14 CFR Part 71

[Docket No. FAA-2017-0755; Airspace Docket No. 17-AEA-11]

RIN 2120-AA66

Revocation and Amendment of Class E Airspace, Philipsburg, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes Class E surface airspace at Mid-State Airport, as the airport no longer qualifies for surface airspace. Also, this action removes Class E airspace extending upward from 700 feet above the surface at Philipsburg Area Hospital Heliport, as the Hospital has closed. Controlled airspace redesign is necessary for the safety and management of instrument flight rules (IFR) operations at Mid-State Airport.

DATES: Effective 0901 UTC, July 19, 2018. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11B, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11B at NARA, call (202) 741-6030, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends and removes Class E airspace in the Philipsburg, PA, area to support IFR operations.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (83 FR 1584, January 12, 2018) for Docket No. FAA-2017-0755 to remove Class E surface airspace at Mid-State Airport as the airport no longer qualifies for the airspace. Also, the Class E airspace extending upward from 700 feet or more above the surface surrounding Philipsburg Area Hospital Heliport is removed as the hospital has closed. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraphs 6002 and 6005, respectively, of FAA Order 7400.11B dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11B is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas,

air traffic service routes, and reporting points.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 removes Class E surface airspace at Mid-State Airport as the airport no longer qualifies for the airspace. Also, this action amends Class E airspace extending upward from 700 feet or more above the surface at Philipsburg, PA, by removing the controlled airspace area surrounding Philipsburg Area Hospital Heliport as the hospital has closed.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Post-9/11 GI Bill

AGENCY: Under Secretary of Defense for Personnel and Readiness, DoD.

ACTION: Final rule.

SUMMARY: This final rule removes the Department of Defense (DoD) regulation concerning the Post-9/11 GI Bill. In 2009, when first published, this part included significant information explaining the entire program, including the responsibilities of both DoD and the Department of Veterans Affairs (VA). When the part was revised at 78 FR 34251 on June 7, 2013, however, it only addressed DoD responsibilities, as VA responsibilities are now addressed in that agency's regulations. All burdens and responsibilities pertaining to persons who are not members of the Uniformed Services are addressed in VA regulations, and repeal of this regulation will have no effect on VA regulations. Repealing this rule supports website best practices because the public user is linked to the original and appropriate source, VA. This rule is internal to DoD and should be removed.

DATES: This rule is effective on June 11, 2018.

FOR FURTHER INFORMATION CONTACT: Patricia Leopard at 571–256–0590.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on removing DoD internal policies and procedures that are publically available on the Department's issuance website.

DoD internal guidance concerning the Post-9/11 GI Bill will continue to be published in DoD Instruction 1341.13, "Post-9/11 GI Bill" available at <http://www.esd.whs.mil/Portals/54/Documents/DD/issuances/dodi/134113p.pdf>.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review," therefore, E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" does not apply.

Defense Contract Audit Agency (DCAA) Freedom of Information Act Program

AGENCY: Defense Contract Audit Agency, DoD.

ACTION: Final rule.

SUMMARY: This final rule removes DoD's regulation concerning the Defense Contract Audit Agency (DCAA) Freedom of Information Act program. On February 6, 2018, the DoD published a revised FOIA program rule as a result of the FOIA Improvement Act of 2016. When the DoD FOIA program rule was revised, it included DoD component information and removed the requirement for component supplementary rules. The DoD now has one DoD-level rule for the FOIA program that contains all the codified information required for the Department. Therefore, this part can be removed from the CFR.

DATES: This rule is effective on June 11, 2018.

FOR FURTHER INFORMATION CONTACT: Keith Mastromichalis at 571–448–3153.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on removing DoD internal policies and procedures that are publically available on the Department's website.

DCAA internal guidance concerning the implementation of the FOIA within DCAA will continue to be published in DCAA Instruction No. 5410.8 (available at http://www.dcaa.mil/Content/Documents/DCAAI_5410.8.pdf).

This rule is one of 14 separate DoD FOIA rules. With the finalization of the DoD-level FOIA rule at 32 CFR part 286,
