48 CFR Parts 829, 846, 847, 852, and 870

RIN 2900-AQ04

Revise and Streamline VA Acquisition Regulation

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: The Department of Veterans Affairs (VA) is proposing to amend and update its VA Acquisition Regulation (VAAR) in phased increments to revise or remove any policy superseded by changes in the Federal Acquisition Regulation (FAR), to remove procedural guidance internal to VA into the VA Acquisition Manual (VAAM), and to incorporate any new agency specific regulations or policies. These changes seek to streamline and align the VAAR with the FAR and remove outdated and duplicative requirements and reduce burden on contractors. The VAAM incorporates portions of the removed VAAR as well as other internal agency acquisition policy. VA will rewrite certain parts of the VAAR and VAAM, and as VAAR parts are rewritten, we will publish them in the **Federal Register**. VA will combine related topics, as appropriate. In particular, this rulemaking revises VAAR Parts 829—Taxes, 846—Quality Assurance, and 847—Transportation, as well as affected Parts 852—Solicitation Provisions and Contract Clauses and 870—Special Procurement Controls.

DATES: Comments must be received on or before June 25, 2018 to be considered in the formulation of the final rule.

ADDRESSES: Written comments may be submitted through www.Regulations.gov; by mail or hand-delivery to Director, Regulation Policy and Management (OOREG), Department of Veterans Affairs, 810 Vermont Avenue NW, Room 1063B, Washington, DC 20420; or by fax to (202) 273-9026 (this is not a toll-free number).

Comments should indicate that they are submitted in response to "RIN 2900-AQ04—Revise and Streamline VA Acquisition Regulation—Parts 829, 846, 847." SUPPLEMENTARY INFORMATION:

Background

This rulemaking is issued under the authority of the Office of Federal Procurement Policy (OFPP) Act, which provides the authority for an agency head to issue agency acquisition regulations that implement or supplement the FAR.

VA is proposing to revise the VAAR to add new policy or regulatory requirements and to remove any redundant guidance and guidance that is applicable only to VA's internal operating processes or procedures. Codified acquisition regulations may be amended and revised only through rulemaking. All amendments, revisions, and removals have been reviewed and concurred with by VA's Integrated Product Team of agency stakeholders.

The VAAR uses the regulatory structure and arrangement of the FAR and headings and subject areas are broken up consistent with the FAR content. The VAAR is divided into subchapters, parts (each of which covers a separate aspect of acquisition), subparts, sections, and sections.

The Office of Federal Procurement Policy Act, as codified in 41 U.S.C. 1707, provides the authority for the Federal Acquisition Regulation and for the issuance of agency acquisition regulations consistent with the FAR.

When Federal agencies acquire supplies and services using appropriated funds, the purchase is governed by the FAR, set forth at Title 48 Code of Federal Regulations (CFR), chapter 1, parts 1 through 53, and the agency regulations that implement and supplement the FAR. The VAAR is set forth at Title 48 CFR, chapter 8, parts 801 to 873.

Discussion and Analysis

VA proposes to make the following changes to the VAAR in this phase of its revision and streamlining initiative. For procedural guidance cited below that is proposed to be deleted from the VAAR, each section cited for removal has been considered for inclusion in VA's internal agency operating procedures in accordance with FAR 1.301(a)(2). Similarly, delegations of authority that

are removed from the VAAR will be included in the VA Acquisition Manual (VAAM) as internal agency guidance.

VAAR Part 829—Taxes

We propose to revise the part 829 authorities to include the applicable U.S. code citations where the Secretary of the Treasury has exempted spirits and alcohol purchases by the Federal government, pursuant to 26 U.S.C. 5214(a)(2), 26 U.S.C. 5271, and 26 U.S.C. 7510. We also propose to include an updated positive law codification of Title 41 authority—41 U.S.C.1303(a)(2), to reflect additional authority of VA as an executive agency to issue regulations that are essential to implement Government-wide policies and procedures, as well as to issue additional policies and procedures required to satisfy VA's specific needs.

