

the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 14, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

##### **Medicare Program; Medicare Program; Contract Year 2019 Policy and Technical Changes to the Medicare Advantage, Medicare Cost Plan, Medicare Fee-for-Service, the Medicare Prescription Drug Benefit Programs, and the PACE Program; Correction**

**AGENCY:** Centers for Medicare & Medicaid Services (CMS), HHS.

**ACTION:** Final rule; correction.

**SUMMARY:** This document corrects technical and typographical errors that appeared in the final rule published in the **Federal Register** on April 16, 2018 titled “Medicare Program; Contract Year 2019 Policy and Technical Changes to the Medicare Advantage, Medicare Cost Plan, Medicare Fee-for-Service, the Medicare Prescription Drug Benefit Programs, and the PACE Program.”

##### **SUPPLEMENTARY INFORMATION:**

#### **I. Background**

In FR Doc. 2018–07179 of April 16, 2018 (83 FR 16440), there were a number of technical and typographical errors that are identified and corrected in the Correction of Errors section of this correcting document. The provisions in this correction document are effective as if they had been included in the document that appeared in the April 16, 2018 **Federal Register**. Accordingly, these corrections are effective June 15, 2018.

#### **II. Summary of Errors**

##### *A. Summary of Errors in the Preamble*

On page 16498, in our response to a comment regarding default enrollment, we made an error in referencing the Medicare and Medicaid programs.

On page 16503, in our response to a comment on passive enrollment eligibility, we included footnote that contains a hyperlink to the document by Health Management Associates titled “Value Assessment of the Senior Care Options (SCO) Program” that is no longer valid.

On pages 16679 through 16684, we made technical and typographical errors in the table numbering and references of the stop-loss insurance deductible tables.

On page 16684, in summarizing a comment and response regarding stop-loss coverage, we inadvertently included a response as part of the comment and excluded a sentence from part of a response.

On page 16703, in the regulatory impact analysis section, we erroneously stated the percentages of Medicare health plan organizations and Part D sponsors that are not-for-profit. In addition, we made factual and typographical errors in our discussion of the percentage of Medicare Advantage organizations (MAOs) that meet the minimum threshold for classification as small businesses.

On page 16710, in our discussion of the percentage of enrollees that are receiving services under capitated arrangements, we made technical and typographical errors in an assumption and our terminology.

##### *B. Summary of Errors in the Regulations Text*

On pages 16731 and 16732, in the regulations text changes for § 422.208, we made technical and typographical errors in the table numbering and references of the stop-loss insurance deductible tables.

On pages 16735 and 16754, in the regulations text for §§ 422.2260 and 423.2260, respectively, we made technical errors in the language and paragraph designations for the definitions of “marketing,” “marketing materials,” and “materials that do not include the following are not considered marketing materials.”

On page 16735, in the regulations text for § 422.2268 we erroneously indicated that we were revising two paragraphs instead of indicating that we were revising the entire section.

On page 16738, in the regulations text for § 423.120, we made an inadvertent typographical error in punctuating the end of the paragraph.

On page 16755, in the regulations text for § 423.2262, we inadvertently omitted the asterisks before paragraph (d), indicating that paragraphs (a) through (c) are retained without change.

#### **III. Waiver of Proposed Rulemaking and Delay in Effective Date**

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (APA), the agency is required to publish a notice of the proposed rule in the **Federal Register** before the provisions of a rule take effect. Similarly, section

1871(b)(1) of the Act requires the Secretary to provide for notice of the proposed rule in the **Federal Register** and provide a period of not less than 60 days for public comment. In addition, section 553(d) of the APA, and section 1871(e)(1)(B)(i) of the Act mandate a 30-day delay in effective date after issuance or publication of a rule. Sections 553(b)(B) and 553(d)(3) of the APA provide for exceptions from the notice and comment and delay in effective date APA requirements; in cases in which these exceptions apply, sections 1871(b)(2)(C) and 1871(e)(1)(B)(ii) of the Act provide exceptions from the notice and 60-day comment period and delay in effective date requirements of the Act as well. Section 553(b)(B) of the APA and section 1871(b)(2)(C) of the Act authorize an agency to dispense with normal rulemaking requirements for good cause if the agency makes a finding that the notice and comment process are impracticable, unnecessary, or contrary to the public interest. In addition, both section 553(d)(3) of the APA and section 1871(e)(1)(B)(ii) of the Act allow the agency to avoid the 30-day delay in effective date where such delay is contrary to the public interest and an agency includes a statement of support.

We believe that this correcting document does not constitute a rule that would be subject to the notice and comment or delayed effective date requirements of the APA or section 1871 of the Act. This correcting document corrects technical and typographic errors in the preamble and regulation text of the final rule but does not make substantive changes to the policies that were adopted in the final rule. As a result, this correcting document is intended to ensure that the information in the final rule accurately reflects the policies adopted in that final rule.

In addition, even if this were a rule to which the notice and comment procedures and delayed effective date requirements applied, we find that there is good cause to waive such requirements. Undertaking further notice and comment procedures to incorporate the corrections in this document into the final rule or delaying the effective date would be contrary to the public interest because it is in the public's interest to ensure that final rule accurately reflects our policies. Furthermore, such procedures would be unnecessary, as we are not altering payment eligibility or benefit methodologies or policies, but rather, simply implementing correctly the policies that we previously proposed, received comment on, and subsequently finalized. This correcting document is

intended solely to ensure that the final rule accurately reflects these policies. Therefore, we believe we have good cause to waive the notice and comment and effective date requirements.

#### IV. Correction of Errors

In FR Doc. 2018–07179 of April 16, 2018 (83 FR 16440), make the following corrections:

**DEPARTMENT OF HOMELAND SECURITY**

**Federal Emergency Management Agency**

**44 CFR Part 64**

[Docket ID FEMA–2018–0002; Internal Agency Docket No. FEMA–8533]

**Suspension of Community Eligibility**

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Final rule.

**SUMMARY:** This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA’s Community Status Book (CSB). The CSB is available at <https://www.fema.gov/national-flood-insurance-program-community-status-book>.

**DATES:** The effective date of each community’s scheduled suspension is

the third date (“Susp.”) listed in the third column of the following tables.

**FOR FURTHER INFORMATION CONTACT:** If you want to determine whether a particular community was suspended on the suspension date or for further information, contact Adrienne L. Sheldon, PE, CFM, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 400 C Street SW, Washington, DC 20472, (202) 212–3966.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59.

Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year on FEMA’s initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This
