- k. *Description of Request*: Article 413 of the project license required Loup River Public Power District (licensee) to make specific revisions to the Recreation Plan filed as part of its license application. These revisions include: provisions to continue operating and maintaining five parks and three trails, and remove playground

equipment from Tailrace Park; drawings of the restroom at Headworks OHV Park, the volleyball court at Park Camp, the fishing pier at Lake North Park, and the trail segment along the southeast shore of Lake Babcock; procedures to ensure continued operation and maintenance of the Headworks OHV Park; a discussion about how the needs of the disabled will be considered; and an implementation schedule. The licensee's revised Recreation Plan generally incorporates these revisions. Regarding continued operation and maintenance of the Headworks Off-Highway Vehicle (OHV) Park, after the Nebraska OHV Association dissolved in September of 2016, the licensee closed the Headworks OHV Park, as OHV riding has unique challenges that are beyond the expertise of its staff. The revised Recreation Plan states that the licensee is committed to reopening the Headworks OHV area when it has the assistance of a third-party to provide the necessary expertise and liability insurance. The licensee states that it has been contacted by several organizations that are interested in filling this role.
