(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the Project docket number (CP17–101–

000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

(4) In lieu of sending written or electronic comments, the Commission

invites you to attend one of the public comment sessions its staff will conduct in the Project area to receive comments on the draft EIS, scheduled as follows:

Date and time	Location
Wednesday, April 25, 5:00 to 9:00 p.m	George Bush Senior Center, 1 Old Bridge Plaza, Old Bridge, NJ 08857, (732) 721–5600.
Thursday, April 26, 5:00 to 9:00 p.m	Best Western Gregory Hotel, 8315 4th Avenue, Brooklyn, NY 11209, (718) 238–3737.
Wednesday, May 2, 5:00 to 9:00 p.m	Franklin Township Community Center, 505 Demott Lane, Somerset, NJ 08873, (732) 873–1991.
Thursday, May 3, 5:00 to 9:00 p.m	Solanco High School, 585 Solanco Road, Quarryville, PA 17566, (717) 786–2151.

The primary goal of these comment sessions is to have you identify the specific environmental issues and concerns with the draft EIS. Individual verbal comments will be taken on a one-on-one basis with a court reporter. This format is designed to receive the maximum amount of verbal comments in a convenient way during the timeframe allotted.

Each comment session is scheduled from 5:00 p.m. to 9:00 p.m. Eastern Time Zone. You may arrive at any time after 5:00 p.m. There *will not* be a formal presentation by Commission staff when the session opens. The Commission staff will hand out numbers to those who wish to speak in the order of their arrival until 8:00 p.m. If no additional numbers have been handed out and all individuals who wish to provide comments have had an opportunity to do so, staff may conclude the session at 8:00 p.m.

Your verbal comments will be recorded by the court reporter (with FERC staff or representative present) and become part of the public record for this proceeding. Transcripts will be publicly available on FERC’s eLibrary system (see below for instructions on using eLibrary). If a significant number of people are interested in providing verbal comments in the one-on-one settings, a time limit of 3 to 5 minutes may be implemented for each commenter.

It is important to note that written comments mailed to the Commission and those submitted electronically are reviewed by staff with the same scrutiny and consideration as the verbal comments given at the public sessions. Although there will not be a formal presentation, Commission staff will be available throughout the evening to answer your questions about the environmental review process.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission’s Rules of Practice and

Procedures (18 CFR part 385.214).³ Only intervenors have the right to seek rehearing of the Commission’s decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Take notice that on March 15, 2018, Wyoming Interstate Company, L.L.C. (WIC), Post Office Box 1087, Colorado Springs, Colorado 80944, filed a prior notice request pursuant to sections 157.205, 157.208(b), and 157.210 of the Commission’s regulations under the Natural Gas Act for authorization to increase the available horsepower (hp) at its existing WIC Cheyenne Compressor Station located at the Cheyenne Hub in Weld County, Colorado. The proposed modification will allow an additional 220,000 dekatherm per day of capacity from its receipt at the Flying Hawk Interconnect. The project will allow additional volumes to be received at a reduced delivery pressure and boost the pressure of those volumes into the high pressure pool at the Cheyenne Hub, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9,

The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.
