Food and Nutrition Service

Title: The Integrity Program (TIP) Data Collection.

OMB Control Number: 0584-0401.

Summary of Collection: This is a request for extension, without revision, to an existing collection. The Special Supplemental Nutrition Program for

Women, Infants, and Children (WIC) regulations at 7 CFR 246.12(j)(5), require State agencies to report annually on their vendor monitoring efforts. The data collected is used by States agencies as a management tool and at the national level to provide Congress, senior FNS officials, as well as the general public, assurances that every reasonable effort is being made to ensure integrity in the WIC Program.

Need and Use of the Information: The Food and Nutrition Service (FNS) will collect information using forms FNS 698, Profile of Integrity Practices and Procedures; FNS 699, the Integrity Profile Report Form; and FNS 700, TIP Data Entry Form. The information is used at the national level in formulating program policy and regulations. At the FNS regional office level, the data is reviewed to identify possible vendor management deficiencies so that technical assistance can be provided to States, as needed. Without the information, FNS would not have timely and accurate data needed to identify and correct State agency vendor management and monitoring deficiencies and to implement corrective actions.
