

DEPARTMENT OF EDUCATION**[Docket No.: ED–2017–ICCD–0159]****Agency Information Collection Activities; Comment Request; National Blue Ribbon Schools Program****AGENCY:** Office of Communications and Outreach (OCO), Department of Education (ED).**ACTION:** Notice.**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension of an existing information collection.**DATES:** Interested persons are invited to submit comments on or before February 20, 2018.**ADDRESSES:** To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2017–ICCD–0159. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW, LBJ, Room 216–32, Washington, DC 20202–4537.**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Aba Kumi, 202–401–1767.**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection

necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: National Blue Ribbon Schools Program.*OMB Control Number:* 1860–0506.*Type of Review:* An extension of an existing information collection.*Respondents/Affected Public:* State, Local, and Tribal Governments.*Total Estimated Number of Annual Responses:* 420.*Total Estimated Number of Annual Burden Hours:* 16,800.*Abstract:* Each year since 1982, the U.S. Department of Education's National Blue Ribbon Schools Program has sought out and celebrated great American schools; schools that are demonstrating that all students can achieve to high levels. The purpose of the Program is to honor public and private elementary, middle and high schools based on their overall academic excellence or their progress in closing achievement gaps among different groups of students. The Program is part of a larger U.S. Department of Education effort to identify and disseminate knowledge about best school leadership and teaching practices.

Dated: December 19, 2017.

Stephanie Valentine,*Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.*

Title of Collection: Personal Authentication Service (PAS) for FSA ID.

OMB Control Number: 1845–0131.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 55,300,000.

Total Estimated Number of Annual Burden Hours: 14,715,000.

Abstract: Federal Student Aid (FSA) replaced the PIN system with the Personal Authentication Service (PAS) which will employ an FSA ID, a standard user name and password solution. In order to create an FSA ID to gain access to certain FSA systems (FAFSA on the web, NSLDS, StudentLoans.gov, etc.) a user must register on-line for an FSA ID account. The FSA ID allows the customer to have a single identity, even if there is a name change or change to other personally identifiable information. The information collected to create the FSA ID enables electronic authentication and authorization of users for FSA web-based applications and information and protects users from unauthorized access to user accounts on all protected FSA sites.

Dated: December 19, 2017.

Kate Mullan,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Energy Information Administration

Agency Information Collection Extension

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy (DOE).

ACTION: Notice and request for comments.

SUMMARY: EIA, pursuant to the Paperwork Reduction Act of 1995, intends to extend with changes for three years with the Office of Management and Budget (OMB), Form EIA–846 *Manufacturing Energy Consumption Survey*. Form EIA–846 collects information on energy consumption, expenditures, and building characteristics from establishments in the manufacturing sector of the U.S. economy.

DATES: Comments regarding this proposed information collection must

be received on or before February 20, 2018. If you anticipate difficulty in submitting comments within that period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Written comments may be sent to Tom Lorenz, U.S. Energy Information Administration, EI–22, 1000 Independence Avenue SW, Washington, DC 20585 or by fax at (202) 586–9753, or by email at Thomas.Lorenz@eia.gov.

Access to the proposed form, instructions, and internet data collection screens can be found at: https://www.eia.gov/survey/form/eia_846/proposed/2018/form.pdf.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Tom Lorenz by phone at (202) 586–3442, or by email at Thomas.Lorenz@eia.gov.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) ways to identify alternate sources of manufacturing consumption information EIA proposes to collect. EIA will evaluate comments on duplication of data sources based on terms of data coverage, level of aggregation, frequency of collection, data reliability, and statutory requirements to determine whether alternate data sources represent a suitable substitute for EIA data.

This information collection request contains:

(1) *OMB Numbers:* 1905–0169;

(2) *Information Collection Request*

Title: Manufacturing Energy Consumption Survey (MECS);

(3) *Type of Request:* Three-year extension with changes;

(4) *Purpose:* Form EIA–846, is a self-administered sample survey that collects energy consumption and expenditures data from establishments in the manufacturing sector. These establishments are classified under the North American Industry Classification

System (NAICS) sector codes 31–33. The information from this survey is used to publish aggregate statistics on the energy consumption of the manufacturing sector including energy used for fuel and nonfuel purposes. The survey also gathers information on energy-related issues such as energy prices, on-site electricity generation, purchases of electricity from utilities and non-utilities, and fuel switching capabilities. MECS is also used to benchmark EIA’s industry forecasting model and update changes in the energy intensity and greenhouse gases data series.

(4a) *Proposed Change to Information Collection:* EIA proposes the following minor change to Form EIA–846.

1. *Questions about Tire-Derived Fuel:* EIA proposes asking questions about tire-derived fuel (TDF) in the Waste Oils and Tars, and Waste Byproduct Gases section of the questionnaire starting on page 35 of the current Form EIA–846A, to be inserted after questions 138–139, specifically from those industries, Paper (NAICS 322) and Nonmetallic Mineral Products (NAICS 327), that use it as an energy source. This is not a substantive change as EIA already asks respondents to report TDF on the MECS in a section titled, “Other.” To make the reporting of TDF clear and easier for respondents, the questions in this section about TDF are the same questions that have always been asked about this energy source: Purchases, expenditures, transfers-in, amount produced on-site, whether it’s a product/byproduct of another energy source consumed on-site, and fuel consumption. Over the past three MECS cycles, TDF has become a growing energy source within the “Other” section and accounts for over half of the energy consumed that is reported in that section. The use of TDF may be understated in the current form because some establishments may not report TDF fuel use because respondents may not know where to report their TDF volumes. By directly asking for these data as a separate data element, EIA will improve the coverage and accuracy of the use of this energy source.

(5) *Annual Estimated Number of Respondents:* 15,000;

(6) *Annual Estimated Number of Total Responses:* 3,750;

(7) *Annual Estimated Number of Burden Hours:* 34,565;

Average Burden per Response: 9.2 hours.

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* EIA estimates that there are no additional costs to respondents associated with this data collection. The annual burden cost to the respondents is estimated to
