

the public meeting, at the times, and in the manner, permitted by the BoV.

Written Comments or Statements: Pursuant to 41 CFR 102–3.105(j) and 102–3.140 and section 10(a)(3) of the Federal Advisory Committee Act, the public or interested organizations may submit written comments or statements to the BoV about its mission and/or the topics to be addressed in this public meeting. Written comments or statements should be submitted to Capt Campos, via electronic mail, the preferred mode of submission, at the email address listed in the **FOR FURTHER INFORMATION CONTACT** section in the following formats: Adobe Acrobat or Microsoft Word. The comment or statement must include the author's name, title, affiliation, address, and daytime telephone number. Written comments or statements being submitted in response to the agenda set forth in this notice must be received by the committee DFO at least five (5) business days (18 April) prior to the meeting so that they may be made available to the BoV Chairman for their consideration prior to the meeting. Written comments or statements received after this date may not be provided to the BoV until its next meeting. Please note that because the BoV operates under the provisions of the Federal Advisory Committee Act, as amended, all written comments will be treated as public documents and will be made available for public inspection.

Verbal Comments: Members of the public will be permitted to make verbal comments during the meeting only at the time and in the manner allowed herein. If a member of the public is interested in making a verbal comment at the open meeting, that individual must submit a request, with a brief statement of the subject matter to be addressed by the comment, at least three (3) business days (20 April) in advance, via electronic mail, the preferred mode of submission, at the email address listed in the **FOR FURTHER INFORMATION CONTACT** section. The BoV DFO will log each request to make a comment, in the order received, and the DFO and BoV Chairman will determine whether the subject matter of each comment is relevant to the BoV's mission and/or the topics to be addressed in this public meeting. A period near the end of the open meeting will be available for verbal public comments. Members of the public who have requested to make a verbal comment and whose comments have been deemed relevant under the process described in this paragraph, will be allotted no more than five (5) minutes during this period, and will be invited to speak in the order in which

their requests were received by the DFO. For the benefit of the public, rosters that list the names of BoV members and any releasable materials presented during the open portions of this BoV meeting shall be made available upon request.

FOR FURTHER INFORMATION CONTACT: Captain Natalie Campos, Officer of the Deputy Assistant Secretary of the Air Force, SAF/MRM, Executive Officer and Force Management Action Officer, 1660 Air Force Pentagon, Washington, DC 20330, (703) 697–7058, natalie.m.campos.mil@mail.mil.

Henry Williams,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001–10–P

DEPARTMENT OF DEFENSE

Corps of Engineers, Department of the Army

Intent To Prepare a Draft Environmental Impact Statement (DEIS) For a Central Everglades Planning Project Post Authorization Change Report for the Everglades Agricultural Area Reservoir, Florida

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The South Florida Water Management District (SFWMD) has prepared a feasibility study and draft environmental documentation pursuant to section 203 of WRDA 1986, as amended, and on March 26, 2018 submitted that study to the Assistant Secretary of the Army for Civil Works (ASA(CW)) for review for the purpose of determining whether the study, and the process under which the study was developed, comply with Federal laws and regulations applicable to feasibility studies of water resources development projects. This notice advises the public that the U.S. Army Corps of Engineers (Corps), at the direction of the ASA(CW), intends to prepare a Draft Environmental Impact Statement (DEIS) to support the ASA(CW) review of SFWMD's study, a review which is to culminate in a report to Congressional Committees. SFWMD has described the purpose of the project that is the subject of the feasibility study as increasing the amount of water storage, treatment and conveyance in the Central Everglades Planning Project (CEPP) New Water project feature. The alternatives SFWMD identified and evaluated for its consideration are contained in Sections 3.0 and 4.0 of Volume 1 (Main Report)

of SFWMD's Central Everglades Planning Project Post Authorization Change Report Feasibility Study, available on the SFWMD website: <https://www.sfwmd.gov/our-work/cepp-project-planning/ea-reservoir>.

FOR FURTHER INFORMATION CONTACT: Questions about the proposed action, study and environmental documentation can be directed to: Andrew LoSchiavo, U.S. Army Corps of Engineers, Jacksonville District, Planning and Policy Division, Environmental Branch, P.O. Box 4970, Jacksonville, FL 32232–0019. 904–232–2077.

