

Therefore, under the Federal Food, Drug, and Cosmetic Act and under authority delegated to the Commissioner of Food and Drugs, 21 CFR part 878 is amended as follows:

#### **PART 878—GENERAL AND PLASTIC SURGERY DEVICES**

■ 1. The authority citation for part 878 continues to read as follows:

**Authority:** 21 U.S.C. 351, 360, 360c, 360e, 360j, 360l, 371.

■ 2. Add § 878.5050 to subpart F to read as follows:

##### **§ 878.5050 Surgical smoke precipitator.**

(a) *Identification.* A surgical smoke precipitator is a prescription device intended for clearance of the visual field by precipitation of surgical smoke and other aerosolized particulate matter created during laparoscopic surgery.

(b) *Classification.* Class II (special controls). The special controls for this device are:

(1) Adverse tissue reaction must be mitigated through the following:

(i) Chemical characterization and toxicological risk assessment of the treated surgical smoke.

(ii) Demonstration that the elements of the device that may contact the patient are biocompatible.

(2) Electrical safety and electromagnetic compatibility testing must demonstrate that the device performs as intended.

(3) Software verification, validation, and hazard analysis must be performed.

(4) Performance data must demonstrate the sterility of the patient contacting components of the device.

(5) Performance data must support the shelf life of the sterile components of the device by demonstrating continued functionality, sterility, and package integrity over the identified shelf life.

(6) Animal simulated-use testing must demonstrate that the device performs as intended under anticipated conditions of use. The following performance characteristics must be tested:

(i) Device must be demonstrated to be effectively inserted, positioned, and removed from the site of use.

(ii) Device must be demonstrated to precipitate surgical smoke particulates to clear the visual field for laparoscopic surgeries.

(iii) Device must be demonstrated to be non-damaging to the site of use and animal subject.

(7) Labeling must identify the following:

(i) Detailed instructions for use.

(ii) Electrical safety and electromagnetic compatibility information.

(iii) A shelf life.

Dated: January 24, 2018.

**Leslie Kux,**

*Associate Commissioner for Policy.*

#### **DEPARTMENT OF STATE**

##### **22 CFR Part 51**

**[Public Notice: 9867]**

**RIN 1400–AE01**

##### **Passports: Service Passports**

**AGENCY:** Department of State.

**ACTION:** Final rule.

**SUMMARY:** This rule finalizes the interim final rule from the Department of State that established a new service passport, which may be approved for certain non-personal services contractors who travel abroad in support of and pursuant to a contract with the U.S. government. The Department received no public comments in response to the rule.

**DATES:** Effective January 30, 2018.

**FOR FURTHER INFORMATION CONTACT:** Sitara Kedilaya, Attorney-Adviser, *PassportRules@state.gov*, (202) 485–6500.

**SUPPLEMENTARY INFORMATION:** On September 30, 2016, the Department published an interim final rule amending 22 CFR part 51, to create a “service passport” that would be used by non-personal services contractors to carry out critical security, maintenance and other functions on behalf of the U.S. government. As noted in the interim final rule, the Department estimates that this rulemaking will affect approximately 1,000 non-personal services contractors per year. Further information concerning the rationale for this rule can be found in the interim final rule.

The Department provided 60 days for the public to comment on this rule. This period expired on November 29, 2016. The Department received no public comments.

The Regulatory Findings included with the interim final rule are incorporated herein. This rule is not an E.O. 13771 regulatory action because it is not significant under E.O. 12866.

##### **List of Subjects in 22 CFR Part 51**

Administrative practice and procedure, Drug traffic control, Passports and visas, Reporting and recordkeeping requirements.

#### **PART 51—PASSPORTS**

■ Accordingly, the interim final rule amending 22 CFR part 51, which was published at 81 FR 67156 on September 30, 2016, is adopted as a final rule without change.

**Carl C. Risch,**

*Assistant Secretary, Consular Affairs.*

#### **DEPARTMENT OF HOMELAND SECURITY**

##### **Coast Guard**

##### **33 CFR Part 117**

**[Docket No. USCG–2018–0025]**

##### **Drawbridge Operation Regulation; Willamette River, Portland, OR**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of deviation from drawbridge regulation.

**SUMMARY:** The Coast Guard has issued a temporary deviation from the operating schedule that governs the Broadway Bridge across the Willamette River, mile 11.7, at Portland, OR. The deviation is necessary to make adjustments to new equipment. This deviation allows the bridge to operate the double bascule span one side at a time, single leaf.

**DATES:** This deviation is effective without actual notice from January 30, 2018, to 11:59 p.m. on February 23, 2018. For the purposes of enforcement, actual notice will be used from 1 a.m. on January 27, 2018, through January 30, 2018.

