I. Funding Opportunity Description

Purpose of Program: The major purposes of the CSP are to expand opportunities for all students, particularly traditionally underserved students, to attend *charter schools* and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of public *charter schools*; increase the number of *high-quality charter schools* available to students across the United States; evaluate the impact of *charter schools* on student achievement, families, and communities; share best practices between *charter schools* and other public schools; encourage States to provide facilities support to *charter*

schools; and support efforts to strengthen the *charter school* authorizing process.

CSP—Grants to Charter School Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality Charter Schools (Developer Grants) are intended to support charter schools that serve early childhood, elementary school, or secondary school students by providing grant funds to eligible applicants for the opening of new charter schools (CFDA number 84.282B) and for the replication and expansion of *high-quality charter schools* (CFDA number 84.282E). Eligibility for a grant under this competition is limited to *charter school developers* in States that do not currently have a CSP State Entity grant (CFDA number 84.282A) under the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA). Eligibility in a State with a CSP State Educational Agency (SEA) grant under the ESEA, as amended by the No Child Left Behind Act of 2001 (NCLB) (CFDA number 84.282A) is limited to *charter school developers* applying for grants for the replication and expansion of *high-quality charter schools* (CFDA number 84.282E) and only if the Department has not approved an amendment to the SEA’s approved grant application authorizing the SEA to make subgrants for replication and expansion. *Charter schools* that receive financial assistance through Developer Grants provide programs of elementary or secondary education, or both, and may also serve students in *early childhood education programs* or postsecondary students.

Background: This notice invites applications from eligible applicants for two types of grants: (1) Grants to Charter School Developers for the Opening of New Charter Schools (CFDA number 84.282B) and (2) Grants to Charter School Developers for the Replication and Expansion of High-Quality Charter Schools (CFDA number 84.282E). Under this competition, each CFDA number, 84.282B and 84.282E, constitutes its own funding category. The Secretary intends to award grants under each CFDA number for applications that are of sufficient quality. Information pertaining to each type of grant is provided in subsequent sections of this notice.

The ESSA, enacted in December 2015, reauthorized and amended the ESEA. The amendments included significant changes affecting the CSP, including the
