Scoping Meetings

Commission staff will hold two scoping meetings in the vicinity of the project at the times and places noted below. The daytime meeting will focus on resource agency, Indian tribes, and non-governmental organization concerns, while the evening meeting is primarily for receiving input from the public. We invite all interested individuals, organizations, and agencies to attend one or both of the meetings, and to assist staff in identifying particular study needs, as well as the scope of environmental issues to be addressed in the environmental document.

These scoping meetings are being coordinated with the State Water Board and are considered joint scoping meetings for the purposes of both the National Environmental Policy Act

(NEPA) and the California Environmental Quality Act (CEQA), should the State Water Board prepare an environmental impact report (EIR). (See Cal. Code Regs., tit. 14, 15083, 15223, 15226.) This notice is intended to provide notice of the State Water Board's informal consultation with responsible and trustee agencies pursuant to section 15063 of the CEQA Guidelines as to the potential for the proposed action to cause a significant impact to the environment. (Cal. Code Regs., tit. 14, § 15063, subd. (g).) Recipients of this notice are invited to comment on whether an EIR, negative declaration, or mitigated negative declaration should be prepared. In addition, pursuant to CEQA Guidelines section 15083, subdivision (c), these meetings are intended to simultaneously serve the purposes identified in California Code of Regulations, title 14, section 15082, subdivision (c). Any responsible or trustee agency or other interested parties that believes an EIR should be prepared should identify the scope and content of any environmental information it believes should be required, should the State Water Board prepare an EIR.

The times and locations of these meetings are as follows:

Daytime Scoping Meeting

Date: Tuesday, February 13, 2018.

Time: 9:00 a.m.

Location: Piccadilly Inn Airport, 5115 E McKinley Ave., Fresno, CA.

SD1, which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 will be available at the scoping meetings, or may be viewed on the web at <http://www.ferc.gov>, using the eLibrary link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

The potential applicant and Commission staff will conduct an Environmental Site Review (site visit) of the project at 8:00 a.m., Wednesday,

February 14, 2018. Participants are responsible for their own transportation. Persons planning on participating in the site visit must RSVP to Ms. Lisa Whitman of PG&E at Lisa.Whitman@pge.com or (415) 973-7465, on or before February 1, 2018. Additional details concerning the site visit are provided in SD1.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe acting as a cooperating agency for development of an environmental document.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are provided in item n. of this document.