**ADDRESSES:** The docket for this deviation, USCG–2018–0025, is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Thirteenth Coast Guard District; telephone 206–220–7282, email *Steven.M.Fischer@uscg.mil*.

**SUPPLEMENTARY INFORMATION:** Multnomah County, the bridge owner, requested the Broadway Bridge be authorized to open half the span in single leaf mode to make adjustments to newly installed equipment. The Broadway Bridge crosses the Willamette River at mile 11.7, and provides 90 feet of vertical clearance above Columbia

River Datum 0.0 while in the closed-to-navigation position, and provides 125 feet of horizontal clearance with half the span open. This bridge operates in accordance with 33 CFR 117.897. This deviation allows the double bascule span of the Broadway Bridge across the Willamette River, mile 11.7, to operate the bridge in single leaf mode to marine traffic. The deviation period will be from 1 a.m. on January 27, 2018 to 11:59 p.m. on February 23, 2018. The bridge shall operate in accordance to 33 CFR 117.897 at all other times.

Waterway usage on this part of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. One particular shipping company regularly requests a full bridge span opening in order to transit the river. In anticipation of this deviation, the shipping company has agreed to give a 7 day notice and a 24 hour notice to the bridge owner for a request of a full bridge span opening. If this procedure is followed, the bridge owner has agreed to comply with these requests.

Vessels able to pass through the bridge in the closed-to-navigation position may do so at anytime. The bridge will be able to open for emergencies, and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: January 16, 2018.

**Steven M. Fischer,**

*Bridge Administrator, Thirteenth Coast Guard District.*

## LIBRARY OF CONGRESS

### Copyright Office

#### 37 CFR Parts 201 and 202

[Docket No. 2017-16]

#### Group Registration of Newspapers

**AGENCY:** U.S. Copyright Office, Library of Congress.

**ACTION:** Final rule.

**SUMMARY:** The U.S. Copyright Office is amending its regulation governing the group registration option for newspapers. The final rule will make a number of changes to reflect current Office practices, improve the efficiency of the registration process, and encourage broader participation in the registration system by reducing the burden on applicants. Specifically, the final rule revises the definition of “newspaper issues” and clarifies that the group registration option may be used to register any qualifying “newspaper issue.” The final rule will also require applicants to file an online application rather than a paper application, and upload a complete digital copy of each issue through the Office’s electronic registration system instead of submitting them in physical form. Digital copies of newspapers received by the Office under this group registration option will be offered to the Library of Congress for use in its collections, and the Library intends to provide public access to these digital files, subject to the restrictions set forth in the final rule. Applicants may continue to submit their issues on

microfilm on a voluntary basis (in addition to and at the same time as submitting digital files) if the microfilm is received by December 31, 2019. After that date, the microfilm option will be eliminated. The final rule clarifies that each issue in the group must be a new collective work and a work made for hire, that the author and copyright claimant for each issue must be the same person or organization, and that the claim must be received within three months after the publication of the earliest issue in the group. Finally, the rule confirms that a group registration covers each issue in the group, as well as any contributions appearing within each issue if they are fully owned by the copyright claimant and if they were first published in those issues.

**DATES:** Effective March 1, 2018.

#### **FOR FURTHER INFORMATION CONTACT:**

Robert J. Kasunic, Associate Register of Copyrights and Director of Registration Policy and Practice, or Erik Bertin, Deputy Director of Registration Policy and Practice, by telephone at 202-707-8040, or by email at [rkas@loc.gov](mailto:rkas@loc.gov) and [ebertin@loc.gov](mailto:ebertin@loc.gov); or Anna Bonny Chauvet, Assistant General Counsel, by telephone at 202-707-8350, or by email at [achau@loc.gov](mailto:achau@loc.gov).

**SUPPLEMENTARY INFORMATION:** When Congress enacted the Copyright Act of 1976 (the “Act”), it authorized the Register of Copyrights (the “Register”) to specify by regulation the administrative classes of works for the purpose of seeking a registration, and the nature of the deposits required for each such class. In addition, Congress granted the Register the discretion to allow groups of related works to be registered with one application and one filing fee. See 17 U.S.C. 408(c)(1). Congress cited “the various editions or issues of a daily newspaper” as a specific example of a “group of related works” that would be suitable for a group registration. H.R. Rep. No. 94-1476, at 154 (1976), *reprinted in* 1976 U.S.C.C.A.N. 5659, 5770; S. Rep. No. 94-473, at 136 (1975).

On November 6, 2017, the Copyright Office (the “Office”) published a notice of proposed rulemaking (“NPRM”) setting forth proposed amendments to the current regulation governing the group registration option for newspapers. 82 FR 51369 (Nov. 6, 2017). The NPRM proposed modifying the requirements for this group registration option in several respects. First, the proposed rule would make any newspaper, as defined in the regulation, eligible for a group registration, regardless of whether the Library of Congress (the “Library”) has selected
