SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Telephone Point of Purchase Survey (TPOPS) information collection. The BLS administers the survey quarterly via a computer-assisted-telephone-interview. This survey is flexible and creates the possibility of introducing new products into the CPI in a timely manner. The data collected in this survey are necessary for the continuing construction of a current outlet universe from which locations are selected for the price collection needed for calculating the CPI. Furthermore, the TPOPS provides the weights used in selecting the items that are priced at these establishments. This sample design produces an overall CPI market basket that is more reflective of the prices faced and the establishments visited by urban consumers. The BLS Authorizing Statute authorizes this information collection. See 29 U.S.C. 2.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. I. Background

The Institute of Museum and Library Services is the primary source of federal support for the nation's approximately 120,000 libraries and 35,000 museums and related organizations. II. Current Actions

This action is to renew the forms and instructions for the IMLS Grants to States Program "Five Year State Plan Guidelines" for the next three years.

The Grants to States program is the largest source of Federal funding support for library services in the U.S. Using a population based formula, more than \$150 million is distributed among the State Library Administrative Agencies (SLAAs) every year. SLAAs are official agencies charged by law with the extension and development of library services, and they are located in:

- Each of the 50 States of the United States, and the District of Columbia;
- The Territories (the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and
- The Freely Associated States (the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau).

Each year, over 1,500 Grants to States projects support the purposes and priorities outlined in the Library Services and Technology Act (LSTA). (See 20 U.S.C. 9121 *et seq.*) SLAAs may use the funds to support statewide initiatives and services, and they may
