

The United States is a net importer of fresh lemons. Over the last five seasons, U.S. annual imports of fresh lemons averaged 497,000 metric tons (MT), an amount equal to about 60 percent of U.S. fresh lemon production and almost four times the quantity exported (129,000 MT per year).

More than 90 percent of U.S. fresh lemon imports come from Mexico, with only 4 percent supplied by Chile. Chile's Ministry of Agriculture estimates that approximately 60 percent of that country's lemon exports to the United States will be qualified for importation using the systems approach rather than fumigated. This amount represents less than 3 percent of U.S. lemon imports, and less than 2 percent of U.S. fresh lemon consumption. This rule is not expected to result in significant cost savings for Chile's lemon exporters or a substantial change in their competitiveness.

Although the majority of entities that may be affected by this rule (lemon importers, producers, and wholesalers) are small, the Administrator of the Animal and Plant Health Inspection Service has determined that this rule will not have a significant economic impact on a substantial number of small entities.

Executive Order 12988

This final rule allows lemon fruit to be imported into the continental United States from Chile subject to a systems approach. State and local laws and regulations regarding lemon fruit imported under this rule will be preempted while the fruit is in foreign commerce. Fresh fruits are generally imported for immediate distribution and sale to the consuming public, and remain in foreign commerce until sold to the ultimate consumer. The question of when foreign commerce ceases in other cases must be addressed on a case-by-case basis. No retroactive effect will be given to this rule, and this rule will not require administrative proceedings before parties may file suit in court challenging this rule.

Paperwork Reduction Act

In accordance with section 3507(d) of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the burden requirements included in this final rule, which were filed under 0579-0446, have been submitted for approval to the Office of Management and Budget (OMB). When OMB notifies us of its decision, if approval is denied, we will publish a document in the **Federal Register** providing notice of what action we plan to take.

E-Government Act Compliance

The Animal and Plant Health Inspection Service is committed to compliance with the E-Government Act to promote the use of the internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes. For information pertinent to E-Government Act compliance related to this rule, please contact Ms. Kimberly Hardy, APHIS' Information Collection Coordinator, at (301) 851-2483.

Subpart Nomenclature Change; Technical Amendment

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule; technical amendment.

SUMMARY: This document makes nomenclature changes to subpart headings in the Agricultural Marketing Service's regulations to bring the language into conformance with the Office of the Federal Register requirements.

DATES: This rule is effective May 7, 2018.

ADDRESSES: Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW, Stop 0237, Washington, DC 20250-0237.

FOR FURTHER INFORMATION CONTACT: Melissa Schmaedick, Senior Marketing Specialist, Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA, Post Office Box 952, Moab, UT 84532; Telephone: (202) 557-4783, Fax: (435) 259-1502, or Julie Santoboni, Rulemaking Branch Chief, Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW, Stop 0237, Washington, DC 20250-0237; Telephone: (202) 720-2491, Fax: (202) 720-8938, or Email: Melissa.Schmaedick@ams.usda.gov or Julie.Santoboni@ams.usda.gov.

Small businesses may request information on this proceeding by contacting Richard Lower, Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW, Stop 0237, Washington, DC 20250-0237; Telephone: (202) 720-2491, Fax: (202) 720-8938, or Email: Richard.Lower@ams.usda.gov.

SUPPLEMENTARY INFORMATION: This action, pursuant to 5 U.S.C. 553, amends regulations issued to carry out a marketing order as defined in 7 CFR 900.2(j). This rule is issued under the General regulations (part 900) and the marketing orders in numerous other parts of title 7, that regulate the handling of fruits, vegetables and nuts (parts 915, 917, 923, 925, 932, 946, 948,

953, 955, 956, 958, 981, 984, 987, and 993). These parts (referred to as “Order” or “Orders”), are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), hereinafter referred to as the “Act.”

This rule falls within a category of regulatory actions that the Office of Management and Budget (OMB) exempted from Executive Order 12866 review. Additionally, because this rule does not meet the definition of a significant regulatory action, it does not trigger the requirements contained in Executive Order 13771. See the Office of Management and Budget’s (OMB) Memorandum titled “Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017 titled ‘Reducing Regulation and Controlling Regulatory Costs’” (February 2, 2017).

Preliminary Statement

This document makes nomenclature changes to subpart headings in part 900 and Orders 915, 917, 923, 925, 932, 946, 948, 953, 955, 956, 958, 981, 984, 987, and 993 to bring the language into conformance with the Office of the Federal Register (OFR) requirements. These changes will ensure that all subpart headings in part 900 and the Orders are consistent with OFR nomenclature and formatting used throughout the Code of Federal Regulations (CFR).

A. What does this technical amendment do?

This technical amendment redesignates and revises the heading of each subpart within part 900 and each of the Orders so that it is consistent with OFR requirements. These subparts were improperly incorporated into the Orders without an assigned subpart letter. Further, some subpart headings were titled “Rules and Regulations,” which is inconsistent with approved subpart headings, as each Order, defined as a part under chapter IX, volume 8, title 7 of the CFR, “AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE,” represents a body of regulations. For example, part 915, encompasses regulations of the Order for avocados grown in south Florida. The first subpart of this part is correctly titled “Order Regulating Handling,” but lacks the correct designation as “subpart A.” This rule amends that subpart by redesignating it as “Subpart A-Order Regulating Handling.” The second subpart of part 915 is both undesignated and erroneously titled, “Subpart-Rules and Regulations.” This title is considered redundant by the OFR in

that it denotes regulations within a body of regulation. This rule amends that subpart by redesignating it as “subpart B” and revising the heading to read, “Subpart B-Administrative Requirements.” This document makes similar amendments to redesignate and revise headings of all subparts of the listed Orders to bring them into compliance with OFR requirements. Not all marketing orders are addressed in this rule as some marketing orders do not contain subpart headings that require corrections.

B. Why is this technical amendment issued as a final rule?

Section 553(b)(3)(B) of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(3)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. The Agricultural Marketing Service (AMS) has determined that there is good cause for making this technical amendment final without prior proposal and opportunity for comment because the redesignations and revised headings will have no impact on the regulations of the affected parts. AMS has determined that public comment on such ministerial changes is unnecessary and that therefore there is good cause under 5 U.S.C. 553(b)(3)(B) for proceeding with a final rule.

Further, because a notice of proposed rulemaking and opportunity for public comment are not required to be given for this rule under the APA or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Accordingly, this rule is issued in final form. Although there is no formal comment period, public comments on this rule are welcome on a continuing basis. Comments should be submitted to the address or email under **FOR FURTHER INFORMATION CONTACT.**

Requirements for Insurance; National Credit Union Share Insurance Fund Equity Distributions; Correction

AGENCY: National Credit Union Administration (NCUA).

ACTION: Final rule; correcting amendment.

SUMMARY: On February 23, 2018, the NCUA Board (Board) published a final rule adopting amendments to its share insurance requirements rule to provide stakeholders with greater transparency regarding the calculation of each eligible financial institution's pro rata share of a declared equity distribution from the National Credit Union Share Insurance Fund (NCUSIF). A clerical error appeared that resulted in an incorrect amendatory instruction. This document corrects that error.

DATES: This correction is effective April 6, 2018.

FOR FURTHER INFORMATION CONTACT: Benjamin M. Litchfield, Staff Attorney, Office of General Counsel, the National Credit Union Administration, at 1775 Duke Street, Alexandria, Virginia 22314–3428, or by telephone at (703) 518–6540.

SUPPLEMENTARY INFORMATION: On February 23, 2018, at 83 FR 7954, the Board published a final rule adopting amendments to 12 CFR part 741. Amendatory instruction 2.a.iv. called for revising the definition of “equity ratio” in § 741.4. However, the final rule did not set out regulatory text for the revised definition of “equity ratio.” This was an inadvertent drafting error. This document corrects that error by amending the final rule to supply a revised definition for “equity ratio.”

(b) * * *

* * * * *

Equity ratio means the ratio of:

(i) The amount determined by subtracting—

(A) Direct liabilities of the NCUSIF and contingent liabilities for which no provision for losses has been made from

(B) The sum of all one percent deposits made by federally insured credit unions pursuant to paragraph (c) of this section and the retained earnings balance of the NCUSIF, to

(ii) The aggregate amount of insured shares in all federally insured credit unions.

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for all General Electric Company (GE) CF6–80A, –80A1, –80A2, and –80A3 turbofan engines. This AD was prompted by high cycle fatigue (HCF) cracking of the low-pressure turbine (LPT) stage 3 nozzles. This AD requires

replacement of the LPT stage 3 nozzles, part numbers (P/Ns) 9290M52P05 and 9290M52P06, installed. We are issuing this AD to address the unsafe condition on these products.

DATES: This AD is effective May 11, 2018.

SUPPLEMENTARY INFORMATION:**Discussion**

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 by adding an AD that would apply to all GE CF6–80A, –80A1, –80A2, and –80A3 turbofan engines. The NPRM published in the **Federal Register** on September 12, 2017 (82 FR 42752) and an NPRM correction published on September 21, 2017 (82 FR 44127). The NPRM was prompted by an LPT uncontainment on a GE CF6–80A2 engine. An investigation determined the uncontainment was the result of HCF cracking of the LPT stage 3 nozzles. The NPRM proposed to require replacement of the LPT stage 3 nozzles. We are
