SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82843; File No. SR-CboeBZX-2017-006]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of a Series of the Cboe Vest S&P 500 Enhanced Growth Strategy ETF Under the ETF Series Solutions Trust Under Rule 14.11(c)(3), Index Fund Shares

March 9, 2018.

I. Introduction

On November 21, 2017, Cboe BZX Exchange, Inc. ("Exchange" or "BZX") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade, under BZX Rule 14.11(c)(3), shares ("Shares") of a series of the Cboe Vest S&P 500[®] Enhanced Growth Strategy ETF (individually, "Fund," and, collectively, "Funds") under the ETF Series Solutions Trust ("Trust"). The proposed rule change was published for comment in the **Federal Register** on December 11, 2017.³ On January 22, 2018, the Commission extended the time period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change to March 11, 2018.⁴ The Commission has received no comment letters on the proposed rule change. This order

institutes proceedings under Section 19(b)(2)(B) of the Act⁵ to determine whether to disapprove the proposed rule change.

II. Exchange's Description of the Proposed Rule Change⁶

The Exchange proposes to list and trade the Shares of the Funds under BZX Rule 14.11(c)(3), which governs the listing and trading of Index Fund Shares. In total, the Exchange is proposing to list and trade Shares of twelve monthly series of the Cboe Vest S&P 500[®] Enhanced Growth Strategy ETF. Each Fund will be an index-based exchange traded fund ("ETF"). The Funds will include the following: Cboe Vest S&P 500[®] Enhanced Growth Strategy (January) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (February) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (March) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (April) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (May) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (June) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (July) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (August) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (September) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (October) ETF; Cboe Vest S&P 500[®] Enhanced Growth Strategy (November) ETF; and Cboe Vest S&P 500[®] Enhanced Growth Strategy (December) ETF. Each Fund will be based on the Cboe S&P 500 Enhanced Growth Index (Month) Series, where "Month" is the corresponding month associated with the roll date of the applicable Fund (each an "Index" and, collectively, the "Indexes").

The Shares will be offered by the Trust, which was established as a Delaware statutory trust on February 9, 2012. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Funds on Form N-1A ("Registration Statement") with the Commission.⁷ The Funds'

adviser will be Cboe Vest Financial, LLC (“Adviser”), and the index provider will be Cboe Exchange, Inc. (“Cboe Options” or “Index Provider”).

Each Fund’s investment objective is to track, before fees and expenses, the performance of its respective Index. The value of each Index is calculated daily by Cboe Options utilizing an option valuation model. The Exchange is submitting this proposed rule change because the Indexes for the Funds do not meet the listing requirements of BZX Rule 14.11(c)(3) applicable to an index that consists of equity securities. Specifically, the Indexes for the Funds do not meet the listing requirements of BZX Rule 14.11(c)(3) because the Indexes consist of options based on an index of U.S. Component Stocks.⁸

Cboe Vest S&P 500® Enhanced Growth Strategy Indexes

Each Index is a rules-based options index that consists exclusively of FLEXible EXchange Options on the S&P 500 Index (“FLEX Options”) listed on Cboe Options.⁹ The Indexes are designed to provide exposure to the large capitalization U.S. equity market with similar volatility and downside risks to traditional equity indices, but higher upside potential in market environments with modest gains over the course of one year. On a specified day of the applicable month for each Index (the “Roll Date”),¹⁰ the applicable Index implements a portfolio of put and call FLEX Options with expirations on the next Roll Date that, if held to such Roll Date, seeks to match any decline in the value of the S&P 500 Index, while providing enhanced appreciation of twice the positive return of the S&P 500 Index up to a maximum capped gain in the value of the S&P 500 Index (“Capped Level”). The Capped Level is calculated as of each Roll Date based on the prices of the applicable FLEX Options, such that the value of the

issued and any conditions contained therein are satisfied.

⁸ As defined in Rule 14.11(c)(1)(D), the term “U.S. Component Stock” means an equity security that is registered under Sections 12(b) or 12(g) of the Act, or an American Depositary receipt, the underlying equity security of which is registered under Sections 12(b) or 12(g) of the Act.

⁹ Additional information about the Indexes and methodology is available on the Index Provider’s website at www.cboe.com.

¹⁰ Each of the twelve Indexes is designed to provide returns over a defined year long period and, thus, there is an Index associated with each month. As such, the Roll Date for a specific Index is dependent on the monthly series for which the Index is associated. For example, the Roll Date for the Cboe® S&P 500® Enhanced Growth Index January Series is in January and the Roll date for the Cboe® S&P 500® Enhanced Growth Index February Series is in February, a pattern which continues through the rest of the calendar year.

portfolio of FLEX Options that comprises each Index is equivalent to the value of a portfolio comprised of the S&P 500 Index constituents. As of the 2017 Roll Date, the Capped Level for the January Index was 18%, meaning that the January Index is designed to provide twice the positive return of the S&P 500 Index up to a maximum 18% gain in the value of the Index (9% gain in the value of the S&P 500 Index) from the 2017 Roll Date to the 2018 Roll Date, but to not provide any participation for gains in the value of the S&P 500 Index in excess of 9% (*i.e.*, no opportunity for gains in the value of the Index in excess of 18%).

