Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing of Amendment No. 2 and Order Granting Accelerated Approval of a Proposed Rule Change, as Modified by Amendment No. 2, To Amend Nasdaq Rule 4703(a) To Allow Members To Designate an Order with a RTFY or SCAN Routing Order Attribute To Activate at 7:00 a.m. ET

April 27, 2018.

I. Introduction

On August 30, 2017, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Nasdaq Rule 4703(a) relating to the times for activating an order with a RTFY or SCAN routing order attribute. The proposed rule change was published for comment in the **Federal Register** on September 18, 2017.³ On

⁶ In Amendment No. 1, the Exchange: (1) Modified the proposal to allow members entering an order with a RTFY or SCAN routing order attribute to designate the order to activate at a specific time during Pre-Market Hours (rather than System Hours) on the same day; (2) specified that the proposed functionality would be offered on a port level basis; (3) stated that all of the times-in-force in Nasdaq Rule 4703(a) currently apply to orders with RTFY or SCAN routing order attributes and made corresponding clarifications and corrections throughout the proposal; (4) provided additional information regarding why members might use the proposed functionality; and (5) provided additional discussion regarding members' best execution obligations and the application of the Exchange's regulatory checks associated with the proposed functionality, and reminded members of their regulatory obligations (e.g., Market Access Rule, Regulation SHO) when using the proposed functionality. comments on the proposed rule change. The Commission is publishing this notice to solicit comments on Amendment No. 2 from interested persons, and is approving the proposed rule change, as modified by Amendment No. 2, on an accelerated basis.

II. Description of the Proposal

The Exchange proposes to amend Nasdaq Rule 4703(a) to allow members to designate a 7:00 a.m. ET activation time for an order with a RTFY or SCAN routing order attribute.

RTFY is a routing option available for an order that qualifies as a designated retail order under which orders check the system for available shares only if so instructed by the entering firm and are thereafter routed to destinations on the system routing table.¹² If shares remain unexecuted after routing, they are posted to the Nasdaq book.¹³ Once on the book, should the order subsequently be locked or crossed by another market center, the system will not route the order to the locking or crossing market center.¹⁴ RTFY is designed to allow orders to participate in the opening, reopening, and closing process of the primary listing market for a security.¹⁵ SCAN is a routing option under which orders check the system for available shares and simultaneously route the remaining shares to destinations on the system routing table.¹⁶ If shares remain unexecuted after routing, they are posted on the Nasdaq book.¹⁷ Once on the book, should the order subsequently be locked or crossed by another market center, the system will not route the order to the locking or crossing market center.¹⁸

Nasdaq Rule 4703(a) provides the times-in-force that may be assigned to orders entered into the system. According to Nasdaq Rule 4703(a), members specify an order's time-in-force by designating a time at which the order will become active and a time at which the order will cease to be active. All of the times-in-force currently described in Nasdaq Rule 4703(a) are applicable to orders with RTFY or SCAN routing order attributes.¹⁹ According to the Exchange, during Pre-

functionalities on other exchanges. Amendment No. 2 is available at <https://www.sec.gov/comments/sr-nasdaq-2017-088/nasdaq2017088-3476253-162214.pdf>.

Market Hours,²⁰ members usually designate orders with RTFY or SCAN routing order attributes to activate upon entry or at 8:00 a.m. ET.²¹ The Exchange now proposes to amend Nasdaq Rule 4703(a) to provide that a member entering an order with a RTFY or SCAN routing order attribute may designate the order to activate at 7:00 a.m. ET if entered prior to 7:00 a.m. ET on the same day.²² As with the existing 8:00 a.m. ET activation time, the Exchange proposes to offer the 7:00 a.m. ET activation time on a port level basis.²³

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change, as modified by Amendment No. 2, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.²⁴ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,²⁵ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Commission notes that the proposal would provide Exchange members with an additional time for activating orders with RTFY or SCAN routing order attributes, and could facilitate the entry of these orders.²⁶

²⁰ "Pre-Market Hours" means the period of time beginning at 4:00 a.m. ET and ending immediately prior to the commencement of Market Hours. See Nasdaq Rule 4701(g). "Market Hours" means the period of time beginning at 9:30 a.m. ET and ending at 4:00 p.m. ET (or such earlier time as may be designated by Nasdaq on a day when Nasdaq closes early). See *id.*

²¹ See Amendment No. 2 at 5.

