(1) The Manager, Seattle ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (p)(1) of this AD. (2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by the Boeing Commercial Airplanes Organization Designation Authorization (ODA) that has been authorized by the Manager, Seattle ACO Branch, to make those findings. To be approved, the repair method, modification deviation, or alteration deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

requirement is removed from that step or substep. An AMOC is required for any deviations to RC steps, including substeps and identified figures.

(ii) Steps not labeled as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the RC steps, including substeps and identified figures, can still be done as specified, and the airplane can be put back in an airworthy condition.

#### 33 CFR Part 100

[Docket Number USCG-2018-0064]

RIN 1625-AA08

### Special Local Regulations; Sector Ohio Valley Annual and Recurring Special Local Regulations Update

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard proposes to amend its special local regulations for recurring marine parades, regattas, and other events in Coast Guard Sector Ohio Valley. This rule, if adopted, would add 17 new recurring special local regulations, remove 9 special local regulations, and amend the event/sponsor, dates, and/or regulated areas for 48 recurring special local regulations already listed in the current table. This action is necessary to protect spectators, participants, and vessels from the hazards associated with annual marine

events. This proposed rulemaking would restrict vessel traffic in the designated areas during the events unless authorized by the Captain of the Port Sector Ohio Valley or a designated representative. We invite your comments on this proposed rulemaking.

**DATES:** Comments and related material must be received by the Coast Guard on or before April 18, 2018.

**ADDRESSES:** You may submit comments identified by docket number USCG–2018–0064 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this proposed rule, call or email Petty Officer Joshua Herriott, Sector Ohio Valley, U.S. Coast Guard; telephone (502) 779–5343, email [Joshua.R.Herriott@uscg.mil](mailto:Joshua.R.Herriott@uscg.mil).

**SUPPLEMENTARY INFORMATION:**

**I. Table of Abbreviations**

- CFR Code of Federal Regulations
- COTP Captain of the Port Sector Ohio Valley
- DHS Department of Homeland Security
- FR Federal Register
- NPRM Notice of proposed rulemaking § Section
- U.S.C. United States Code

**II. Background, Purpose, and Legal Basis**

The Captain of the Port Sector Ohio Valley (COTP) proposes to amend 33 CFR 100.801 to update the table of annual recurring special local regulations in Coast Guard Sector Ohio Valley. The current list of annual and recurring special local regulations occurring in Sector Ohio Valley is

published in Table 1 of 33 CFR part 100.801. The table was created through the final rule published on June 2, 2017 (82 FR 25511). It needs to be amended to include new regattas and marine events expected to recur annually or biannually, remove special local regulations no longer recurring, and provide new information on existing special local regulations.

The proposed annually recurring special local regulations are necessary to provide for the safety of life on navigable waters during the events. Based on the nature of these marine events, large numbers of participants and spectators, and event locations, the COTP has determined that the events listed in this proposed rule could pose a risk to participants or waterways users if the normal vessel traffic were to interfere with the events. Possible hazards include risks of injury or death from near or actual contact among participant vessels and spectators or mariners traversing through the regulated area. In order to protect the safety of all waterway users, including event participants and spectators, this proposed rule would establish special local regulations for the time and location of each marine event. Vessels would not be permitted to enter the regulated areas unless authorized by the COTP or a designated representative. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1233.

The Coast Guard is issuing this notice of proposed rulemaking (NPRM) with a 15-day prior notice and opportunity to comment pursuant to section (d)(3) of the Administrative Procedure Act (APA) (5 U.S.C. 553(d)). This provision authorizes an agency to publish a rule in less than 30 days before its effective date for “good cause found and published with the rule.” Under 5

U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for publishing this NPRM with a 15-day comment period because it is impractical to provide a 30-day comment period. These proposed regulated areas are necessary to ensure the safety of vessels and persons during the marine events. It is impracticable to publish an NPRM with a 30-day comment period because we must establish some of these updates as early as the end of April 2018. A 15-day comment period would allow the Coast Guard to provide for public notice and comment, but also update the regulated areas soon enough that the length of the notice and comment period does not compromise public safety.

**III. Discussion of Proposed Rule**

The COTP proposes to amend its special local regulations for annual events in Coast Guard Sector Ohio Valley listed in Table 1 of 33 CFR 165.801. This section requires amendment from time to time to properly reflect the recurring special local regulations in Sector Ohio Valley. This rule would add 17 new recurring special local regulations, remove 9 special local regulations no longer recurring, and amend the event/sponsor, dates, and/or regulated areas for 48 recurring special local regulations already listed in the current table. Other than these 17 additions, 9 removals, and 48 changes to the event/sponsor, dates, and/or locations of certain events, the regulations of 33 CFR 100.801 and other provisions in Table 1 of § 100.801 remain unchanged.

The Coast Guard proposes to revise special local regulations in 33 CFR 100.801 Table 1 by adding 17 new special local regulations. The 17 special local regulations being added to Table 1 are below:

The amendments to Table 1 are necessary to ensure the safety of vessels and people during annual events taking place on or near navigable waters in Sector Ohio Valley. Although this proposed rule would be in effect year-round, the specific special local regulations listed in Table 1 of 33 CFR 100.801 would only be enforced during the specified period of time of annual events listed. In accordance with the regulations listed in 33 CFR 100.801(a)–(j), entry into these safety zones is prohibited unless authorized by the COTP or a designated representative. The regulatory text of the updated Table 1 of § 100.801 we are proposing appears at the end of this document.

#### IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

##### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to reduce regulation and control regulatory costs through a budgeting process.

This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of the special local regulations.

These areas are limited in size and duration, and usually do not affect high vessel traffic areas. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the areas, and the rule would allow vessels to seek permission to enter the areas.

##### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the regulated areas may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for

compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

##### C. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

##### D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

##### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires

Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

**F. Environment**

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A preliminary Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

**G. Protest Activities**

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

**V. Public Participation and Request for Comments**

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website’s instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

This proposed rulemaking would restrict vessel traffic from the safety zones during the events unless authorized by the Captain of the Port Sector Ohio Valley or a designated representative. We invite your comments on this proposed rulemaking.

**DATES:** Comments and related material must be received by the Coast Guard on or before April 18, 2018.

**ADDRESSES:** You may submit comments identified by docket number USCG–2018–0065 using the Federal eRulemaking Portal at <http://www.regulations.gov>. **II. Background, Purpose, and Legal Basis**

The Captain of the Port Sector Ohio Valley (COTP) proposes to amend 33 CFR 165.801 to update the table of annual fireworks displays and other marine-related events in Coast Guard Sector Ohio Valley. The current list of annual and recurring safety zones occurring in Sector Ohio Valley is published in Table 1 of 33 CFR 165.801. That most recent table was created through the final rule published on June 6, 2017 (82 FR 25965). The current table in 33 CFR 165.801 needs to be amended to include new safety zones expected to recur annually or biannually and provide new information on existing safety zones.

The proposed annually recurring safety zones are necessary to provide for the safety of life on navigable waters during the events. Based on the nature of these marine events, large numbers of
