SUPPLEMENTARY INFORMATION:

I. Meeting Details and Agenda

The GPAC will be considering the proposed rule titled, "Safety of Gas Transmission and Gathering Pipelines," which was published in the **Federal Register** on April 8, 2016, (81 FR 20722) and on the associated regulatory analysis. In the proposed rule, PHMSA proposed the following changes to Part 192:

- Require periodic assessments of pipelines in locations where persons are expected to be at risk that are not already covered under the integrity management (IM) program requirements.

- Modify the repair criteria, both inside and outside of high consequence areas.

- Require inspections of pipelines in areas affected by extreme weather, man-made and natural disasters, and other similar events.

- Provide additional specificity for in-line inspections, including explicit requirements to account for uncertainty of reported inspection data when evaluating in-line inspection data to identify anomalies.

- Expand integrity assessment methods to explicitly address guided wave ultrasonic inspection and excavation with direct in-situ examination.

- Provide clearer functional requirements for conducting risk assessments for IM, including addressing seismic risks.

- Expand the mandatory data collection and integration requirements for IM, including data validation and seismicity.

- Add requirements to address management of change.

- Repeal the use of API

Recommended Practice 80 for gathering lines.

- Apply Type B requirements along with emergency requirements to newly regulated greater than 8-inch Type A gathering lines in Class 1 locations (GAO Recommendation 14-667).

- Extend the reporting requirements to all gathering lines.

- Expand requirements for corrosion protection to specify additional post-construction quality checks, and periodic operational and maintenance checks to address coating integrity, cathodic protection, and gas quality monitoring.

- Require operators to report maximum allowable operating pressure exceedances.

- Require safety features on in-line inspection tool launchers and receivers.

- Add certain types of roadways to the definition of "identified sites" (NTSB P-14-1).

- Address grandfathered pipe and pipe with inadequate records.

The GPAC meeting agenda will include a discussion and votes on the following topics as time permits:

- Issues not finalized during the March 2, 2018, meeting.

- MAOP Reconfirmation.

- Repair Criteria.

- Miscellaneous Issues and Definitions.

In addition, PHMSA will use this meeting to discuss the strategy for addressing the issues relative to gas gathering pipelines in the proposed rule.

II. Committee Background

The GPAC is a statutorily mandated advisory committee that advises PHMSA on proposed gas pipeline safety standards and their associated risk assessments. The committee is established in accordance with the Federal Advisory Committee Act (5 U.S.C. App. 2, as amended) and 49 U.S.C. 60115. The committee consists of 15 members with membership evenly divided among federal and state governments, the regulated industry, and the general public. The committee advises PHMSA on the technical feasibility, reasonableness, cost-effectiveness, and practicability of each proposed pipeline safety standard.

Issued in Washington, DC, on March 1, 2018, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.

BILLING CODE 4910-60-P

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

[Docket No. DOT-OST-2018-0031]

Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: Office of the Secretary (OST), Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Department of Transportation's (DOT) Office of the Secretary (OST) announces its plan to submit the Information Collection Request (ICR) described

below to the Office of Management and Budget (OMB) for its review and approval and invites public comment. Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that our programs are effective and meet our customers' needs, the Department of Transportation (DOT) seeks to obtain OMB approval of a generic clearance to collect feedback on our service delivery. **DATES:** Comments on this notice must be received by May 7, 2018.

ADDRESSES: Your comments should be identified by Docket No. DOT-OST-2018-0031 and may be submitted through one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov> Follow the online instructions for submitting comments.

- *Fax:* 1-202-493-2251.

- *Mail or Hand Delivery:* Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except on Federal holidays.

All written comments will be available for public inspection on [Regulations.gov](http://www.regulations.gov).

FOR FURTHER INFORMATION CONTACT:

Habib Azarsina, Office of the Chief Information Officer, Office of the Secretary, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC, 20590, 202-366-1965 (Voice), 202-366-7870 (Fax), or habib.azarsina@dot.gov.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Department's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insight into customer or stakeholder perceptions, opinions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Department of Transportation and its

customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management. Feedback or information collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population.

The Department will submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary.
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government.

- The collections are noncontroversial and do not raise issues of concern to other Federal agencies.
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future.

- Personally identifiable information (PII) is collected only to the extent necessary and is not retained.

- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the Department (if released, the Department must indicate the qualitative nature of the information).

This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential nonresponse bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Type of Review: New.

Affected Public: Individuals and households, businesses and organizations, State, Local or Tribal Governments.

Estimated Number of Respondents: 6,000.

Estimated Annual Responses: 2,000.

Estimated Annual Burden Hours: 2,000 hours.

Frequency: One-time requirement.

Issued in Washington, DC, on February 27, 2018.

Habib Azarsina,

OST Privacy & PRA Officer, Office of the Chief Information Officer.

BILLING CODE 4910-9X-P

DEPARTMENT OF TREASURY

Internal Revenue Service

Electronic Tax Administration Advisory Committee (ETAAC)

AGENCY: Internal Revenue Service, Department of Treasury.

ACTION: Notice.

SUMMARY: The charter for the Electronic Tax Administration Advisory Committee (ETAAC) was renewed on February 27, 2018, in accordance with the Federal Advisory Committee Act (FACA).

FOR FURTHER INFORMATION CONTACT: Michael Deneroff at (202) 317-6851, or send an email to publicliaison@irs.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the charter for the Electronic Tax Administration Advisory Committee (ETAAC) was renewed on February 27, 2018, in accordance with the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2.

The establishment and operation of the Electronic Tax Administration Advisory Committee (ETAAC) is required by the Internal Revenue Service (IRS) Restructuring and Reform Act of 1998 (RRA 98), Title II, Section 2001(b)(2).

The purpose of the ETAAC is to provide continued input into the development and implementation of the IRS organizational strategy for electronic tax administration. The ETAAC will provide an organized public forum for discussion of electronic tax administration issues such as prevention of identity theft and refund fraud in support of the overriding goal that paperless filing should be the preferred and most convenient method of filing tax and information returns. The ETAAC members will convey the public's perceptions of IRS electronic tax administration activities, offer constructive observations about current or proposed policies, programs and procedures, and suggest improvements.

Dated: February 28, 2018.

John Lipold,

ETAAC Designated Federal Official.

BILLING CODE 4830-01-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Collection; Comment Request for Regulation Project

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Internal Revenue Service, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. The IRS is soliciting comments concerning guidance necessary to facilitate business electronic filing under section 1561, guidance necessary to facilitate business electronic filing and reduction, guidance necessary to facilitate business election filing; finalization of controlled group qualification rules, and limitations on the importation of net built-in Losses.

DATES: Written comments should be received on or before May 7, 2018 to be assured of consideration.

ADDRESSES: Direct all written comments to Laurie Brimmer, Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the regulation should be directed to Sara Covington, (202) 317-6038, Internal Revenue Service, Room 6526, 1111 Constitution Avenue NW, Washington, DC 20224, or through the internet at Sara.L.Covington@irs.gov.

SUPPLEMENTARY INFORMATION:

Title: T.D. 9304—Guidance Necessary to Facilitate Business Electronic Filing Under Section 1561, T.D. 9329—Guidance Necessary to Facilitate Business Electronic Filing and Burden Reduction, T.D. 9451—Guidance Necessary to Facilitate Business Election Filing; Finalization of Controlled Group Qualification Rules and T.D. 9759—Limitations on the Importation of Net Built-In Losses.
