AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT

ACTION: Announcement of regulatory guidance

SUMMARY: FMCSA announces regulatory guidance to clarify the applicability of the “Agricultural commodity” exception in the “Hours of Service (HOS) of Drivers” regulations. This regulatory guidance is issued to ensure consistent understanding and application of the exception by motor carriers and State officials enforcing HOS rules identical to or compatible with FMCSA’s requirements.

II. Legal Basis

The National Highway System Designation Act of 1995, Public Law 104-59, sec. 345, 109 Stat. 568, 613 (Nov. 28, 1995) (the Act), provided the initial exception for drivers transporting agricultural commodities or farm supplies for agricultural purposes. The Act limited the exception to a 100 air-mile radius from the source of the commodities or distribution point for the farm supplies and during the planting and harvesting seasons as determined by the applicable State.

The Safe, Accountable, Flexible, Efficient Transportation Act: A Legacy for Users (SAFETEA-LU) revised this provision, redesignated it as new section 229 of Title II of the Motor Carrier Safety Improvement Act of 1999, and defined the terms “agricultural commodity” and “farm supplies for agricultural purposes.” Public Law 109-59, sections 4115 and 4130, 119 Stat. 1144, 1726, 1743 (Aug. 10, 2005). These terms are now defined in 49 CFR 395.2.

Most recently, the statute was amended by section 32101(d) of the Moving Ahead for Progress in the 21st Century Act (MAP-21), Public Law 112-141, 126 Stat. 405, 778 (July 6, 2012). This provision revised the description of the exception’s scope and extended the applicable distance from 100 air-miles to 150 air-miles from the source.

III. Background

The focus of today’s guidance is limited to the application of the 150 air-mile exception for the transportation of “agricultural commodities,” 49 CFR 395.1(k)(1). It does not address “farm supplies for agricultural purposes”
