II. Background Information and Regulatory History

On January 3, 2018, the sponsor for the 2018 Biloxi Air Show submitted an application for a marine event permit for the air show that will take place every day from 9 a.m. through 5 p.m. from July 19, 2018 through July 22, 2018. In response, on March 9, 2018, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Safety Zone; Mississippi Sound, Biloxi, MS (83 FR 10419). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this air show. During the comment period that ended April 9, 2018, we received no comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Sector Mobile (COTP) has determined that potential hazards associated with the air show on July 19, 2018 and July 22, 2018 will be a safety concern for any vessels or persons in the vicinity of waters of the navigable waters on the Mississippi

Sound over the Biloxi Harbor Channel in Biloxi, MS. The purpose of this rule is to ensure the safety of vessels and persons before, during, and after the air show.

IV. Discussion of the Rule

As noted above, we received no comments on our NPRM published on March 9, 2018. There are no changes in the regulatory text of this rule from the NPRM.

This rule establishes a temporary safety zone on the Mississippi Sound within the positions of 30°23'22.6" N 88°50'54.9" W; 30°23'25.5" N 88°53'12.1" W; 30°22'52.3" N 88°50'55.8" W; 30°22'56.3" N 88°53'11.9" W over the Biloxi Harbor Channel in Biloxi, MS from 9 a.m. through 5 p.m. on July 19, 2018 through July 22, 2018. This rule is intended to ensure the safety of vessels and persons before, during, and after the 2018 Biloxi Air Show. No vessel or person is permitted to enter the zone without obtaining permission from the COTP or a designated representative. A designated representative may be a Patrol Commander (PATCOM). The PATCOM maybe aboard either a Coast Guard or Coast Guard Auxiliary vessel. The PATCOM may be contacted on Channel 16 VHF-FM (156.8 MHz) by the call sign "PATCOM". All persons and vessels not registered with the sponsor as participants or official patrol vessels are considered spectators. The "official patrol vessels" consist of any Coast Guard, state, or local law enforcement and sponsor provided vessels assigned or approved by the COTP to patrol the zone.

Spectator vessels desiring to transit the zone may do so only with prior approval of the PATCOM and when so directed by that officer shall be operated at a minimum safe navigation speed in a manner that will not endanger any other vessels. No spectator vessel shall anchor, block, loiter, or impede the through transit of official patrol vessels in the zone during the effective dates and times, unless cleared for entry by or through an official patrol vessel. Any spectator vessel may anchor outside the zone, but may not anchor in, block, or loiter in a navigable channel. Spectator vessels may be moored to a waterfront facility within the zone in such a way that they shall not interfere with the progress of the air show. Such mooring must be complete at least 30 minutes prior to the establishment of the zone and remain moored through the duration of the air show.

The COTP or a designated representative may forbid and control the movement of all vessels in the zone.

When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the zone, citation for failure to comply, or both.

The COTP or a designated representative may terminate the operation of any vessel at any time it is deemed necessary for the protection of life or property. The COTP or a designated representative can terminate enforcement of the safety zone at the conclusion of the air show.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protectors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on size, location, and duration of the safety zone. This rule will take place on a small area of Mississippi Sound, during a short duration of only eight hours, lasting for four days from July 19, 2018 through July 22, 2018. Additionally, the Coast Guard will issue Broadcast Notices to Mariners via VHF-FM marine channel 16 about the safety zone so that waterway users may plan accordingly for transits during this restriction, and the rule also allows vessels to seek permission from the COTP or a designated representative to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their

fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received no comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone on the Mississippi Sound, within the positions of 30°23′22.6″ N 88°50′54.9″ W; 30°23′25.5″ N 88°53′12.1″ W; 30°22′52.3″ N 88°50′55.8″ W; 30°22′56.3″ N 88°53′11.9″ W over the Biloxi Harbor Channel in Biloxi, MS. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration (REC) supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without

jeopardizing the safety or security of people, places or vessels.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 4

Technical Correction to Combined Ratings Table

AGENCY: Department of Veterans Affairs.

ACTION: Final rule; correcting amendment.

SUMMARY: The Department of Veterans Affairs (VA) published, in the **Federal Register** of March 18, 1976, a final rule amending its Schedule For Rating

Disabilities regulations. The amendment, which was accurately reflected in the **Federal Register** document, was subsequently misprinted when included in Part 4 of title 38, Code of Federal Regulations. Therefore, VA is correcting this misprint which contained two typographical errors found in Table I of the Combined Ratings Table.

DATES: Effective April 24, 2018.

FOR FURTHER INFORMATION CONTACT:

Gabrielle Mancuso, Consultant, Regulations Staff (211D), Compensation Service, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 461–9700. (This is not a toll-free telephone number.)

SUPPLEMENTARY INFORMATION: On March 18, 1976, VA published in the **Federal Register** (41 FR 11293), an amendment to Part 4 of title 38, Code of Federal Regulations, that revised several disabilities, added new ratings codes and criteria, and redesignated the Combined Ratings Table at 38 CFR 4.25 as “Table I.” Although there were no changes made to the combined ratings values found in Table I, the table was misprinted when published in the Code of Federal Regulations. Specifically, two typographical errors were made on row 89 columns 70 and 80. This misprint has continued in both paper and online publications to date.

This document now corrects those typographical errors by removing “87” and adding in its place “97” (row 89 column 70) and removing “38” and adding in its place “98” (row 89 column 80). These errors do not affect any benefits which were previously paid as VA’s electronic systems have correctly computed the combined degree of disability.
