CMS–10669 Health Equity Technical Assistance Monitoring and Tracking

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before

submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Health Equity Technical Assistance Monitoring and Tracking; *Use:* The Centers for Medicare & Medicaid Services (CMS) Office of Minority Health (OMH) developed the CMS Equity Plan for Improving Quality in Medicare (CMS Equity Plan for Medicare). The Plan outlines CMS' path to help advance health equity by improving the quality of care provided to minority and other underserved Medicare beneficiaries, particularly those with disparities in chronic diseases. CMS identified six high-impact priority areas based on a review of the evidence base and stakeholder input. These priorities encompass both system- and community-level approaches to achieve equity in Medicare. Priority 2: Evaluate Disparities Impacts and Integrate Equity Solutions Across CMS Programs, focuses on increasing understanding of the impact CMS programs have on health disparities and on identifying, developing and integrating proven solutions to improve their impact on vulnerable populations.

CMS created a Health Equity Technical Assistance (TA) email (HealthEquityTA@cms.hhs.gov) to support CMS programs as they integrate health equity into their programs. This TA offers guidance from health equity subject matter experts on a variety of topics including reviewing data to identify health disparities, identifying root causes of health disparities, gaining an organizational champion, building organizational capacity to address health disparities, implementing interventions, tracking success of intervention, and serves as a portal to access health equity resources. *Form Number:* CMS-10669 (OMB control number: 0938-New); *Frequency:* Occasionally; *Affected Public:* Private sector (Business or other For-profits); *Number of Respondents:* 274; *Total Annual Responses:* 274; *Total Annual Hours:* 23. (For policy questions regarding this collection contact Alexandra Bryden at 410-786-2076).
