

public interest. 82 FR 54413–14 (Nov. 17, 2017). On November 30, 2017, Nite Ize and OUII filed their responses to the Commission's notice and on December 7, 2017, OUII filed a reply to Nite Ize's response.

Having examined the record of this investigation, the Commission has determined to affirm, under modified reasoning, the ALJ's finding with respect to the economic prong of the domestic industry.

The Commission has determined that the appropriate form of relief in this investigation is (a) a general exclusion order directed against products that infringe one or more of claims 1, 11, and 12 of the '376 patent and claims 1, 11, and 12 of the '146 patent; and (b) cease and desist orders prohibiting Trendbox, Tenswall, REXS LLC, Minse, IdeaPro, LWANG, Novolad, Oumeiou, Pecham, Runshion, Scotabc, Tontek, Wekin, Anson, Newdreams, and IceFox from importing, selling, offering for sale, marketing, advertising, distributing, offering for sale, transferring (except for exportation), or soliciting U.S. agents or distributors of imported mobile device holders that infringe one or more of claims 1, 11, and 12 of the '376 patent and claims 1, 11, and 12 of the '146 patent. The Commission has further determined that the public interest factors enumerated in section 337(d)(1) (19 U.S.C. 1337(d)(1)) and in section 337(g)(1) (19 U.S.C. 1337(g)(1)) do not preclude the issuance of the general exclusion order and cease and desist orders, respectively. Finally, the Commission has determined that the bond for importation during the period of Presidential review shall be in the amount of 100 percent of the entered value of the imported subject articles of the respondents. The investigation is terminated.

The Commission's orders and opinion were delivered to the President and the United States Trade Representative on the day of their issuance.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: February 22, 2018.

Lisa R. Barton,

Secretary to the Commission.

SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services is the primary source of federal support for the nation’s approximately 120,000 libraries and 35,000 museums and related organizations. Our mission is to inspire libraries and museums to advance innovation, lifelong learning, and cultural and civic engagement. To learn more, visit www.imls.gov.

II. Current Actions

This action is to renew the forms and instructions for the IMLS Grants to States Program “State Program Reporting System” for the next three years. These forms include:

- SPR Reporting System User Documentation
- Grants to States Program Report
- Financial Status Report
- SPR Phase 3 Reporting
- State Legal Officer’s Certification of the Authorized Certifying Official
- Internet Safety Certification for Applicant Public Libraries, Public Elementary and Secondary School Libraries, and Consortia with Public and/or Public School Libraries

The Grants to States program is the largest source of Federal funding support for library services in the U.S. Using a population based formula, more than \$150 million is distributed among the State Library Administrative Agencies (SLAAs) every year. SLAAs are official agencies charged by law with the extension and development of library services, and they are located in:

- Each of the 50 States of the United States, and the District of Columbia;
- The Territories (the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and

- The Freely Associated States (the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau).

Each year, over 1,500 Grants to States projects support the purposes and priorities outlined in the Library Services and Technology Act (LSTA). (See 20 U.S.C. 9121 *et seq.*) SLAAs may use the funds to support statewide initiatives and services, and they may also distribute the funds through competitive subawards (subgrants or cooperative agreements) to public, academic, research, school, or special libraries or library consortia (for-profit and Federal libraries are not eligible). Each SLAA must submit a plan that details library services goals for a five-year period. (20 U.S.C. 9134). SLAAs must also conduct a five-year evaluation of library services based on that plan. These plans and evaluations are the foundation for improving practice and informing policy. Each SLAA receives IMLS funding to support the five year period through a series of overlapping, two year grant awards.

Each SLAA must file interim and final financial reports, as well as final performance reports for each of these two year grants. Since 2002, the final performance reporting has been accomplished through IMLS’ State Program Reporting (SPR) system. To improve how IMLS measures the impact of the Federal investment in the Grants to States program, IMLS and SLAAs have been partnering on a comprehensive planning and evaluation initiative called “Measuring Success.” This multi-year effort has fundamentally shifted the way in which Grants to States final report information is gathered and shared, and it is improving program accountability, reporting, evaluation, and assessment. The SPR has been developed in phases, in concert with a small group of SLAAs acting as pilots for each phase. Roughly, these phases corresponded to: Framework and question development;
