**SUMMARY:** The FAA is considering a proposal to change 70 acres of airport land from aeronautical use to non-aeronautical use of airport property located at Fort Wayne International, Fort Wayne, IN. The aforementioned land is not needed for aeronautical use.

Fort Wayne International Airport (FWA) proposes to release approximately 70 acres of land located on the northwest corner of existing airport property. The land is located to the southwest of the intersection of Smith Road and the Airport Expressway. The land to be released is comprised of Tract 5 and Tract 6 as described in the survey. The sale of these parcels would allow the Sponsor to further financially support airfield improvement projects. Of the tracts proposed for release, none were acquired with FAA Funding.
