- Korea (A-580-896): Lotte Chemical Corp. (REGD); TK Chemical Corp.; All Other Producers/Exporters
- Taiwan (A-583-862): Far Eastern New Century Corporation; Far Eastern Textile Ltd.; Worldwide Polychem (HK), Ltd.; All Other Producers/Exporters

In addition, based on record information, we also find that certain producers/exporters did not experience an increase of 15 percent or more in imports of subject merchandise during the comparison period when compared

to the base period. As such, the following producers/exporters of subject merchandise did not have massive imports, as defined by section 733(e)(1)(B) of the Act and 19 CFR 351.206(h).¹⁹

- Indonesia (A-560-832): PT. Indo-Rama Synthetics Tbk.
- Korea (A-580-896): SK Chemicals Co., Ltd.
- Taiwan (A-583-862): Shinkong Synthetic Fibers Corporation

Finally, we note that in the AD investigation regarding imports of subject merchandise from Korea, respondent company SKC Co., Ltd.

(SKC) submitted a certification, in lieu of a questionnaire response, that it did not make shipments of subject merchandise to the United States during the period of investigation, and there is no information on the record to contradict this claim. As a result, we are not making a critical circumstances determination with respect to SKC.²⁰

Based on the criteria and findings discussed above, we preliminarily determine that critical circumstances exist with respect to imports of PET resin shipped by certain producers/exporters. Our findings are summarized as follows:

Country	Case No.	Affirmative preliminary critical circumstances determination	Negative preliminary critical circumstances determination
Indonesia	A-560-832	Indorama Polymers Public Co., Ltd.; All Other Producers/Exporters	PT. Indo-Rama Synthetics Tbk.
Korea	A-580-896	Lotte Chemical Corp. (REGD); TK Chemical Corp.; All Other Producers/Exporters	SK Chemicals Co., Ltd.
Taiwan	A-583-862	Far Eastern New Century Corporation; Far Eastern Textile Ltd.; Worldwide Polychem (HK), Ltd.; All Other Producers/Exporters.	Shinkong Synthetic Fibers Corporation.

Final Critical Circumstances Determinations

We will issue our final determinations concerning critical circumstances when we issue our final less than fair value determinations. All interested parties will have the opportunity to address these preliminary determinations in case briefs to be submitted after completion of the preliminary less than fair value determinations.

ITC Notification

In accordance with sections 733(f) of the Act, Commerce will notify the ITC of its preliminary determinations.

Suspension of Liquidation

In accordance with section 733(e)(2) of the Act, because we have preliminarily found that critical circumstances exist with regard to imports exported by certain producers and exporters, if we make an affirmative preliminary determination that sales at less than fair value have been made by these same producers/exporters at above *de minimis* rates,²¹ we will instruct Customs and Border Protection (CBP) to suspend liquidation of all entries of subject merchandise from these producers/exporters that are entered, or withdrawn from warehouse, for consumption on or after the date that is

90 days prior to the effective date of “provisional measures” (*e.g.*, the date of publication in the **Federal Register** of the notice of an affirmative preliminary determination of sales at less than fair value at above *de minimis* rates). At such time, we will also instruct CBP to require a cash deposit equal to the estimated preliminary dumping margins reflected in the preliminary determination published in the **Federal Register**. The suspension of liquidation will remain in effect until further notice.

This notice is issued and published pursuant to sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.206(c).

notice of “Opportunity to Request Administrative Review” of the countervailing duty order on welded line pipe from Turkey for the period January 1, 2016 through December 31, 2016.¹ In December 2017, Commerce received a timely request, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), to conduct an administrative review of this countervailing duty order from one of the petitioners in this case, Maverick Tube Corporation (Maverick).² Based upon this request, on February 23, 2018, in accordance with section 751(a) of the Act, Commerce published in the **Federal Register** a notice of initiation listing 19 companies for which Commerce received timely requests for review.³

Certain Steel Wheels From the People's Republic: Initiation of Countervailing Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable April 16, 2018.

FOR FURTHER INFORMATION CONTACT: Eli Lovely at (202) 482-1593 or Maisha Cryor at (202) 482-5831, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

The Petition

On March 27, 2018, the U.S. Department of Commerce (Commerce) received a countervailing duty (CVD) Petition concerning imports of certain steel wheels (steel wheels) from the People's Republic of China (China), filed in proper form on behalf of Accuride Corporation (Accuride) and Maxion Wheels Akron LLC

(collectively, the petitioners).¹ The CVD Petition was accompanied by an antidumping duty (AD) Petition concerning imports of steel wheels China. The petitioners are domestic producers of steel wheels.²

On March 30, 2018, Commerce requested supplemental information pertaining to certain aspects of the Petitions. The petitioners filed additional information on April 3, 2018.³ On April 9 and 13, 2018, Commerce requested the petitioners to clarify the scope of the Petition.⁴ The petitioners filed responses to Commerce's scope request on April 13, 2018.⁵

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioners allege that the Government of China (GOC) is providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of steel wheels in China and imports of such products are materially injuring, or threatening material injury to, the domestic steel wheels industry in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating a CVD investigation, the Petition is accompanied by information reasonably available to the petitioners supporting their allegations.

Commerce finds that the petitioners filed the Petition on behalf of the domestic industry because the petitioners are interested parties as defined in section 771(9)(C) of the Act. Commerce also finds that the petitioners demonstrated sufficient industry
