

incidental permit holders to submit an application to participate in the 2018 shark research fishery. NMFS received six applications, of which all six applicants were determined to meet all the qualifications. NMFS selected all six qualified participants after considering how to meet research objectives in particular regions. NMFS expects to invite qualified commercial shark permit holders to submit an application for the 2019 shark research fishery later in 2018.

As with past years, the 2018 permit terms and permitted activities (*e.g.*, number of hooks and retention limits) specifically authorized for selected participants in the shark research fishery were designated depending on the scientific and research needs of the Agency, as well as the number of NMFS-approved observers available. In order to inform selected participants of this year's specific permit requirements and ensure all terms and conditions of the permit are met, per the requirements of § 635.32 (f)(4), NMFS is holding a mandatory permit holder meeting via conference call.

#### Conference Call Date, Time, and Dial-in Number

The conference call will be held on February 16, 2018, from 1:30 to 3:30 p.m. (EST). Participants and interested parties should call 1-888-942-9261 and use the passcode 8567825. Selected participants who do not attend will not be allowed to participate in the shark research fishery. While the conference call is mandatory for selected participants, other interested parties may call in and listen to the discussion.

Selected participants are encouraged to invite their captain, crew, or anyone else who may assist them in meeting the terms and conditions of the shark research fishery permit.
