

**ACTION:** Notice of request to release airport property.

**SUMMARY:** The FAA proposes to rule and invite public comment on the release of land at the Arapahoe County Public Airport, Englewood, CO.

**DATES:** Comments must be received on or before April 9, 2018.

**ADDRESSES:** Comments on this application may be mailed or delivered to the FAA at the following address: Mr. John P. Bauer, Manager, Federal Aviation Administration, Northwest Mountain Region, Airports Division, Denver Airports District Office, 26805 E 68th Avenue, Suite 224, Denver, CO 80249-6361.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Robert Olislagers, Arapahoe County Public Airport, Englewood, CO, at the following address:

Mr. Robert Olislagers, Chief Executive Officer, Arapahoe County Public Airport, 7800 South Peoria Street, Unit G1, Englewood, CO 80112

**FOR FURTHER INFORMATION CONTACT:** Mr. Marc Miller, Colorado Engineer/ Compliance Specialist, Federal Aviation Administration, Northwest Mountain Region, Denver Airports District Office, 26805 E 68th Avenue, Suite 224, Denver, CO 80249-6361.

The request to release property may be reviewed, by appointment, in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA invites public comment on the request to release property at the Arapahoe County Public Airport under the provisions of the AIR 21 (49 U.S.C. 47107(h)(2)).

On February 27, 2018, the FAA determined that the request to release property at the Arapahoe County Public Airport submitted by the Arapahoe County Public Airport meets the procedural requirements of the Federal Aviation Administration.

The following is a brief overview of the request:

The Arapahoe County Public Airport is proposing the release from the terms, conditions, reservations, and restrictions on approximately 27.766 acres of federally obligated land at the Arapahoe County Public Airport. This land was originally purchased in 2007 as part of a larger deal to obtain a restrictive covenant over several tracts of developable land near the airport that were slated for residential use. The 27.766 acres being proposed for release was never intended for aeronautical development and has been advertised for lease since the original purchase

without any success. However, several buyers have approached the airport with interest in purchasing the land for compatible uses. The property will be sold at fair market value and the sponsor will reinvest the revenue into the airport. The property release conveyance will include appropriate continuing right of flight and continuing restriction clauses that will prohibit any activity on the land that would interfere with or be a hazard to the flight of aircraft over the land or to and from the airport, or that interferes with air navigation and communications facilities serving the airport.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon appointment and request, inspect the application, notice and other documents germane to the application in person at the Arapahoe County Public Airport.

Issued in Denver, CO, on February 27, 2018.

**John P. Bauer,**  
Manager, Denver Airports District Office.

#### Notice of Request To Release Airport Property

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of intent to rule on request to release airport property at Iowa City Municipal Airport, Iowa City, Iowa.

**SUMMARY:** The FAA proposes to rule and invites public comment on the release of land at Iowa City Municipal Airport, Iowa City, Iowa.

**DATES:** Comments must be received on or before April 9, 2018.

**ADDRESSES:** Comments on this application may be mailed or delivered to the FAA at the following address: Lynn D. Martin, Airports Compliance Specialist, Federal Aviation Administration, Airports Division, ACE-610C, 901 Locust Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Michael Tharp C.M., Airport Operations Specialist, 1801 S. Riverside Dr., Iowa City, IA 52246, (319) 356-5045, Ext 5.

**FOR FURTHER INFORMATION CONTACT:** Lynn D. Martin, Airports Compliance

Specialist, Federal Aviation Administration, Airports Division, ACE-610C, 901 Locust Room 364, Kansas City, MO 64106, (816) 329-2644, [lynn.martin@faa.gov](mailto:lynn.martin@faa.gov). The request to release property may be reviewed, by appointment, in person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA invites public comment on the request to release approximately 0.42+ acres of airport property at Iowa City Municipal Airport (IOW) under the provisions of 49 U.S.C. 47107(h)(2). On June 30, 2017, the Airport Operations Specialist at Iowa City Municipal Airport requested from the FAA that approximately 0.42+ acres of property be released for sale to Harry Hinckley for use as a parking lot for his employees or other purposes consistent with the zoning ordinances of the City. On March 1, 2018, the FAA determined that the request to release property at Iowa City Municipal Airport (IOW) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

Iowa City Municipal Airport (IOW) is proposing the release of airport property totaling 0.42 acres, more or less. This land is to be used for a parking lot for business employees. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at Iowa City Municipal Airport (IOW) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation facilities at Iowa City Municipal Airport.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to

the application in person at Iowa City Municipal Airport.

Issued in Kansas City, MO, on March 1, 2018.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The VIS Working Group is an advisory committee established in accordance with Section 10 of the Protecting Our Infrastructure of Pipelines and Enhancing Safety Act of 2016 (Pub. L. 114-183), the Federal Advisory Committee Act of 1972 (5 U.S.C., App. 2, as amended), and 41 CFR 102-3.50(a).

##### II. Meeting Details and Agenda

The VIS Working Group agenda will include briefings on topics such as mandate requirements, integrity management, data types and tools, in-line inspection repair and other direct assessment methods, geographic information system implementation, subcommittee considerations, lessons learned, examples of existing information-sharing systems, safety management systems, and more. As part of its work, the committee will ultimately provide recommendations to the Secretary, as required and specifically outlined in Section 10 of Public Law 114-183, addressing:

(a) The need for, and the identification of, a system to ensure that dig verification data are shared with in-line inspection operators to the extent consistent with the need to maintain proprietary and security-sensitive data in a confidential manner to improve pipeline safety and inspection technology;

(b) Ways to encourage the exchange of pipeline inspection information and the development of advanced pipeline inspection technologies and enhanced risk analysis;

(c) Opportunities to share data, including dig verification data between operators of pipeline facilities and in-line inspector vendors to expand knowledge of the advantages and disadvantages of the different types of in-line inspection technology and methodologies;

(d) Options to create a secure system that protects proprietary data while encouraging the exchange of pipeline inspection information and the development of advanced pipeline inspection technologies and enhanced risk analysis;

(e) Means and best practices for the protection of safety and security-
