## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP18–332–000]

#### Notice of Intent To Prepare an Environmental Assessment for the Proposed El Paso Natural Gas Company, LLC. South Mainline Expansion Project, and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the South Mainline Expansion Project involving construction and operation of facilities by El Paso Natural Gas Company, L.L.C. (EPNG) in Hudspeth and El Paso Counties, Texas; Luna County, New Mexico; and Cochise County, Arizona. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. You can make a difference by providing us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts.

Your input will help the Commission staff determine what issues they need to evaluate in the EA. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before 5:00 p.m. Eastern Daylight Time on July 9, 2018.

If you sent comments on this project to the Commission before the opening of this docket on April 27, 2018, you will need to file those comments in Docket No. CP18–332–000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

EPNG provided landowners with a fact sheet prepared by the FERC entitled *An Interstate Natural Gas Facility On My Land? What Do I Need To Know?* This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is also available for viewing on the FERC website ([www.ferc.gov](http://www.ferc.gov)).

#### Public Participation

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502–8258 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov). Please

carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the *eFiling* feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on *eRegister*. If you are filing a comment on a particular project, please select Comment on a Filing as the filing type; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket number (CP18–332–000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

#### Summary of the Proposed Project

EPNG's project would consist of:

- Construction of an approximately 17-mile-long, 30-inch-diameter loop line<sup>1</sup> adjacent to existing EPNG Line No. 1100 and Line No. 1103 between mileposts 174.5 and 191.5 in El Paso and Hudspeth Counties, Texas.
- Construction of the new 13,220-horsepower Red Mountain Compressor Station at approximate milepost 301.2 of Line No. 1100 and Line No. 1103 in Luna County, New Mexico.
- Construction of the new 13,220-horsepower Dragoon Compressor Station to be co-located with EPNG's existing Willcox Compressor Station at approximate milepost 406.9 of Line No. 1100 and Line No. 1103 in Cochise County, Arizona.

Appendix 1 shows the general location of the project facilities.<sup>2</sup>

#### Land Requirements for Construction

The three project locations proposed by EPNG include approximately 418.4 combined acres of land, all of which

<sup>1</sup> A pipeline loop is a segment of pipe constructed parallel to an existing pipeline to increase capacity.

<sup>2</sup> The appendices referenced in this notice will not appear in the **Federal Register**. Copies of appendices were sent to all those receiving this notice in the mail and are available at [www.ferc.gov](http://www.ferc.gov) using the link called "eLibrary" or from the Commission's Public Reference Room, 888 First Street NE, Washington, DC 20426, or call (202) 502–8371. For instructions on connecting to eLibrary, refer to the last page of this notice.
