U.S. Endangered Species; Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications for a permit to conduct activities intended to recover and enhance endangered species survival. With some exceptions, the Endangered Species Act of 1973, as amended (ESA), prohibits certain activities that may impact endangered species unless a Federal permit allows such activity. The ESA also requires that we invite public comment before issuing these permits.

DATES: To ensure consideration, please send your written comments by April 9, 2018.

ADDRESSES: Request documents or submit comments to Susan Jacobsen, Chief, Classification and Restoration

Division, by U.S. mail at Classification and Recovery Division, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, NM 87103. Please specify the permit you are interested in by number (*e.g.*, Permit No. TE-123456).

FOR FURTHER INFORMATION CONTACT: Susan Jacobsen, Chief, Classification and Restoration Division, by U.S. mail at P.O. Box 1306, Albuquerque, NM 87103; or by telephone at 505-248-6641.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications for a permit to conduct activities intended to recover and enhance endangered species survival. With some exceptions, the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*; ESA), prohibits certain activities that may impact endangered species, unless a Federal permit allows such activity. The ESA also requires that we invite public comment before issuing these permits.

Background

The ESA prohibits certain activities with endangered and threatened species unless a Federal permit authorizes them. The ESA and our implementing regulations in Code of Federal Regulations (CFR) title 50, part 17, provide for issuing such permits and require that we invite public comment before issuing permits for activities involving endangered species.

A recovery permit we issue under the ESA, section 10(a)(1)(A), authorizes the permittee to conduct activities with

endangered or threatened species for scientific purposes that promote recovery or enhance the species' propagation or survival. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

In accordance with the ESA, section 10(c), we invite public comment on these permit applications before we take final action.

Applications Available for Review and Comment

We invite local, State, Tribal, and Federal agencies and the public to comment on the following applications. Please refer to the permit number for the application when submitting comments.

Documents and other information submitted with these applications are available for review by any party who submits a written request to the Program Manager for Restoration and Endangered Species Classification at the address in the **ADDRESSES** section. Requests must be submitted within 30 days of this notice's publication date. Releasing documents is subject to Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552) requirements.
