(4) "Qualified adoption agency" means any of the following:

(i) A State or local government agency which has responsibility under State or local law for child placement through adoption.

(ii) A nonprofit, voluntary adoption agency which is authorized by State or local law to place children for adoption.

(iii) Any other source authorized by a State to provide adoption placement if the adoption is supervised by a court under State or local law.

(B) A certificate of citizenship has been issued for such child under section 322 of that Act (8 U.S.C. 1433).

(d) *Applying for reimbursement of qualifying adoption expenses.* An application for reimbursement must be submitted on a form prescribed for such purpose by VA. Information and documentation must include:

(1) A copy of the final adoption decree, certificate or court order granting the adoption. For U.S. adoptions, the court order must be signed by a judge unless either State law or local court rules authorize that the adoption order may be signed by a commissioner, magistrate or court referee. The covered veteran must submit a full English translation of any foreign language document, to include the translator's certification that he or she is competent to translate the foreign language to English and that his or her translation is complete and correct.

(2) For foreign adoptions, proof of U.S. citizenship of the child, including any of the following:

(i) A copy of Certificate of Citizenship.

(ii) A copy of a U.S. court order that recognizes the foreign adoption, or documents the re-adopting of the child in the United States.

adoption was handled by a qualified adoption agency include:

(i) A copy of placement agreement from the adoption agency showing the agreement entered into between the member and the agency.

(ii) A letter from the adoption agency stating that the agency arranged the adoption and that the agency is a licensed child placing agency in the United States.

(iii) Receipts for payment to the adoption agency, as well as proof, (e.g., a copy of the agency's web page), of the agency's status as a for-profit or non-profit licensed child placing agency.

(4) For foreign adoptions, documentation to show that the adoption was handled by a qualified adoption agency. In addition to the forms of acceptable proof that the adoption was handled by a qualified adoption agency listed in paragraph (d)(3) of this section, the documentation must also include:

(i) A document that describes the mission of the foreign agency and its authority from the foreign government to place children for adoption; and

(ii) A placement agreement from the adoption agency or letter from the adoption agency stating the specific services it provided for the adoption.

(5) Documentation to substantiate reasonable and necessary expenses paid by the covered veteran. Acceptable forms of documentation include receipts, cancelled checks, or a letter from the adoption agency showing the amount paid by the member. Receipts from a foreign entity should include the U.S. currency equivalency. Reconstruction of expense records is permissible when the original records are unavailable and the covered veteran submits a notarized affidavit stating the costs.

(6) Checking or savings account information to facilitate VA providing reimbursement to the covered veteran under this section.

(e) *Failure to establish eligibility.* If documents submitted by a covered veteran in support of an application for reimbursement do not establish eligibility for reimbursement or justify claimed expenses, VA will retain the application and advise the covered veteran of additional documentation needed. All requested documentation must be submitted to VA within 90 calendar days of VA request.

(f) *Authority.* Authority to provide reimbursement for qualifying adoption expenses incurred by a covered veteran in the adoption of a child under 18 years of age expires September 30, 2018.

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking final action to approve a revision to the Northern Sierra Air Quality Management District (NSAQMD) portion of the California State Implementation Plan (SIP). This revision concerns emissions of particulate matter (PM) from wood burning devices. We are approving a local rule that regulates these emission sources under the Clean Air Act (CAA or the Act).

**DATES:** This rule will be effective on April 4, 2018.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA-R09-OAR-2017-0404. All documents in the docket are listed on the <http://www.regulations.gov> website. ## I. Proposed Action

On November 3, 2017 (82 FR 51178) the EPA proposed to approve the following rule into the California SIP.

Local agency	Rule No.	Rule title	Adopted	Submitted
NSAQMD, City of Portola	Ordinance No. 344, Municipal Code Chapter 15.10 (except paragraphs 15.10.06(B), 15.10.090 and 15.10.100).	Wood Stove and Fireplace Ordinance.	06/22/16	01/24/17

We proposed to approve this rule because we determined that it complies with the relevant CAA requirements. Our proposed action contains more information on the rule and our evaluation.

## II. Public Comments and EPA Responses

The EPA's proposed action provided a 30-day public comment period. During this period, we received 18 comments. One commenter supported the proposed rulemaking. The remaining commenters generally raised issues that are outside of the scope of this rulemaking, including forest management, wildfire suppression, greenhouse-gas and other emissions from wildfires, the Cross-State Air Pollution Rule, and litigation fees. Commenters did not raise any specific issues germane to the approvability of the rule.

## III. EPA Action

No comments were submitted that change our assessment of the rule as described in our proposed action. Therefore, as authorized in section 110(k)(3) of the Act, the EPA is fully approving this rule into the California SIP.

## IV. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the City of Portola ordinance described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents available through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region IX Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

## V. Statutory and Executive Order Reviews

Under CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a).

Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible

methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or pre-empt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by May 4, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 63

[EPA–R01–OAR–2017–0343; A–1–FRL–9972–97–Region 1]

### Approval of Section 112(I) Authority for Hazardous Air Pollutants; Perchloroethylene Air Emission Standards for Dry Cleaning Facilities; State of Vermont

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking direct final action to grant the Vermont Department of Environmental Conservation (VT DEC) the authority to implement and enforce, with respect to area sources only, the Vermont Perchloroethylene Dry Cleaning Rule in place of the National Emissions Standards for Hazardous Air Pollutants for Perchloroethylene Dry Cleaning Facilities (Dry Cleaning NESHAP).

Pursuant to the Clean Air Act (CAA), the VT DEC submitted a request for approval to implement and enforce the Perchloroethylene Dry Cleaning Rule of the Vermont Air Pollution Control Regulations as a partial substitution for the National Emissions Standards for Hazardous Air Pollutants for Perchloroethylene Dry Cleaning Facilities (Dry Cleaning NESHAP), as it applies to area sources. EPA has reviewed this request and has determined that the Vermont Perchloroethylene Dry Cleaning Rule satisfies the requirements necessary for partial rule substitution. Thus, EPA is hereby granting VT DEC’s request. This action does not affect the authority of any party to implement and enforce the Dry Cleaning NESHAP with respect to major source dry cleaners. This approval makes the Vermont Perchloroethylene Dry Cleaning Rule federally enforceable in Vermont.

**DATES:** This direct final rule will be effective June 4, 2018, unless EPA receives adverse comments by April 4, 2018. If EPA receives adverse comment, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect. The incorporation by reference of certain publications listed in the rule is approved by the Director of the Federal Register as of June 4, 2018.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA–R01–OAR–2017–0343 at <http://www.regulations.gov>, or via email to [lancey.susan@epa.gov](mailto:lancey.susan@epa.gov). For comments submitted at [Regulations.gov](http://www.regulations.gov), follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from [Regulations.gov](http://www.regulations.gov). For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. For the full EPA public comment policy, information about CBI or multimedia

submissions, and general guidance on making effective comments, please visit <http://www.epa.gov/dockets/commenting-epa-dockets>.

### I. General Information

#### A. Why is the EPA using a direct final rule?

The EPA is publishing this action without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. However, in the proposed rules section of this **Federal Register** publication, EPA is publishing a separate document that will serve as the proposal to approve the state rule should adverse comments be filed.

If the EPA receives such comments, then EPA will publish a notice withdrawing the direct final rule and informing the public that the rule will not take effect. All public comments received will then be addressed in a subsequent final rule based on the proposed rule. The EPA will not institute a second comment period on the proposed rule.
