No. 1910-5150; (2) Information Collection Request Title: Energy Efficiency and Conservation Block Grant Program Financing Programs; (3) Type of Review: Revision of a Currently Approved Information Collection; (4) Purpose: To collect information on the status of Financing Program activities, expenditures, and results, to ensure that program funds are being used appropriately, effectively and

expeditiously; (5) Annual Estimated Number of Respondents: 108; (6) Annual Estimated Number of Total Responses: 175; (7) Annual Estimated Number of Burden Hours: 525; (8) Annual Estimated Reporting and Recordkeeping Cost Burden: \$21,000. Respondents, total responses, burden hours and the annual cost burden have all been significantly reduced because of the retirement of grants, fewer programs and a lessened burden on reporting and recordkeeping costs.

Statutory Authority: Title V, Subtitle E of the Energy Independence and Security Act (EISA), Public Law 110-140 as amended (42 U.S.C. 17151 *et seq.*).

Issued in Washington, DC, December 4, 2017.

James Carlisle,

Supervisory Policy Advisor, Weatherization and Intergovernmental Program, Office of Energy Efficiency and Renewable Energy.