SUPPLEMENTARY INFORMATION:

1. Description of the Action Proposed by SFWMD for execution under Federal authority: According to the SFWMD, the SFWMD feasibility study reaffirms that the CEPP North and South project features can accommodate the additional flows south to the central Everglades that would result from additional canal conveyance, storage, and treatment wetlands proposed on lands within the Everglades Agricultural Area (EAA). Generally, this project would consist of the following:

- 10,500-acre reservoir providing 240,000 ac-ft storage
- 6,500-acre Stormwater Treatment Area (STA)
- Conveyance improvements to the Miami and North New River Canals increased by a total of 1,200 cfs (Miami Canal increased by 1,000 cfs and North New River Canal increased by 200 cfs)
- Multi-purpose operations as described in SFWMD's study

Please see SFWMD website for additional information on SFWMD's study not provided in this NOI: <https://www.sfwmd.gov/our-work/cepp-project-planning/ea-reservoir>.

2. Description of the Reasonable Alternatives Identified by SFWMD: The alternatives SFWMD identified and evaluated for its consideration are contained in Sections 3.0 and 4.0 of Volume 1 (Main Report) of SFWMD's Central Everglades Planning Project Post Authorization Change Report Feasibility Study, available on the SFWMD website: <https://www.sfwmd.gov/our-work/cepp-project-planning/ea-reservoir>.

3. Scoping Process: Formal Federal consultation will begin now that SFWMD has formally submitted the study and the environmental documentation to the ASA(CW) for review in accordance with the requirements of section 203 of WRDA 1986, as amended. In accordance with U.S. Army Corps of Engineers (Corps)

regulations implementing NEPA (Engineer Regulation 200–2–2), feasibility reports for authorization and construction of major projects normally require an Environmental Impact Statement. Upon receipt of the environmental documentation, the Army has evaluated the information submitted to confirm that the SFWMD's recommended plan requires an Environmental Impact Statement (EIS). Since this is a non-federal study carried out under Section 203, the Army's determinations pursuant to section 203 and Environmental Impact Statement for this report will describe the results of the review required by Section 203(b) of the non-federal interest's feasibility study, including a determination of whether the project is feasible, any recommendations concerning the plan or design of the project, and, any conditions the Secretary may require for construction of the project.

4. The Corps is seeking participation of all interested Federal, state, and local agencies, Native American groups, and other concerned private organizations or individuals through this 15-day public notice. The purpose of the public scoping period is to solicit comments regarding the potential impacts, environmental issues, and alternatives associated with the study submitted by SFWMD; and provide other relevant information. The Corps will not hold public scoping meetings as part of this process. The public will have an additional opportunity to comment once its DEIS is released, which is anticipated to be in 2018. The Corps will announce availability of its DEIS in the **Federal Register** and other media, and will provide a review period for the public, organizations, and agencies to review and comment on its DEIS. All interested parties should respond to this notice and provide a current address if they wish to be notified of the DEIS circulation. As a part of the SFWMD's project development, routine interagency and stakeholder coordination meetings were conducted, providing Federal, Tribal, State, and local agencies opportunities to comment on planning assumptions, evaluation tools and methods, and alternative plans to assist with meeting NEPA public coordination requirements. Upon completion of the SFWMD study, it underwent Agency Technical Review and Independent External Peer Review, and was made available for review March 26, 2018 on the SFWMD website.

5. It is estimated that the draft environmental impact statement will be made available to the public in 2018.

Dated: April 9, 2018.

Eric Summa,

Chief, Planning and Policy Division, U.S. Army Corps of Engineers Jacksonville District.

BILLING CODE 3720–58–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2017–ICCD–0162]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Privacy Act Request Form

AGENCY: Office of Management (OM), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before May 16, 2018.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2017–ICCD–0162. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW, LBJ, Room 216–32, Washington, DC 20202–4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Elise Cook, 202–401–3769.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA)(44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection

requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Privacy Act Request Form.

OMB Control Number: 1880–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 130.

Total Estimated Number of Annual Burden Hours: 65.

Abstract: The collection is necessary under 5 U.S.C. Section 552a(b) to collect information from individuals requesting information under the Privacy Act (PA). The Department will use the information to provide documents that are responsive to a Privacy Act or FOIA/Privacy Act request under the Freedom of Information Act.

Dated: April 11, 2018.

Stephanie Valentine,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.