Each Index is designed to provide the following outcomes between Roll Dates:

- *If the S&P 500 declines any amount:* the Index declines the same amount as the S&P 500 Index;
- *If the S&P 500 appreciates between 0% and half of the Capped Level:* the Index appreciates twice the amount as the S&P 500 Index (*e.g.*, if the S&P 500 Index returns 7%, the Index is designed to return 14%); and
- *If the S&P 500 appreciates more than half of the Capped Level:* the Index appreciates the same amount as the Capped Level.

Each Index includes a mix of purchased and written (sold) put and call FLEX Options structured to achieve the results described above. Such results are only applicable for each full 12-month period from one Roll Date to the next Roll Date, and the Index may not return such results for shorter or longer periods. The value of each Index is calculated daily by Cboe Options utilizing a rules-based options valuation model.

Holdings of the Funds

Under Normal Market Conditions,¹¹ each Fund will seek to track the total return performance, before fees and expenses, of its respective Index. Under Normal Market Conditions, each Fund will invest all, or substantially all, of its assets in the FLEX Options that make up each respective underlying Index, standardized U.S. exchange-listed options contracts based on the S&P 500 (“S&P 500 Index Options”), U.S. exchange-listed options based on one or more ETFs¹² that track the performance

¹¹ The term “Normal Market Conditions” includes, but is not limited to, the absence of trading halts in the applicable financial markets generally; operational issues causing dissemination of inaccurate market information or system failures; or force majeure type events such as natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

¹² For purposes of this proposal, the term ETF means Portfolio Depositary Receipts and Index

of the S&P 500 Index and have the same economic characteristics as the FLEX Options that make up each Index (“Comparable ETF Options”),¹³ as well as cash and cash equivalents.¹⁴ Under Normal Market Conditions, at least 80% of each Fund’s total assets (exclusive of any collateral held from securities lending) will be invested in the FLEX Options that make up the Index. The Funds will hold only FLEX Options, S&P 500 Index Options, Comparable ETF Options, and cash and cash equivalents. The FLEX Options owned by each Fund will have the same terms (*i.e.*, same strike price and expiration) for all investors of that Fund within an outcome period. The Capped Level is determined with respect to the applicable Index on the inception date of the applicable Fund and at the beginning of each outcome period.

III. Proceedings To Determine Whether To Disapprove SR-CboeBZX-2017-006 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act¹⁵ to determine whether the proposed rule change should be approved or disapproved. Institution of such proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Fund Shares as defined in BZX Rules 14.11(b) and 14.11(c), respectively, and their equivalents on other national securities exchanges.

¹³ The term “Comparable ETF Options” will at any time include only the five ETFs based on the S&P 500 Index with the greatest options consolidated average daily exchange trading volume for the previous quarter.

¹⁴ For purposes of this filing, cash equivalents are short-term instruments with maturities of less than three months, including: (i) U.S. Government securities, including bills, notes, and bonds differing as to maturity and rates of interest, which are either issued or guaranteed by the U.S. Treasury or by U.S. Government agencies or instrumentalities; (ii) certificates of deposit issued against funds deposited in a bank or savings and loan association; (iii) bankers acceptances, which are short-term credit instruments used to finance commercial transactions; (iv) repurchase agreements and reverse repurchase agreements; (v) bank time deposits, which are monies kept on deposit with banks or savings and loan associations for a stated period of time at a fixed rate of interest; (vi) commercial paper, which are short-term unsecured promissory notes; and (vii) money market funds.

¹⁵ 15 U.S.C. 78s(b)(2)(B).

Pursuant to Section 19(b)(2)(B) of the Act,¹⁶ the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposal's consistency with Section 6(b)(5) of the Act,¹⁷ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to protect investors and the public interest.

Under the proposal, each Fund's investment objective is to track, before fees and expenses, the performance of its respective Index, each of which consists of a hypothetical portfolio of purchased and written (sold) put and call FLEX Options structured to participate in market gains and losses of the S&P 500 Index within pre-determined ranges that are only applicable for a full 12-month period from one Roll Date to the next Roll Date. Specifically, on each Roll Date, the applicable Index implements a portfolio of put and call FLEX Options with expirations on the next Roll Date that, *if held to such Roll Date*, seeks to match any decline in the value of the S&P 500 Index, while providing enhanced appreciation of twice the positive return of the S&P 500 Index up to a Capped Level. Because of these Index characteristics, the Index outcomes that each Fund seeks to track are best realized if the Shares are bought at the initial Roll Date and sold at the expiration of the next Roll Date. The Commission notes, however, that market participants may buy or sell Shares of the Funds at any time, not only at the initial or expiration of a Roll Date. Consequently, with respect to the pricing of the Shares at any time other than the commencement or the expiration of a Roll Date, the Commission seeks commenters' views on the sufficiency of the information provided in the proposed rule change to support a determination that the listing and trading of the Shares would be consistent with Section 6(b)(5) of the Act.

IV. Procedure: Request for Written Comments

Interested persons are invited to submit written views, data, and arguments concerning the foregoing, including whether the proposed rule change is consistent with Section 6(b)(5) or any other provision of the Act, or the rules and regulations thereunder.

Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4 under the Act, any request for an opportunity to make an oral presentation.¹⁸

Interested persons are invited to submit written data, views, and arguments regarding whether the proposal should be approved or disapproved by April 4, 2018. Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by April 18, 2018.
