SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: In 2015 the EPA published final revisions to the definition of solid waste that exclude certain hazardous secondary materials from regulation (80 FR 1694, January 13, 2015). The information requirements help ensure that (1) entities operating under the regulatory exclusions contained in today's action are held accountable to the applicable requirements; (2) state inspectors can verify compliance with

the restrictions and conditions of the exclusions when needed; and (3) hazardous secondary materials exported for recycling are actually handled as commodities abroad. Paperwork requirements finalized in that rule include:

- Under the generator-controlled exclusion at 40 CFR 261.4(a)(23), the tolling contractor has to maintain at its facility for no less than three years records of hazardous secondary materials received pursuant to its written contract with the tolling manufacturer, and the tolling manufacturer must maintain at its facility for no less than three years records of hazardous secondary materials shipped pursuant to its written contract with the tolling contractor. In addition, facilities performing the recycling of hazardous secondary materials under the generator-controlled exclusions at 40 CFR 261.4(a)(23) to maintain documentation of their legitimacy determination onsite.

- Under the verified recycler exclusion at 40 CFR 261.4(a)(24), a verified hazardous secondary materials recycler or an intermediate facility who has obtained a solid waste variance must meet the following conditions: Having financial assurance in place, having trained personnel, and meeting emergency preparedness and response conditions.

- Under the remanufacturing exclusion at 40 CFR 261.4(a)(27), both the hazardous secondary material generator and the remanufacturer must maintain records of shipments and confirmations of receipts for a period of three years from the dates of the shipments.

- Under the revised speculative accumulation requirement in 261.1(c)(8), all persons subject to the speculative accumulation requirements must label the storage unit by indicating the first date that the material began to be accumulated.

This ICR renewal does not include the burden associated with filling out form 8700-12 because that burden is included in ICR 2050-0024. The remaining burden will eventually be included in ICR 2050-0053, at which time this ICR will be withdrawn.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Cellulose Products Manufacturing (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), "NESHAP for Cellulose Products Manufacturing," EPA ICR No. 1974.08, OMB Control No. 2060-0488, to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through April 30, 2018. Public comments were previously requested, via the **Federal Register**, on June 29, 2017 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may neither conduct nor sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before March 28, 2018.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2014-0080, to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental

Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at

www.regulations.gov, or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: Owners and operators of affected facilities are required to comply with reporting and record keeping requirements for the General Provisions (40 CFR part 63, subpart A), as well as for the specific requirements at 40 CFR part 63, subpart UUUU. This includes submitting initial notifications, performance tests and periodic reports and results, and maintaining records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These reports are used by EPA to determine compliance with these standards.

Form numbers: None.

Respondents/affected entities: Cellulose products manufacturing plants.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart UUUU).

Estimated number of respondents: 13 (total).

Frequency of response: Initially and semiannually.

Total estimated burden: 12,200 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$1,280,000 (per year), which includes \$1,010 in either annualized capital and/or operation & maintenance costs.

Changes in the estimates: There is an adjustment increase in the total estimated burden and cost as currently identified in the OMB Inventory of Approved Burdens. This increase is not due to any program changes. The change in the respondent labor hour estimates occurred because of a change in assumption. This ICR assumes all existing respondents will have to familiarize with the regulatory requirements each year. The number of responses increased because this ICR accounts for semiannual wastewater reports in calculating the number of responses, correcting an inconsistency in the previous ICR.

Courtney Kerwin,

Director, Regulatory Support Division.

National Environmental Justice Advisory Council; Notification of Request for Nominations to the National Environmental Justice Advisory Council

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for nominations to the National Environmental Justice Advisory Council (NEJAC).

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates to be considered for appointment to its National Environmental Justice Advisory Council (NEJAC). The NEJAC was chartered to provide advice regarding broad, cross-cutting issues related to environmental justice. This notice solicits nominations to fill approximately four (4) new vacancies for terms through September, 2019. To maintain the representation outlined by the charter, nominees will be selected to represent: academia (2 vacancies); business and industry (1 vacancy); and state and local government (1 vacancy). Vacancies are anticipated to be filled by September 2018. Sources in addition to this **Federal Register** Notice will be utilized in the solicitation of nominees.

DATES: Nominations should be submitted in time to arrive no later than Friday, April 13, 2018.

ADDRESS: Submit nominations electronically with the subject line NEJAC Membership 2018 to nejac@epa.gov. You also may submit nominations by mail to: Karen L. Martin, NEJAC Program Manager, Office of Environmental Justice, U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW (MC 2201A), Washington, DC 20460. Non-electronic submissions must follow the same format and contain the same information. The Office of Environmental Justice will acknowledge receipt of nominations.

FOR FURTHER INFORMATION CONTACT:

Karen L. Martin, NEJAC Program Manager, U.S. EPA; email: martin.karenl@epa.gov; telephone: (202) 564-0203; or by fax: (202) 564-1624.

SUPPLEMENTARY INFORMATION: The NEJAC is a federal advisory committee chartered under the Federal Advisory Committee Act (FACA), Public Law 92-463. EPA established the NEJAC in 1993 to provide independent consensus advice to the EPA Administrator about a broad range of environmental issues related to environmental justice. The NEJAC conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations.

The Council consists of 30 members (including a Chairperson and two Vice-Chairpersons) appointed by EPA's Administrator. Members serve as non-federal stakeholders representing: Six (6) from academia, four (4) from business and industry; seven (7) from community based organizations; six (6) from non-governmental/environmental organizations; four (4) from state and local governments; and three (3) from tribal governments and indigenous organizations, of which one member serves as a liaison to the National Tribal Caucus. Members are appointed for one (1), two (2) or three (3)-year terms with the possibility of reappointment for another term.

The NEJAC usually meets face-to-face twice a year, generally in the Spring and the Fall. Additionally, members may be asked to participate in teleconference meetings or serve on work groups to develop recommendations, advice letters, and reports to address specific policy issues. The average workload for members is approximately 5 to 8 hours per month. EPA provides reimbursement for travel and other incidental expenses associated with official government business.

Nominations: Any interested person and/or organization may nominate qualified individuals for membership. The EPA values and welcomes
