

Fund	Receivership name	City	State	Date of appointment of receiver
10460	Excel Bank	Sedalia	MO	10/19/2012
10035	Alliance Bank	Culver City	CA ..	02/06/2009
10459	First United Bank	Crete	IL ...	09/28/2012

The liquidation of the assets for each receivership has been completed. To the extent permitted by available funds and in accordance with law, the Receiver will be making a final dividend payment to proven creditors.

Based upon the foregoing, the Receiver has determined that the continued existence of the receiverships will serve no useful purpose. Consequently, notice is given that the receiverships shall be terminated, to be effective no sooner than thirty days after the date of this notice. If any person wishes to comment concerning the termination of any of the receiverships, such comment must be made in writing, identify the receivership to which the comment pertains, and be sent within thirty days of the date of this notice to: Federal Deposit Insurance Corporation, Division of Resolutions and Receiverships, Attention: Receivership Oversight Department 34.6, 1601 Bryan Street, Dallas, TX 75201.

No comments concerning the termination of the above-mentioned receiverships will be considered which are not sent within this time frame.

Dated at Washington, DC, on May 2, 2018.
Federal Deposit Insurance Corporation.

Robert E. Feldman,
Executive Secretary.

FEDERAL RESERVE SYSTEM

[Docket No. OP-1607]

Policy on Payment System Risk and Expanded Real-Time Monitoring

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice; request for comment.

SUMMARY: The Board of Governors of the Federal Reserve System (Board) is requesting comment on the benefits and drawbacks of a potential change to part II of the Federal Reserve Policy on Payment System Risk (PSR policy). The potential change would entail the Federal Reserve Banks (Reserve Banks) monitoring in real time all Fedwire Funds transfers and rejecting those transfers that would breach the Fedwire sender's net debit cap, that is, the ceiling on its total daylight overdraft position that it is permitted to incur in its Federal Reserve account during any given day. If, after an evaluation of the public comments on this notice, the Board concludes that an expansion of real-time monitoring is desirable, the Board will request public comment on specific proposed changes to the PSR policy.

DATES: *Applicable Date:* Comments must be received by July 6, 2018.

ADDRESSES: You may submit comments, identified by Docket No. OP-1607, by any of the following methods:

- *Agency website:* <http://www.federalreserve.gov>. Follow the instructions for submitting comments at <http://www.federalreserve.gov/apps/foia/proposedregs.aspx>.

• *Email:* regs.comments@federalreserve.gov. Include docket number in the subject line of the message.

• *FAX:* (202) 452-3819 or (202) 452-3102.

• *Mail:* Ann E. Misback, Secretary, Board of Governors of the Federal Reserve System, 20th Street and Constitution Avenue NW, Washington, DC 20551.

All public comments are available from the Board's website at <http://www.federalreserve.gov/generalinfo/foia/ProposedRegs.cfm> as submitted, unless modified for technical reasons or to remove sensitive personal information at the commenter's request. Public comments may also be viewed electronically or in paper form in Room 3515, 1801 K Street NW (between 18th and 19th Streets NW), Washington, DC 20006 between 9:00 a.m. and 5:00 p.m. on weekdays.

FOR FURTHER INFORMATION CONTACT: Jeff Walker, Assistant Director (202-721-4559), Jason Hinkle, Manager (202-912-7805), or Michelle D. Olivier, Senior Financial Services Analyst (202-452-2404), Division of Reserve Bank Operations and Payment Systems; Evan Winerman, Counsel (202-872-7578), Legal Division.

SUPPLEMENTARY INFORMATION:

I. Background

Part II of the Board's PSR policy seeks to balance the costs and risks associated with the provision of Federal Reserve intraday credit (or daylight overdrafts) against the benefits of intraday liquidity. The PSR policy recognizes that the Federal Reserve has an important role in providing intraday credit to foster the smooth functioning of the overall payment system and also seeks to control the risks assumed by the Reserve Banks in providing this intraday credit.

The Reserve Banks provide intraday liquidity by way of supplying temporary, intraday credit to healthy depository institutions, and the Reserve Banks could face direct risk of loss should institutions be unable to settle their daylight overdrafts in their Federal Reserve accounts before the end of the day. The Reserve Banks control their exposures through several methods, including by incentivizing institutions to voluntarily collateralize daylight