In subpart 829.2, Federal Excise Taxes, we propose to redesignate 829.202–70, Tax exemptions for alcohol products, as 829.203–70, Tax exemptions for alcohol products. We propose to revise paragraphs (a), (b) and (c) to reflect updated legislative and regulatory citations, to include 26 U.S.C. 5214(a)(2), 26 U.S.C. 5271, and 27 CFR parts 1–39. We also propose to remove paragraph (d) since there is no free of tax provision for beer in the Department of the Treasury regulation. This revised structure would conform more closely to the FAR structure of part 29, and moves to the VAAM the internal procedural instructions to the contracting officer regarding obtaining new permits. We also propose to remove the number and title of 829.202, General exemptions, since its sole section is proposed for removal.

We propose to remove 829.302, Application of State and local taxes to the Government, and move it to the VAAM as internal procedural guidance to the contracting officer.

We propose to remove 829.302–70, Purchases made from patients' funds, which prescribes 852.229–70, Sales or Use Taxes, as obsolete and redundant of FAR 52.212–4, Contract Terms and Conditions—Commercial Items clause, paragraph (k), which requires contractors to include "all applicable Federal, State, and local taxes and duties." While VA uses the personal funds of patients to maintain fiscal controls and accountability, such controls are administrative in nature and unrelated to contracting.

We propose to add 829.303, Application of State and local taxes to Government contractors and subcontractors, to delegate to the Head of the Contracting Activity (HCA), without power of redelegation, the

authority to make the determination prescribed in FAR 29.303(a).

VAAR Part 846—Quality Assurance

In new subpart 846.1, General, we propose to add 846.101, Definition, to explain the term "rejected goods" since that term is the subject of a revised clause at 852.246–71, Rejected goods.

We propose to revise subpart 846.3, Contract Clauses, to remove 846.302–70, Guarantee clause, which prescribes 852.246–70, Guarantee, because there are sufficient FAR warranty clauses that could be used, such as FAR clause 52.246–19, Warranty of Systems and Equipment under Performance Specifications or Design Criteria.

We propose to remove 846.302, Fixed-price supply contracts, and add 846.370, Clauses for supplies, equipment or perishable goods, as the current VAAR numbering convention for subpart 846.3, Contract Clauses, does not align with the FAR subpart 46.3, Contract Clauses.

We propose to revise 846.312, Construction contracts, to remove a duplicate contract clause number.

We propose to add 846.370, Clauses for supplies, equipment or perishable goods. The analysis of the current VAAR revealed that the present VAAR numbering convention for subpart 846.3, Contract Clauses, does not align with FAR subpart 46.3, Contract clauses. For example, FAR 46.302 deals solely with fixed-price supply contracts and the current sections which prescribe these clauses (*e.g.*, 846.302–70, Guarantee clause; 846.302–71, Inspection; 846.302–72, Frozen processed foods; and 846.302–73, Noncompliance with packaging, packing and/or marking requirements) could include both cost and fixed price types of contracts. Therefore, it became necessary to remove these sections and move them to the proposed new section, 846.370, which supplements the FAR coverage at subpart 46.3. Accordingly, we propose to add the following sections prescribing clauses for cost and fixed-price type contracts:

846.370–1, Rejected goods, (formerly 846.302–71, Inspection), which would prescribe the clause 852.246–71, Rejected Goods, and clarify a contractor's obligations to remove goods rejected by the Government.

846.370–2, Frozen processed foods (formerly 846.302–72), which would prescribe clause 852.246–72, Frozen Processed Foods, and describe the requirements for safe handling of frozen foods.

846.370–3, Noncompliance with packaging, packing and/or marking requirements (formerly 846.302–73),

which would prescribe clause 852.246–73, Noncompliance with Packaging, Packing and/or Marking Requirements, describing corrective steps for compensating the Government in the case of non-compliance.

We propose to add 846.370–4, Purchase of Shellfish, formerly 870.111–3, to conform to the FAR requirement to place clauses and their prescriptions in the appropriate parts, and would prescribe clause 852.246–76, Purchase of Shellfish, and describe the requirements for safe handling of shellfish.

We propose to revise subpart 846.4, Government Contract Quality Assurance.

In section 846.408, Single-agency assignments of Government contract quality assurance (no text), we propose to remove the single title as it is unnecessary.

We propose to amend 846.408–70, Inspection of subsistence, to remove paragraph (a) since FAR 46.408 identifies the Food and Drug Administration, the Department of Agriculture and the National Maritime Fisheries Service of the Department of Commerce as the entities to perform inspection. We also propose to remove paragraph (c) since it contains procedural guidance that is internal to VA and will be updated and moved to the VAAM, and to simplify the requirements in paragraph (d) that are the contractor's responsibilities, eliminating parts of paragraph (3) and all of (4). Paragraphs throughout the section will be appropriately renumbered.

