

Currency regarding these accounting changes.

The commenter noted that the proposal to add a reporting threshold of \$10 billion or more in total trading assets on Schedule HC–D, memorandum items 2 through 10, and the proposal to add a reporting threshold of \$10 million or more in total trading assets in any of the four preceding calendar quarters on Schedule HC–K, line item 4, should be updated to add language for meeting the FDIC’s definition of a large or highly complex institution,³ similar to a Call Report change that is effective, June 30, 2018. In response, the Board will not require institutions that meet the FDIC’s definition of a large or highly complex institution that is used for deposit insurance assessment purposes to report these items because these data are not needed at the holding company level; however, the Board will allow these institutions to provide the data on a voluntary basis if it is easier to be consistent with their Call Report filings. Additionally, the commenter asked for clarification on whether the proposed \$10 billion threshold on Schedule HC–D, memorandum items 2 through 10, is based on the prior four quarters or a point in time. In response, the report form has been revised to indicate that this reporting threshold is based on trading assets as of the end of each quarter.

The commenter noted several inconsistencies on the FR Y–9C instructions when compared to the Call Report pertaining to the implementation of equity securities and various other line item discrepancies. The Call Report instructions were updated after the publication of the FR Y–9 proposal. The Board agrees with these changes and has revised the FR Y–9C family of forms so that they align all applicable line items to the Call Report. Additional editorial updates to the report form and instructions have been made to address the comments pertaining to the FR Y–9LP report.

The revisions will be implemented, as proposed, with the changes in response to the comment noted above. Modifications for all changes would be effective for reports reflecting the June 30, 2018, report date, except that the modifications for equity securities would be effective for reports reflecting the March 31, 2018, report date.

³ Schedule RC–O, Memoranda item 6 of the Call Report instructions has detailed information on the FDIC’s definition of a large or highly complex institution.

Board of Governors of the Federal Reserve System, March 15, 2018.

Ann E. Misback,

Secretary of the Board.
