

these companies. Accordingly, we are rescinding this review, in part, with respect to these companies, pursuant to 19 CFR 351.213(d)(1).

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For Leviathan and Maxon, the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: March 12, 2018.

Results, and for the reasons explained in the I&D Memo, we revised the margin calculation for Stanley. Accordingly, for the final results, Commerce has updated the margin to be assigned to companies eligible for a separate rate as the revised margins for the sole mandatory respondent, Stanley, whose margin is not zero, *de minimis*, or based on facts available. The Surrogate Values Memo contains further explanation of our changes to the surrogate values selected for Stanley's factors of production.¹⁶ For a list of all issues addressed in these final results, please refer to the Appendix accompanying this notice.

Final Determination of No Shipments

In the Preliminary Results, Commerce preliminarily determined that two companies, Mingguan Ruifeng Hardware Products Co., Ltd. (Mingguan Ruifeng) and Shandong Oriental Cherry Hardware Import & Export Co., Ltd. (Cherry Hardware Import & Export), did not have any reviewable transactions during the POR. Consistent with Commerce's assessment practice in non-market economy (NME) cases, we completed the review with respect to Mingguan Ruifeng and Cherry Hardware Import & Export. Based on the certifications submitted by the aforementioned companies, and our analysis of CBP information, we continue to determine that these companies did not have any reviewable transactions during the POR. As noted in the "Assessment Rates" section below, Commerce intends to issue appropriate instructions to CBP for the above-named companies based on the final results of this review.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Act. In the Preliminary Results, the Department calculated constructed export prices in accordance with section 772 of the Act. Because China is a nonmarket economy (NME) within the meaning of section 771(18) of the Act, normal value is calculated in accordance with section 773(c) of the Act. We have not received any information since the issuance of the Preliminary Results that provides a basis for reconsidering this determination. For a full description of the

methodology underlying our conclusions, see the Preliminary Decision Memorandum, available at <http://enforcement.trade.gov/frn/>.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after publication

of the final results of this administrative review.

Where the respondent reported reliable entered values, we calculated importer- (or customer-) specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer).¹⁷ Where Commerce calculated a weighted-average dumping margin by dividing the total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, Commerce will direct CBP to assess importer-specific assessment rates based on the resulting per-unit rates.¹⁸ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is greater than *de minimis* (i.e., 0.50 percent), Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁹ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁰ We intend to instruct CBP to liquidate entries containing subject merchandise exported by the China-wide entity at the China-wide rate.

For respondents that were not selected for individual examination in this administrative review and which qualified for a separate rate, the assessment rate is equal to the weighted-average dumping margin assigned to Stanley, 5.98 percent.

Pursuant to Commerce's assessment practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide entity rate. Additionally, if Commerce determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (i.e., at that exporter's rate) will be liquidated at the China-wide entity rate.²¹

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or

withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be the rate established in the final results of review (except, if the rate is zero or *de minimis*, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed China and non-China exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all China exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 118.04 percent; and (4) for all non-China exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the China exporters that supplied that non-China exporter. The deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

We intend to disclose the calculations performed regarding these final results within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: March 9, 2018.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