²² Orders can be entered into the system from 4:00 a.m. ET until 8:00 p.m. ET. See Nasdaq Rule 4756(a)(3).

²³ See Amendment No. 2 at n.14. As a result, if, for example, a member cancels an order entered through a port set for 7:00 a.m. ET activation and wishes the order to instead activate at 8:00 a.m. ET, it must either have another port set for activation at 8:00 a.m. ET or, alternatively, enter the order at that time for immediate activation. See *id.*

²⁴ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

²⁵ 15 U.S.C. 78f(b)(5).

²⁶ The Exchange states that, should it become aware of other orders that would also benefit from

The Commission notes that, as amended, the proposal would allow members to activate orders with RTFY or SCAN routing order attributes specifically at 7:00 a.m. ET. According to the Exchange, market participants have coded their systems for trading during Pre-Market Hours, such as 7:00 a.m. ET, as evidenced by trading sessions on other exchanges²⁷ that start at 7:00 a.m. ET.²⁸ The Commission believes that Exchange members may wish to activate orders with RTFY or SCAN routing order attributes at 7:00 a.m. ET to benefit from the liquidity at that time. The Commission also notes that the 7:00 a.m. ET activation time is similar to existing functionalities on certain other exchanges where orders can activate at 7:00 a.m. ET.²⁹

The Exchange represents that as of the time that an order with a RTFY or SCAN routing order attribute is activated, the Exchange would subject orders that are eligible for display or execution to all of the Exchange's standard regulatory checks, as it currently does with all orders upon entry.³⁰ These checks include compliance with Regulation NMS, Regulation SHO, and relevant Exchange rules.³¹ Moreover, the Exchange reminds its members of their regulatory obligations when submitting an order with a RTFY or SCAN routing order attribute.³² In particular, the Exchange reminds that members must comply with the Market Access Rule, which requires, among other things, pre-trade controls and procedures that are reasonably designed to assure compliance with Exchange trading rules and Commission rules pursuant to Regulation SHO and Regulation NMS.³³ The Exchange also notes that a member's procedures must be reasonably designed to ensure compliance with the applicable regulatory requirements, not just at the time the order is routed to the Exchange, but also at the time the order is activated and becomes eligible for execution.³⁴

The Commission further notes the Exchange's discussion of the best execution obligations of members

this change, it would consider filing another rule change to extend the proposed activation functionality to such other orders. See Amendment No. 2 at 13-14.

²⁷ See *infra* note 29.

²⁸ See Amendment No. 2 at 7.

²⁹ See Cboe BZX Exchange, Inc. Rule 1.5(ee); Cboe BYX Exchange, Inc. Rule 1.5(ee); Cboe EDGA Exchange, Inc. Rule 1.5(ii); and Cboe EDGX Exchange, Inc. Rule 1.5(ii).

utilizing the proposed 7:00 a.m. ET activation time.³⁵ The Exchange notes that members may cancel their inactive orders with RTFY or SCAN routing order attributes at any time prior to the time the order activates, which would allow members to react to conditions that may cause them to violate their best execution obligations to their customers should the orders activate and execute.³⁶ The Exchange also notes that members may cancel their active orders with RTFY or SCAN routing order attributes and enter new orders at another time that the members believe will satisfy their best execution obligations.³⁷ The Commission notes that Exchange members' use of the proposed 7:00 a.m. ET activation time must be consistent with their best execution obligations.

You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NASDAQ-2017-088 and should be submitted on or before May 24, 2018.

V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 2

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 2, prior to the thirtieth day after the date of publication of notice of the filing of Amendment No. 2 in the **Federal Register**. As noted above, in Amendment No. 2, the Exchange narrowed the proposal from allowing members to activate orders with RTFY or SCAN routing order attributes at any time during Pre-Market Hours, to specifically allowing members to activate these orders at 7:00 a.m. ET, which is similar to existing functionalities on certain other exchanges. Moreover, Amendment No. 2 provided additional explanation regarding the potential benefits of a 7:00 a.m. ET activation time. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,³⁸ to approve the proposed rule change, as modified by Amendment No. 2, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,³⁹ that the proposed rule change (SR-NASDAQ-2017-088), as modified by Amendment No. 2, be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁴⁰
