AMS made these administrative changes to allow for the use of current technology by allowing the application for inspection to be submitted electronically and eliminating references to filing applications for service by telegraph.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the information collection requirements for the SC-357, *Initial Inspection Request for Regulated Imported Commodities*, was previously approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581-0125, effective August 1, 2016 (Regulations Governing Inspection Certification, of Fresh & Processed Fruits, Vegetables & Other Products 7 CFR part 51 & 52). No changes are necessary in those requirements as a result of this action. Should any changes become necessary, they would be submitted to OMB for approval.

AMS is committed to complying with the E-Government Act, to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

In addition, USDA has not identified any relevant Federal rules that duplicate, overlap or conflict with this rule.

Comments on the interim rule were required to be received on or before March 23, 2017. No comments were received. Therefore, for the reasons given in the interim rule, we are adopting the interim rule as a final rule, without change.

[Docket ID: DOD-2017-OS-0019]

RIN 0790-AJ60

Defense Information Systems Agency Freedom of Information Act Program

AGENCY: Defense Information Systems Agency, DoD.

ACTION: Final rule.

SUMMARY: This final rule removes DoD's regulation concerning the Defense Information Systems Agency (DISA) Freedom of Information Act program. On February 6, 2018, the DoD published a FOIA program final rule as a result of the FOIA Improvement Act of 2016. When the DoD FOIA program rule was revised, it included DoD component information and removed the requirement for component supplementary rules. The DoD now has one DoD-level rule for the FOIA program that contains all the codified information required for the Department. Therefore, this part can be removed from the CFR.

DATES: This rule is effective on June 12, 2018.

FOR FURTHER INFORMATION CONTACT: Robin Berger at 301-225-6104.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on removing DoD internal policies and procedures that are publically available on the Department's website.

DISA internal guidance concerning the implementation of the FOIA within DISA will continue to be published in DISA Instruction 630-225-8 (available at <http://disa.mil/~media/Files/DISA/About/Publication/Instruction/di6302258.pdf>).

This rule is one of 14 separate DoD FOIA rules. With the finalization of the DoD-level FOIA rule at 32 CFR part 286, the Department is eliminating the need for this separate FOIA rule and reducing

costs to the public as explained in the preamble of the DoD-level FOIA rule published at 83 FR 5196-5197.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review," therefore, E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" does not apply.
