

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

RIN 0648–XF930

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Northeast Trawl Advisory Panel (NTAP) of the Mid-Atlantic and New England Fishery Management Councils (Councils) will hold a meeting.

DATES: The meeting will be held on Tuesday, January 16, 2018, beginning at 9 a.m. and conclude by 4:40 p.m. For agenda details, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: *Meeting address:* The meeting will be at the Hilton Garden Inn Boston Logan, 100 Boardman Street, Boston, MA 02128; telephone: (617) 567–6789.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674–2331 or on their website at www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526–5255.

SUPPLEMENTARY INFORMATION: The NTAP is a joint advisory panel of the Mid-Atlantic and New England Fishery Management Councils composed of Council members, fishing industry, academic, and government and non-government fisheries experts. The NTAP was established to bring commercial fishing, fisheries science, and fishery management professionals in the northeastern US together to identify concerns about regional research survey performance and data, to identify methods to address or mitigate these concerns, and to promote mutual understanding and acceptance of the results of this work among their peers and in the broader community.

Topics to be discussed at the meeting by the NTAP include: NTAP membership; status of the Northeast Trawl Advisory Panel (NTAP) and NEFSC commitment to continuing to participate on NTAP; review recent gear efficiency work; discuss capability of PISCES to conduct the Autumn NEFSC Bottom Trawl Survey; discuss net efficiency work developed through

NTAP collaborations presented at the TRAC Assessments and the Groundfish Operational Assessments; discuss challenges-faced and lessons-learned in trying to advance the goals of NTAP; identify solutions to improve communications between NTAP and the NEFSC; identify how the NEFSC can improve support to NTAP as a body and be more responsive to short and long-term needs; identify approaches to address or mitigate concerns about regional research survey performance and data.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526–5251, at least 5 days prior to the meeting date.

Dated: December 21, 2017.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF ENERGY

[FE Docket No. 17–161–LNG]

Sabine Pass Liquefaction, LLC; Application for Blanket Authorization To Export Liquefied Natural Gas to Non-Free Trade Agreement Countries on a Short-Term Basis

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice (Notice) of receipt of an application (Application), filed on December 20, 2017, by Sabine Pass Liquefaction, LLC (Sabine Pass), requesting blanket authorization to export liquefied natural gas (LNG) in an amount up to the equivalent of 600 billion cubic feet (Bcf) of natural gas on a cumulative basis over a two-year period commencing on the date of first short-term export or January 16, 2018, whichever is later. The LNG would be exported from the Sabine Pass Liquefaction Project (Liquefaction Project) located in Cameron Parish, Louisiana, to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. To date, Sabine Pass has been granted four final long-term orders under section 3 of the Natural Gas Act (NGA) to export LNG from Stages 1 and 2 of the

Liquefaction Project in a volume equivalent to 1,006 Bcf per year of natural gas to countries with which the United States has not entered into a free trade agreement requiring national treatment for trade in natural gas (non-FTA countries), for a 20-year term.¹ Additionally, Sabine Pass currently holds a short-term blanket authorization to export LNG in a volume equivalent to 600 Bcf of natural gas over a two-year period to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. Sabine Pass is requesting this authorization on its own behalf and as agent for other entities who hold title to the natural gas at the time of export. Sabine Pass's existing blanket authorization will expire on January 15, 2018.² The current Application in effect is a request to extend Sabine Pass's current short-term blanket authorization issued in FE Docket No. 15–171–LNG for another two-year period beginning January 16, 2018 and extending through January 15, 2020.

DATES: Protests, motions to intervene, or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, January 29, 2018.

ADDRESSES: Additional details can be found in Sabine Pass's Application, posted on the DOE/FE website at: <https://energy.gov/fe/2017-lng-export-compressed-natural-gas-cng-re-exports-long-term-natural-gas-applications>.

Protests, motions to intervene, notices of intervention, and written comments are invited.

Electronic Filing by email: fergas@hq.doe.gov.

Regular Mail: U.S. Department of Energy (FE–34), Office of Regulation and International Engagement, Office of Fossil Energy, P.O. Box 44375, Washington, DC 20026–4375.

Hand Delivery or Private Delivery Services (e.g., FedEx, UPS, etc.) U.S. Department of Energy (FE–34), Office of Regulation and International Engagement, Office of Fossil Energy, Forrestal Building, Room 3E–042, 1000

¹ See App. at notes 3 and 6 (describing the various DOE/FE authorizations granted for the first four liquefaction trains comprising Stages 1 and 2 of the Liquefaction Project).

² Sabine Pass Liquefaction, LLC, Order Granting Blanket Authorization to Export Liquefied Natural Gas by Vessel from the Sabine Pass LNG Terminal Located in Cameron Parish, Louisiana, DOE/FE Order No. 3767, Docket No. 15–171–LNG (Jan. 13, 2016).
