See *Certain Electric Skin Care Devices, Brushes and Chargers Therefor, and Kits Containing the Same*, Inv. No. 337-TA-959, Comm'n Op. (Feb. 13, 2017) (public version) (including Chairman Schmidlein Separate views on issuing cease and desist orders governed by section 337(g)(1)).

The Commission has further determined that the public interest factors enumerated in sections 337(d), (f), and (g)(1) (19 U.S.C. 1337(d), (f), and (g)(1)) do not preclude issuance of the limited exclusion order or the cease and desist order. Finally, the Commission has determined that a bond in the amount of 100 percent of the entered value of the covered products is required to permit temporary importation during the period of Presidential review (19 U.S.C. 1337(j)). The Commission's orders were delivered to the President and to the United States Trade Representative on the day of their issuance.

The Commission has terminated this investigation. The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: January 19, 2018.

Lisa R. Barton,

Secretary to the Commission.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Amendment to a Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On January 9, 2018, the Department of Justice lodged a proposed amendment to the 2003 consent decree with the United States District Court for the Eastern District of New York in the lawsuit entitled *United States, et al. v. Mattiace Industries, Inc., et al.*, Civil Action No. 03-1011.

In that action, the United States sought, pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601, *et seq.*,

injunctive relief and recovery of response costs regarding the Mattiace Petrochemical Superfund Site in the City of Glen Cove, Nassau County, New York (the "Site"). The matter was originally resolved in 2003 when the United States entered into a Consent Decree with 27 potentially responsible parties regarding the Site (the "2003 Consent Decree"). These parties were joined by a 28th party, TRC Companies, Inc. ("TRC"), which, though not a liable party, agreed to be bound by the 2003 Consent Decree and to perform the remedy. The 2003 Consent Decree required, among other things, that the settlers implement portions of the remedial action selected by the U.S. Environmental Protection Agency ("EPA") in a 1991 record of decision ("1991 ROD") for the Site.

On September 29, 2014, EPA issued an amendment to the 1991 ROD, which, among other things, documented EPA's decision regarding a modification to the remedy to be implemented at the Site and identification of a new remedy to address remaining contaminated groundwater and soil gas at the Site. The proposed amendment to the 2003 Consent Decree, which was lodged with the Court on January 9, 2018, modifies the 2003 Consent Decree to make it consistent with the amended ROD. Specifically, it will substitute the amended ROD for the 2003 ROD; will substitute a new statement of work for the original statement of work; and will include updates to the Site history, definitions and internal references. TRC will continue to perform the work, as a signatory with the settling defendants.

The publication of this notice opens a period for public comment on the proposed Amendment to the 2003 Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States, et al. v. Mattiace Industries, Inc., et al.*, Civil Action No. 03-1011, D.J. Ref. No. 90-11-3-07234. All comments must be submitted no later than 30 days after the publication date of this notice. SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–512, OMB Control No. 3235–0570]

Submission for OMB Review; Comment Request

Upon Written Request, Copy Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736.

Extension:

Form N–CSR.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the

previously approved collection of information discussed below.

Form N–CSR (17 CFR 249.331 and 274.128) is a combined reporting form used by registered management investment companies (“funds”) to file certified shareholder reports under the Investment Company Act of 1940 (15 U.S.C. 80a–1 *et seq.*) (“Investment Company Act”) and the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”). Specifically, Form N–CSR is to be used for reports under section 30(b)(2) of the Investment Company Act (15 U.S.C. 80a–29(b)(2)) and section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) and 78o(d)), filed pursuant to rule 30b2–1(a) under the Investment Company Act (17 CFR 270.30b2–1(a)). Reports on Form N–CSR are to be filed with the Securities and Exchange Commission (“Commission”) no later than 10 days after the transmission to stockholders of any report that is required to be transmitted to stockholders under rule 30e–1 under the Investment Company Act (17 CFR 270.30e–1). The information filed with the Commission permits the verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

The following estimates of average burden hours and costs are made solely for purposes of the Paperwork Reduction Act of 1995¹ and are not derived from a comprehensive or even representative survey or study of the cost of Commission rules and forms. Compliance with Form N–CSR is mandatory. Responses to the collection of information will not be kept confidential.

The current total annual burden hour inventory for Form N–CSR is 172,899 hours.² The hour burden estimates for preparing and filing reports on Form N–CSR are based on the Commission’s experience with the contents of the form. The number of burden hours may vary depending on, among other things, the complexity of the filing and whether preparation of the reports is performed by internal staff or outside counsel.

The Commission’s new estimate of burden hours that will be imposed by Form N–CSR is as follows:

¹ 44 U.S.C. 3501 *et seq.*

² This estimate is based on the following calculations: 172,899 hours = (11,856 management investment companies × 14.52 hour burden per fund per year) + 750 additional hours for closed-end funds.
