

and 3 of the Natural Gas Act (NGA) and the Federal Energy Regulatory Commission's (Commission) regulations, requesting authorization for the construction and operation of Sierrita Compressor Expansion Project (Project) located in Pima County, Arizona. Concurrent with this Section 7(c) application, Sierrita has filed a Section 3 application to amend existing Presidential Permit, all as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, in Docket No. CP18-37-000, Sierrita's Section 7(c) Project consists of: (1) Installing one new Solar Mars 100 turbine/compressor unit that is ISO rated at 15,900 horsepower (HP) located at approximately Milepost (MP) 6 on Line No. 2177; (2) installing an additional gas meter at the existing San Joaquin Meter Station on Line No. 2177; and (3) relocating an existing Mainline Valve 2 (MLV 2) and inspection tool launcher and receiver from MP 1.2 to MP 6.5 on Line No. 2177; all located in Pima County, Arizona. Additionally, in Docket No. CP18-38-000 Sierrita is requesting an amendment to its Section 3 authorization and its Presidential Permit for increased design capacity to 627,000 Mcf/Day at its border crossing into Mexico near the town of Sasabe, Arizona, also in Pima County.

Any questions regarding this application should be directed to Francisco Tarin, Regulatory Director, Sierrita Gas Pipeline LLC, P.O. Box 1087, Colorado Springs, CO 80944, or call (719) 667-7517, or email: SierritaRegulatoryAffairs@kindermorgan.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a

Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents

filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on January 26, 2018.
