Requests for additional information or copies of the information collection instrument and instructions should be directed to David Ives, Senior Program Analyst, Performance and National Programs Division, Room 71030, Economic Development Administration, 14th and Constitution Avenue NW, Washington, DC 20230 (or via email at [dives@eda.gov](mailto:dives@eda.gov)).

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The mission of EDA is to lead the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. EDA accomplishes this mission by helping states, regions, and communities through capacity building, planning, infrastructure, research grants, and strategic initiatives. Further information on EDA's program and grant opportunities can be found at [www.eda.gov](http://www.eda.gov).

In order to effectively administer and monitor its economic development assistance programs, EDA collects certain information from applications for, and recipients of, EDA investment assistance. The purpose of this notice is to seek comments from the public and other Federal agencies on a request for an extension of an information collected related to a Comprehensive Economic Development Strategy (CEDS). The collection of this information is required to ensure the recipient is complying with EDA's CEDS requirements. A CEDS is required for an eligible applicant to qualify for an EDA investment assistance under its Public Works, Economic Adjustment, and certain

planning programs, and is a prerequisite for a region's designation by EDA as an Economic Development District (see 13 CFR 303, 305.2, and 307.2 of EDA's regulations). This information collection is scheduled to expire on September 30, 2018.

**II. Method of Collection**

The CEDS are collected via both paper and electronic submissions. A CEDS emerges from a continuing planning process developed and driven by a public sector planning organization by engaging a broad-based and diverse set of stakeholders to address the economic problems and potential of a region. The CEDS should include information about how and to what extent stakeholder input and support was solicited. Information on how the planning organization collaborated with its diverse set of stakeholders (including the public sector, private interests, non-profits, educational institutions, and community organizations) in the development of the CEDS should be included. In accordance with the regulations governing the CEDS (see 13 CFR 303.7), a CEDS must contain a summary background, a SWOT Analysis, Strategic Direction/Action Plan, and an Evaluation Framework. In addition, the CEDS must incorporate the

concept of economic resilience (*i.e.*, the ability to avoid, withstand, and recover from economic shifts, natural disasters, etc.). EDA is not proposing any changes to the current information collection request.