We propose to remove 846.408–71, Waiver of USDA inspection and specifications, since no other agencies, including the Department of Agriculture, still require this type of inspection for subsistence.

We propose to remove the existing text of 846.471, Determination authority, since the authority it grants is provided to the contracting officer in 846.470. We propose to revise the title of 846.471, to now read, "Food service equipment," formerly at 870.115. This conforms to the FAR requirement to place clauses and their prescriptions in the appropriate parts, and to require all dietetic food service equipment to meet National Sanitation Foundation (NSF) standards.

We propose to remove 846.472, Inspection of repairs for properties under the Loan Guaranty Program and Direct Loan Programs, and its two sections, 846.472–1, Repairs of \$1,000 or less, and 846.472–2, Repairs in excess of \$1,000. Such sections are unnecessary given that a private

contractor performs such inspection and repair functions on VA's behalf. The contractor's authority to perform these functions is established by other provisions of law.

In subpart 846.7, Warranties, we propose to remove 846.710, Contract clauses, since it redundantly prescribes a clause in FAR. We also propose to delete the two sections: 846.710–70, Special warranties, as repetitive of FAR clause coverage, and 846.710–71, Warranty for construction—guarantee period services, which has been replaced by 846.702–70, Guarantee period services and specifications.

We propose to add 846.702–70, Guarantee period services and specifications, to state VA's policy regarding guarantee period services, and to prescribe a clause, 852.246–75, Warranty of Construction—Guarantee Period Services, in all solicitations and contracts for construction that include the FAR clause 52.246–21, Warranty of Construction.

VAAR Part 847—Transportation

We propose to amend the authority citation for part 847 to add 41 CFR part 102–117. This CFR reference pertains to “Transportation Management” and it has relevance to part 847.

We propose to add subpart 847.2, Contracts for Transportation or for Transportation-Related Services. This new subpart would be comprised of new section 847.207, Solicitation provisions, contract clauses, and special requirements, and the following sections:

847.207–8, Government responsibilities, which would provide guidance to contracting officers for VA transportation contracts and subsequent payments on those contracts, and 847.207–70, VA solicitation provisions, contract clauses, and special requirements, which would provide guidance on contractual requirements for insurance provisions and contractor personnel performing on VA transportation contracts.

We propose to revise subpart 847.3, Transportation in Supply Contracts, by adding 847.302, Place of delivery—F.o.b. point. This section would specify delivery locations, in addition to referencing a new corresponding clause, to be inserted in supply contracts when it is necessary to specify delivery locations. This new section would help eliminate confusion by specifying exact delivery locations, so there would be a better representation of delivery scheduling and pricing.

Under subpart 847.3, we propose to remove the following sections as they include internal guidance and will be

considered for revision and placement in the VAAM:

847.303, Standard delivery terms and contract clauses.

847.303–1, F.o.b. origin.

847.303–70, F.o.b. origin, freight prepaid, transportation charges to be included on the invoice.

Under 847.305, Solicitation provisions, contract clauses, and transportation factors, we propose to add 847.305–10, Packing, marking, and consignment instructions. This new section would specify consignment instructions, and would prescribe new clauses to be included in VAAR Part 852. It would cover those areas of shipping and marking that may not otherwise be covered, and are not covered in the FAR. We propose to add new section 847.305–70, Potential destinations known but quantities unknown, which prescribes clause 852.247–70, Determining Transportation Costs for Evaluation of Offers, when the contracting officer contracts with multiple bidders to provide items directly to VA field installations, on an F.o.b. origin basis.

We propose to add new section 847.305–71, VA contract clauses. This section references new clauses to the VAAR that are used for both free on board (F.o.b.) origin and F.o.b. destination, ensuring proper receipt and documentation of shipments.

We propose to remove 847.306–70, Transportation payment and audit, and replace it with 847.306–70, Records of claims. This new section recommends that the contracting officer use an offeror's record of claims involving loss or damage as an evaluation factor or subfactor for VA transportation contracts.

VAAR Part 852—Solicitation Provisions and Contract Clauses

In subpart 852.2, Texts of Provisions and Clauses, we propose to remove clause 852.229–70, Sales or Use Taxes, as obsolete and redundant of FAR clause 52.212–4, Contract Terms and Conditions—Commercial Items, paragraph (k), which would require contractors to include all applicable Federal, State, and local taxes and duties.

We propose to remove 852.246–70, Guarantee, as redundant of the coverage of warranties by several clauses in FAR sections 52.246–17 through 52.246–21, and to reserve the section number.

We propose to revise 852.246–71, Inspection, to retitile it as “Rejected Goods” to more accurately reflect the content; to revise the citation where it is prescribed; and to make other minor edits for clarity.

We propose to revise 852.246–72, Frozen Processed Foods, to revise the prescription citation.

We propose to revise 852.246–73, Noncompliance with Packaging, Packing, and/or Marking Requirements, to revise the prescription citation, and to make one minor edit.

We propose to remove 852.246–74, Special Warranties, as redundant of the coverage of warranties by several clauses in FAR sections 52.246–17 through 52.246–21, and to reserve the section number.

We propose to amend 852.246–75, Warranty of Construction—Guarantee Period Services, to revise the prescription citation, and to make one minor edit for clarity.

We propose to add 852.246–76, Purchase of Shellfish, formerly 852.270–3, to conform to the FAR requirement to place clauses and their prescriptions in the appropriate parts, and to make one minor edit for clarity.

We propose to amend 852.247–70 to revise its title to “Determining Transportation Costs for Evaluation of Offers” which would make it applicable to negotiated as well as sealed bid contracts.

We propose to add 852.247–71, Delivery Location. This new clause would ensure that the proper delivery locations are included in the contract, for accountability, tracking, and delivery.

We propose to add 852.247–72, Marking Deliverables. This new clause would ensure that packages are properly marked for tracking, delivery, and acceptance purposes.

We propose to add 852.247–73, Packing for Domestic Shipment. This new clause would ensure acceptance by common carriers and safe delivery at destination.

We propose to add 852.247–74, Advance Notice of Shipment. This new clause would be used when the F.o.b. point is destination, and special Government assistance is required in the delivery or receipt of the items.

We propose to add 852.247–75, Bills of Lading, which would define when a commercial or Government bill of lading is to be used when shipments of deliverable items under this contract are F.o.b. origin.

We propose to delete 852.270–2, Bread and Bakery Products—Quantities, as unnecessary since variations in quantities is adequately covered in FAR subpart 11.7, Variation in Quantity, and in its related clauses.

We propose to delete 852.270–3, Purchase of Shellfish, and move it to 852.246–76 to conform to the FAR

requirement to place clauses and their prescriptions in the appropriate parts.

VAAR Part 870—Special Procurement Controls

We propose to delete 870.111–3, Contract clauses, since paragraph (a) prescribes the clause 852.270–2, Bread and Bakery Products—Quantities, which is unnecessary since variations in quantities is adequately covered in FAR subpart 11.7 and in its related clauses, and paragraph (b), which prescribes the clause 852.270–3, Purchase of Shellfish, and which is proposed to be moved to new section 852.246–76 to conform to the FAR requirement to place clauses and their prescriptions in the appropriate parts.

We propose to remove 870.111–5, Frozen processed food products, which is proposed to be moved to 846.370–2.

We propose to remove 870.115, Food service equipment, which is proposed to be moved to 846.471.

We propose to reserve part 870 since all sections and sections have either been proposed for deletion or removal to other parts of the VAAR.

Effect of Rulemaking

Title 48, Federal Acquisition Regulations System, Chapter 8, Department of Veterans Affairs, of the Code of Federal Regulations, as proposed to be revised by this rulemaking, would represent VA's implementation of its legal authority and publication of the VAAR for the cited applicable parts. Other than future amendments to this rule or governing statutes for the cited applicable parts, or as otherwise authorized by approved deviations or waivers in accordance with FAR subpart 1.4, Deviations from the FAR, and as implemented by VAAR subpart 801.4, Deviations from the FAR or VAAR, no contrary guidance or procedures would be authorized. All existing or subsequent VA guidance would be read to conform with the rulemaking if possible or, if not possible, such guidance would be superseded by this rulemaking as pertains to the cited applicable VAAR parts.

Executive Orders 12866, 13563 and 13771

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the

importance of quantifying both costs and benefits of reducing costs, of harmonizing rules, and of promoting flexibility. E.O. 12866, Regulatory Planning and Review, defines “significant regulatory action” to mean any regulatory action that is likely to result in a rule that may: “(1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive order.”

VA has examined the economic, interagency, budgetary, legal, and policy implications of this regulatory action, and it has been determined to be a significant regulatory action under E.O. 12866, because it raises novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive Order. VA's impact analysis can be found as a supporting document at <http://www.regulations.gov>, usually within 48 hours after the rulemaking document is published. Additionally, a copy of the rulemaking and its impact analysis are available on VA's website at <http://www.va.gov/orpm> by following the link for VA Regulations Published from FY 2004 Through Fiscal Year to Date. This proposed rule is not expected to be subject to the requirements of E.O. 13771 because this proposed rule is expected to result in no more than *de minimis* costs.

Paperwork Reduction Act

This proposed rule contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521).

Regulatory Flexibility Act

This proposed rule would not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. The overall impact of the proposed rule would be of benefit to small businesses owned by Veterans or service-disabled Veterans as the VAAR is being updated to remove extraneous procedural

information that applies only to VA's internal operating procedures. VA is merely adding existing and current regulatory requirements to the VAAR and removing any guidance that is applicable only to VA's internal operation processes or procedures. VA estimates no cost impact to individual business would result from these rule updates. This rulemaking does not change VA's policy regarding small businesses, does not have an economic impact to individual businesses, and there are no increased or decreased costs to small business entities. On this basis, the proposed rule would not have an economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. Therefore, under 5 U.S.C. 605(b), this regulatory action is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal Governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This proposed rule will have no such effect on State, local, and tribal Governments or on the private sector.

For the reasons set out in the preamble, VA proposes to amend 48 CFR, chapter 8, parts 829, 846, 847, 852, and 870 as follows:

PART 829—TAXES

- 1. The authority citation for part 829 is revised to read as follows:

Authority: 26 U.S.C. 5214(a), 5271, 7510; 40 U.S.C. 121(c); 41 U.S.C. 1303(a)(2) and 48 CFR 1.301–1.304.

- 2. Subpart 829.2 is revised to read as follows:

Subpart 829.2—Federal Excise Taxes

829.203 Other Federal tax exemptions.

829.203–70 Tax exemptions for alcohol products.

(a) *General.* (1) Pursuant to 26 U.S.C. 5214(a)(2) and 26 U.S.C. 5271, VA may purchase spirits using a tax exemption as provided by Department of the Treasury, Alcohol and Tobacco Tax and Trade Bureau (TTB) regulations (see 27 CFR parts 1–39). As stated in 27 CFR 19.426, agencies of the United States Government that wish to obtain either specially denatured spirits or spirits free of tax for nonbeverage purposes must apply for and receive a permit on form TTB F 5150.33 or must have a previously issued permit on ATF Form 1444.

(2) When purchasing spirits under a tax exemption, the contracting officer shall indicate in the contract document the basis for the exemption and make a copy of the permit available to the contractor. Upon receipt of the spirits, the contractor shall return the permit to the contracting officer unless future orders are anticipated or as directed by the contracting officer.

(3) Department of Veterans Affairs activities that require spirits free of tax for beverage purposes under 26 U.S.C. 7510 must provide a proper purchase order signed by the head of the agency or an authorized designee.

(b) *Specially denatured spirits or spirits free of tax for nonbeverage purposes.* Contracting officers may make purchases of excise tax-free spirits, including denatured alcohol and specially denatured alcohol only from qualified distillery plants or bonded dealers.

(1) Permits previously issued on Alcohol, Tobacco, and Firearms (ATF) Form 1444, Tax-Free Spirits for Use of United States, remain valid until surrendered or cancelled.

(2) A copy of the current ATF Form 1444 or TTB Form 5150.33 shall be made available to the supplier with the initial order. The permit number only needs to be referenced on any future orders with the same supplier.

(c) *Wine.* No tax exemption form or ATF/TTB permit is required for the tax-free procurement of wine from bonded wine premises. The purchase order must show the kind, quantity, and alcohol content of the wine and must state the purpose for which wine is to be used (see 27 CFR 24.293). An extra copy of a properly executed purchase order may be furnished to the bonded wine premises from which wine is purchased to facilitate record keeping. The order must be signed by the Head of Contracting Activity or designee.

- 3. Subpart 829.3 is revised to read as follows:
