

(44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information summarized below.

The Commission is required under Section 342 of the Dodd-Frank Wall Street and Reform Act to develop standards and processes for ensuring the fair inclusion of women-owned and minority-owned businesses in all of the Commission’s business activities. To help implement this requirement, the Office of Minority and Women Inclusion (OMWI) developed and maintains an electronic Supplier Diversity Business Management System (the System) to collect up-to-date business information and capabilities statements from diverse suppliers interested in doing business with the Commission. This information allows the Commission to update and more effectively manage its current internal repository. It also allows the Commission to measure the effectiveness of its technical assistance and outreach efforts, and target areas where additional program efforts are necessary.

The Commission invites comment on the System. Information is collected in the System via web-based, e-filed, dynamic form-based technology. The company point of contact completes a profile consisting of basic contact data and information on the capabilities of the business. The profile includes a series of questions, some of which are based on the data that the individual enters. Drop-down lists are included where appropriate to increase ease of use.

The information collection is voluntary. There are no costs associated with this collection. The System allows suppliers to self-register via a secure web portal that is accessible through a hyperlink on the Commission’s public website. The form also is accessible via a web-link generated and emailed to the suppliers by the System.

Estimated number of annual responses = 300

Estimated annual reporting burden = 150 hours (30 minutes per submission)

Since the last approval of this information collection, we have adjusted the estimated number of respondents from 500 to 300 respondents per year, based on the actual response rate for the past two years and anticipated increase in that response rate with the posting of a link to the System on our web page to allow

self-registration. This reduction in the number of respondents has resulted in a 100-hour reduction in the total burden estimate.

On February 2, 2018, the Commission published a notice in the **Federal Register** (83 FR 4936) of its intention to request extension of this currently approved collection of information, and allowed the public 60 days to submit comments. The Commission received no comments.

Written comments continued to be invited on: (a) Whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

The public may view the background documentation for this information collection at the following website, [www.reginfo.gov](http://www.reginfo.gov). Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: [Shagufta Ahmed@omb.eop.gov](mailto:Shagufta.Ahmed@omb.eop.gov); and (ii) Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE, Washington, DC 20549 or send an email to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov). Comments must be submitted to OMB within 30 days of this notice.

Dated: April 9, 2018.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-83028; File No. SR-BOX-2018-11]

### Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fee Schedule on the BOX Market LLC (“BOX”) Options Facility To Amend the Strategy QOO Order Fee Cap

April 10, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on March 28, 2018, BOX Options Exchange LLC (the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposed rule change pursuant to Section 19(b)(3)(A)(ii) of the Act,<sup>3</sup> and Rule 19b-4(f)(2) thereunder,<sup>4</sup> which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend the Fee Schedule to amend the Fee Schedule [sic] on the BOX Market LLC (“BOX”) options facility. While changes to the fee schedule pursuant to this proposal will be effective upon filing, the changes will become operative on April 2, 2018. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission’s Public Reference Room and also on the Exchange’s internet website at <http://boxexchange.com>.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

<sup>3</sup> 15 U.S.C. 78s(b)(3)(A)(ii).

<sup>4</sup> 17 CFR 240.19b-4(f)(2).

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The Exchange proposes to make a number of changes to the manual transaction fees for certain strategy Qualified Open Outcry ("QOO") Orders under Section II.D. "Strategy QOO Order Fee Cap" of the BOX Fee Schedule. Specifically, the Exchange proposes to raise the fee cap for all reversal, conversion, jelly roll, and box spread strategies<sup>5</sup> executed on the same trading day from \$700 to \$1,000. Additionally, the Exchange proposes to include all strategies, regardless of option class, that execute in the same day to this proposed \$1,000 fee cap. Lastly, the Exchange proposes to remove the \$25,000 per month per Participant cap for QOO Order fees in combined strategies.

The intent of the above changes is to increase order flow to certain strategy QOO Orders on the BOX Trading Floor, which will benefit all market participants. The Exchange notes that these changes will apply equally to all Participants, regardless of Participant type or the size of the Participant.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act, in general, and Section 6(b)(4) and

<sup>5</sup> A "reversal strategy" is established by combining a short security position with a short put and a long call position that shares the same strike and expiration. A "conversion strategy" is established by combining a long position in the underlying security with a long put and a short call position that shares the same strike and expiration. A "jelly roll strategy" is created by entering into two separate positions simultaneously. One position involves buying a put and selling a call with the same strike price and expiration. The second position involves selling a put and buying a call, with the same strike price, but with a different expiration from the first position. A "box spread strategy" is a strategy that synthesizes long and short stock positions to create a profit. Specifically, a long call and short put at one strike is combined with a short call and long put at a different strike to create synthetic long and synthetic short stock positions, respectively. These definitions are identical to the terms defined in the Chicago Board Options Exchange, Inc. ("CBOE") Fee Schedule; NYSE American Options Fee Schedule ("NYSE") and Phlx Pricing Schedule ("PHLX"). Strategy Caps on Multiply Listed Options Fees.

6(b)(5) of the Act,<sup>6</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among BOX Participants and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes raising the fee cap to \$1,000 for reversal, conversion, jelly roll, and box spread strategies executed on the same trading day is reasonable and appropriate. The fee cap is designed to incentivize order flow in certain QOO Strategy Orders, and the Exchange believes that the increased fee cap, coupled with the other changes discussed herein, will result in increased participation in these types of orders on the BOX Trading Floor. As such, the Exchange believes that increased participation on the Trading Floor will result in increased liquidity on the BOX Floor which will benefit all market participants. Further, the Exchange believes that the proposed fee cap is not unfairly discriminatory as all Participants are subject to the cap, regardless of account type.

The Exchange believes that subjecting all strategies, regardless of option class, to the proposed \$1,000 daily fee cap is reasonable and appropriate. As stated above, the Strategy QOO Fee Cap is designed to incentivize order flow to the BOX Trading Floor. The Exchange believes that removing the "same options class" qualification will further result in increased participation and order flow in these types of orders. As such, the Exchange believes that the proposed change will result in increased liquidity on BOX which will benefit all market participants. Further, the Exchange believes the proposed change is not unfairly discriminatory because it will apply to all Participants, regardless of account type.

Lastly, the Exchange believes that eliminating the monthly cap of \$25,000 per Participant is appropriate. The Exchange notes that once Participants are subject to the proposed daily fee cap of \$1,000 regardless of option class, the current monthly fee cap of \$25,000 is not necessary. For example, in the month of March, if a Participant traded the applicable strategies to achieve the proposed \$1,000 daily fee cap on each trading day, the Participant would only be charged \$21,000 total (21 trading days in March multiplied by the proposed \$1,000 fee cap) and could never reach the \$25,000 cap. As such, the Exchange believes that the \$25,000 monthly fee cap for combined strategies is unnecessary and proposes to remove

<sup>6</sup> 15 U.S.C. 78f(b)(4) and (5).

the monthly fee cap from the BOX Fee Schedule.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change burdens competition and will instead help promote competition by continuing to provide incentives for market participants to submit strategy orders to the BOX Trading Floor. Further, the Exchange does not believe that the proposed changes will impose an undue burden on intra-market competition because all Floor Participants are subject to the proposed changes, regardless of account type.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Exchange Act<sup>7</sup> and Rule 19b-4(f)(2) thereunder,<sup>8</sup> because it establishes or changes a due, or fee.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend the rule change if it appears to the Commission that the action is necessary or appropriate in the public interest, for the protection of investors, or would otherwise further the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-83026; File No. SR-CboeEDGX-2018-013]

### Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use on the Exchange's Equity Options Platform

April 10, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on April 2, 2018, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act<sup>3</sup> and Rule 19b-4(f)(2) thereunder,<sup>4</sup> which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to modify its fee schedule with respect to Market Maker Fees on its equity options platform.

The text of the proposed rule change is available at the Exchange's website at [www.markets.cboe.com](http://www.markets.cboe.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of

the most significant parts of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to amend its fee schedule for its equity options platform ("EDGX Options") to (i) increase the standard rate for Market-Maker orders in Penny-Pilot and Non-Penny Pilot Securities that add liquidity, (ii) modify criteria necessary to achieve Market Maker Volume Tiers ("Volume Tiers") 1, 4, 7 and 8, (iii) increase rates for Volume Tiers 1, 3, 5, 6, 7, 8 and (iv) eliminate Volume Tier 2.

By way of background, fee codes PM and NM are currently appended to all Market Maker orders in Penny Pilot Securities and Non-Penny Pilot Securities that add liquidity, and result in a standard fee of \$0.19 per contract. The Exchange determines reduced fees or enhanced rebates using a tiered pricing structure under the Volume Tiers. Specifically, the Volume Tiers in footnote 2 of the Fee Schedule consist of eight separate tiers, each providing a reduced fee or rebate to a Member's Market Maker order that yields fee codes PM or NM upon satisfying the monthly volume criteria required by the respective tier.

##### Market Maker Standard Fee Increase

The Exchange first proposes to increase the standard fee of \$0.19 per contract for Market Maker orders in Penny Pilot and Non-Penny Pilot Securities that add liquidity to \$0.20 per contract. The Exchange notes that this increase is in line with the amounts assessed by other exchanges for similar transactions.<sup>5</sup>

##### Market Maker Volume Tier Criteria Modifications

Pursuant to Volume Tier 1, the lowest volume tier, a Member will pay a reduced fee (currently \$0.16 per contract) if the Member has an ADV<sup>6</sup> in Market Maker orders equal to or greater than 0.05% of average OCV.<sup>7</sup> Pursuant

<sup>5</sup> See e.g., Nasdaq PHLX LLC Pricing Schedule, Section II, Multiply Listed Options Fees.

<sup>6</sup> "ADV" means average daily volume calculated as the number of contracts added or removed, combined, per day.

<sup>7</sup> "OCV" means, the total equity and ETF options volume that clears in the Customer range at the Options Clearing Corporation ("OCC") for the month for which the fees apply, excluding volume on any day that the Exchange experiences an Exchange System Disruption and on any day with a scheduled early market close.
