

and use Census Bureau-provided materials to review and update school district boundaries, names, codes, and geographic relationships. The Census Bureau provides mapping coordinators with school district listings, spatial data in Esri shapefile format, blank submission logs, and Geographic Update Partnership Software (GUPS). The school district listings consist of school district inventories, school names, levels, grade ranges, and other data about school districts within their state. If the mapping coordinator has non-spatial updates (e.g., name changes, simple consolidations, simple dissolutions, and others), the mapping coordinator updates the Census Bureau-provided submission log with those changes. If a mapping coordinator needs to perform spatial updates to a school district boundary, the mapping coordinator uses Census Bureau-provided GUPS and spatial data to make updates. GUPS, SDRP version, is a Census Bureau-created, user-friendly, free digital mapping tool for mapping coordinators. It contains all the functionality necessary for mapping coordinators to spatially make and validate their school district updates. Once mapping coordinators have reviewed and updated the school district information for their state, the mapping coordinator sends it to the Census Bureau, using Secure Web Incoming Module, a web portal for uploading SDRP submissions. The Census Bureau will update the MAF/TIGER database with the updates sent by the mapping coordinator.

Verification Phase

In the Verification Phase, the Census Bureau sends mapping coordinators newly created listings and digital files, and mapping coordinators use the SDRP verification module in GUPS to review these files and verify that the Census Bureau correctly captured their submitted information. The mapping coordinator can tag the area of issue and send the information to the Census Bureau to make corrections if the Census Bureau did not incorporate their boundary changes or other updates correctly.

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Application Forms for Membership on a National Marine Sanctuary Advisory Council.

OMB Control Number: 0648-0397.

Form Number(s): None.

Type of Request: Regular (revision and extension of a currently approved information collection).

Number of Respondents: 520.

Average Hours per Response: One hour.

Burden Hours: 520.

Needs and Uses: This request is for a revision and extension of a currently approved information collection.

Section 315 of the National Marine Sanctuaries Act (NMSA) (16 U.S.C. 1445a) allows the Secretary of Commerce to establish one or more advisory councils to provide advice to the Secretary regarding the designation and management of national marine sanctuaries. Executive Order 13178 similarly established a Coral Reef

Ecosystem Reserve Council pursuant to the NMSA for the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve. Councils are individually chartered for each site to meet its specific needs. Once an advisory council has been chartered, a sanctuary superintendent starts a process to recruit members for that council by providing notice to the public and requesting interested parties to apply for the available seat(s) (*e.g.*, Research, Education) and position(s) (*i.e.*, council member or alternate). The information obtained through this application process will be used to determine the qualifications of the applicant for membership on the advisory council.

Two application forms are currently associated with this information collection: (a) National Marine Sanctuary Advisory Council Application form; and (b) National Marine Sanctuary Advisory Council Youth Seat Application form. These application forms are currently being revised to ensure consistency between forms, as well as clarify the information and supplemental materials to be submitted by applicants. Application form instructions will specify requirements imposed upon the agency when reviewing applicants as potential council members or alternates, including the need to assess potential conflicts of interest (or other issues) and the applicant's status as a federally registered lobbyist. Specific questions posed to applicants will be reordered, reworded and, at times, condensed to improve the organization of applicant responses and, thereby, simplify the applicant review process.

Affected Public: Individuals or households; business or other for-profit organizations; not-for-profit institutions; state, local or tribal government, federal government.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: May 21, 2018.
