Proposed Rule Stage

288. Migratory Bird Hunting; 2018– 2019 Migratory Game Bird Hunting Regulations

E.O. 13771 Designation: Fully or Partially Exempt.

Legal Authority: 16 U.S.C. 703 to 711; 16 U.S.C. 742a–j

Abstract: We propose to establish annual hunting regulations for certain migratory game birds for the 2018–2019 hunting season. We annually prescribe outside limits (frameworks), within which States may select hunting seasons. This proposed rule provides the regulatory schedule, describes the proposed regulatory alternatives for the 2018–2019 duck hunting seasons, requests proposals from Indian tribes that wish to establish special migratory game bird hunting regulations on Federal Indian reservations and ceded lands, and requests proposals for the 2018 spring and summer migratory bird subsistence season in Alaska. Migratory game bird hunting seasons provide opportunities for recreation and sustenance; aid Federal, State, and tribal governments in the management of migratory game birds; and permit harvests at levels compatible with migratory game bird population status and habitat conditions.

E.O. 13771 Designation: Deregulatory. Legal Authority: 30 U.S.C. 1201 et seq. Abstract: The final rule published December 20, 2016 (81 FR 93066) and became effective January 19, 2017. The final rule was nullified by a joint resolution of disapproval under the Congressional Review Act, signed by the President on February 16, 2017 (Pub. L. 115–5). This action conforms to Public Law 115–5 by changing the Code of Federal Regulations to reflect the regulations as they existed before the effective date of the final rule that was nullified under the Congressional Review Act.
