

Management and Budget (OMB) for its review and approval, and invites public comment. This ICR will enable FMCSA to document the burden associated with the marking regulations codified in 49 CFR 390.21, "Marking of Self-Propelled CMVs and Intermodal Equipment." These regulations require marking of vehicles and intermodal equipment by motor carriers, freight forwarders and intermodal equipment providers (IEPs) engaging in interstate transportation.

**DATES:** We must receive your comments on or before June 25, 2018.

**ADDRESSES:** You may submit comments identified by Federal Docket Management System (FDMS) Docket Number FMCSA-2018-0091 using any of the following methods:

**SUPPLEMENTARY INFORMATION:**

**Background:** The Secretary of Transportation (Secretary) is authorized to require marking of vehicles and intermodal equipment by motor carriers, freight forwarders and intermodal equipment providers (IEPs) engaging in interstate transportation based on the authority of 49 U.S.C. 31133(a)(8) and 31133(a)(10). The Secretary has delegated authority pertaining to the marking of commercial motor vehicles (CMVs) pursuant to 49 CFR 1.87(f). The Agency's regulation governing the marking of CMVs is codified at 49 CFR 390.21.

Vehicle marking requirements are intended to ensure that FMCSA, the National Transportation Safety Board (NTSB), and State safety officials are able to identify motor carriers and correctly assign responsibility for regulatory violations during inspections, investigations, compliance reviews, and crash studies. These marking requirements will also provide the public with beneficial information that could assist in identifying carriers for the purposes of commerce, complaints or emergency notification. The marking requirements apply to motor carriers, freight forwarders and intermodal equipment providers (IEPs) engaging in interstate transportation. The Agency does not require a specific method of marking as long as the marking complies with FMCSA's regulations. The program change decrease of 76,751 estimated annual burden hours (774,249 proposed estimated annual burden hours—851,000 approved estimated annual burden hours) is due to adjustments in respondent and response estimates, as well as the removal of initial marking burden from the adoption of the "Lease and Interchange of Vehicles; Motor Carriers of Passengers" final rule.

**Title:** Marking of Self-Propelled CMVs and Intermodal Equipment  
**OMB Control Number:** 2126-0054.

**Type of Request:** Renewal of a currently approved collection.

**Respondents:** Freight carrying commercial motor carriers, Passenger carrying commercial motor carriers, freight forwarders and intermodal equipment providers.

**Estimated Number of Respondents:** 218,389 motor carriers and Intermodal equipment providers (IEPs).

**Estimated Time per Response:** 26 minutes [12 minutes to affix DOT Number + 14 minutes for affixing a carrier's name = 26].

**Expiration Date:** August 31, 2018.

**Frequency of Response:** On occasion.

**Estimated Total Annual Burden:** 774,249 hours spent by motor carriers and IEPs marking CMVs with a DOT number and carrier information.

**Public Comments Invited:** You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

Issued under the authority of 49 CFR 1.87 on: April 18, 2018.

### Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2012-0032]

#### Commercial Driver's License Standards: Application for Exemption; Daimler Trucks North America (Daimler)

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of application for exemption; request for comments.

**SUMMARY:** FMCSA announces that Daimler Trucks North America (Daimler) has requested an exemption for one commercial motor vehicle (CMV) driver from the Federal

requirement to hold a U.S. commercial driver's license (CDL). Daimler requests an exemption for Mr. Christopher Veber, Lead Engineer in Vehicle Predictive Technology for Daimler. Mr. Veber holds a valid German commercial license and wants to test drive Daimler vehicles on U.S. roads to better understand product requirements in "real world" environments, and verify results. Daimler believes the requirements for a German commercial license ensure that operation under the exemption will likely achieve a level of safety equivalent to or greater than the level that would be obtained in the absence of the exemption.

**DATES:** Comments must be received on or before May 24, 2018

**ADDRESSES:** You may submit comments bearing the Federal Docket Management System (FDMS) Docket ID FMCSA-2012-0032 using any of the following methods:

- *Federal eRulemaking Portal:* [www.regulations.gov](http://www.regulations.gov). Follow the online instructions for submitting comments.

Carrier Operations Division; Office of Carrier, Driver and Vehicle Safety Standards; Telephone: 202-366-4225. Email: [MCPSD@dot.gov](mailto:MCPSD@dot.gov). If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366-9826.

#### **SUPPLEMENTARY INFORMATION:**

### **I. Public Participation and Request for Comments**

FMCSA encourages you to participate by submitting comments and related materials.

#### *Submitting Comments*

If you submit a comment, please include the docket number for this notice (FMCSA-2012-0032), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to [www.regulations.gov](http://www.regulations.gov) and put the docket number, "FMCSA-2012-0032" in the "Keyword" box, and click "Search." When the new screen appears, click on "Comment Now!" button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period and may grant or not grant this application based on your comments.

### **II. Legal Basis**

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also

provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reason for the grant or denial, and, if granted, the specific person or class of persons receiving the exemption, and the regulatory provision or provisions from which exemption is granted. The notice must also specify the effective period of the exemption (up to 5 years), and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

### **III. Request for Exemption**

Daimler has applied for an exemption for Christopher Veber from 49 CFR 383.23, which prescribes licensing requirements for drivers operating CMVs in interstate or intrastate commerce. Mr. Veber is unable to obtain a CDL in any of the U.S. States due to his lack of residency in the United States. A copy of the application is in Docket No. FMCSA-2012-0032.

The exemption would allow Mr. Veber to operate CMVs in interstate or intrastate commerce to support Daimler field tests designed to meet future vehicle safety and environmental requirements and to promote technological advancements in vehicle safety systems and emissions reductions. Mr. Veber needs to drive Daimler vehicles on public roads to better understand "real world" environments in the U.S. market. According to Daimler, Mr. Veber will typically drive for no more than 6 hours per day for 2 consecutive days, and that 10 percent of the test driving will be on two-lane State highways, while 90 percent will be on Interstate highways. The driving will consist of no more than 200 miles per day, for a total of 400 miles during a two-day period on a quarterly basis. He will in all cases be accompanied by a holder of a U.S. CDL who is familiar with the routes to be traveled.

Mr. Veber holds a valid German commercial license, and as explained by Daimler in its exemption request, the requirements for that license ensure that the same level of safety is met or exceeded as if this driver had a U.S. CDL. Furthermore, according to Daimler, Mr. Veber is familiar with the operation of CMVs worldwide. Daimler

requests that the exemption cover the maximum allowable duration of 5 years.

#### IV. Method To Ensure an Equivalent or Greater Level of Safety

FMCSA has previously determined that the process for obtaining a German commercial license is comparable to, or as effective as, the requirements of part 383, and adequately assesses the driver's ability to operate CMVs in the U.S. Since 2012, FMCSA has granted Daimler drivers similar exemptions [May 25, 2012 (77 FR 31422); July 22, 2014 (79 FR 42626); March 27, 2015 (80 FR 16511); October 5, 2015 (80 FR 60220); July 12, 2016 (81 FR 45217); July 25, 2016 (81 FR 48496); August 17, 2017 (82 FR 39151)].

Issued on: April 17, 2018.

Larry W. Minor,

Associate Administrator for Policy.

### Federal Motor Carrier Safety Administration

[FMCSA Docket No. FMCSA-2018-0022]

#### Qualification of Drivers; Exemption Applications; Diabetes Mellitus

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of final disposition.

**SUMMARY:** FMCSA announces its decision to exempt 43 individuals from the prohibition in the Federal Motor Carrier Safety Regulations (FMCSRs) against persons with insulin-treated diabetes mellitus (ITDM) from operating a commercial motor vehicle (CMV) in interstate commerce. The exemptions enable these individuals with ITDM to operate CMVs in interstate commerce.

**DATES:** The exemptions were applicable on March 17, 2018. The exemptions expire on March 17, 2020.

**FOR FURTHER INFORMATION CONTACT:** Ms. Christine A. Hydock, Chief, Medical Programs Division, (202) 366-4001, [fmcsamedical@dot.gov](mailto:fmcsamedical@dot.gov), FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64-224, Washington, DC 20590-0001. Office hours are from 8:30 a.m. to 5 p.m., e.t., Monday through Friday, except Federal holidays. If you have questions regarding viewing or submitting material to the docket, contact Docket Services, telephone (202) 366-9826.

**SUPPLEMENTARY INFORMATION:**

#### I. Electronic Access

You may see all the comments online through the Federal Document Management System (FDMS) at: <http://www.regulations.gov>.

**Docket:** For access to the docket to read background documents or comments, go to <http://www.regulations.gov> and/or Room W12-140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., e.t., Monday through Friday, except Federal holidays.

**Privacy Act:** In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to <http://www.regulations.gov>, as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at <http://www.dot.gov/privacy>.

#### II. Background

On February 14, 2018, FMCSA published a notice announcing receipt of applications from 43 individuals requesting an exemption from diabetes requirement in 49 CFR 391.41(b)(3) and requested comments from the public (83 FR 6674). The public comment period ended on March 16, 2017, and no comments were received.

FMCSA has evaluated the eligibility of these applicants and determined that granting the exemptions to these individuals would achieve a level of safety equivalent to or greater than the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(3).

The physical qualification standard for drivers regarding diabetes found in 49 CFR 391.41(b)(3) states that a person is physically qualified to drive a CMV if that person has no established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control.

#### III. Discussion of Comments

FMCSA received no comments in this proceeding.

#### IV. Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the diabetes standard in 49 CFR 391.41(b)(3) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. The exemption allows the applicants to operate CMVs in interstate commerce.

The Agency's decision regarding these exemption applications is based on the

program eligibility criteria and an individualized assessment of information submitted by each applicant. The qualifications, experience, and medical condition of each applicant were stated and discussed in detail in the February 14, 2018, **Federal Register** notice (83 FR 6674) and will not be repeated in this notice.

These 43 applicants have had ITDM over a range of 1 to 43 years. These applicants report no severe hypoglycemic reactions resulting in loss of consciousness or seizure, requiring the assistance of another person, or resulting in impaired cognitive function that occurred without warning symptoms, in the past 12 months and no recurrent (two or more) severe hypoglycemic episodes in the past five years. In each case, an endocrinologist verified that the driver has demonstrated a willingness to properly monitor and manage his/her diabetes mellitus, received education related to diabetes management, and is on a stable insulin regimen. These drivers report no other disqualifying conditions, including diabetes related complications. Each meets the vision requirement at 49 CFR 391.41(b)(10).

Consequently, FMCSA finds that in each case exempting these applicants from the diabetes requirement in 49 CFR 391.41(b)(3) is likely to achieve a level of safety equal to that existing without the exemption.

#### V. Conditions and Requirements

The terms and conditions of the exemption are provided to the applicants in the exemption document and includes the following: (1) Each driver must submit a quarterly monitoring checklist completed by the treating endocrinologist as well as an annual checklist with a comprehensive medical evaluation; (2) each driver must report within two business days of occurrence, all episodes of severe hypoglycemia, significant complications, or inability to manage diabetes; also, any involvement in an accident or any other adverse event in a CMV or personal vehicle, whether or not it is related to an episode of hypoglycemia; (3) each driver must provide a copy of the ophthalmologist's or optometrist's report to the Medical Examiner at the time of the annual medical examination; and (4) each driver must provide a copy of the annual medical certification to the employer for retention in the driver's qualification file, or keeping a copy in his/her driver's qualification file if he/she is self-employed. The driver must also have a copy of the exemption when
