RIN 0790-AJ93

National Security Education Program (NSEP) Grants to Institutions of Higher Education**AGENCY:** Under Secretary of Defense for Personnel and Readiness, DoD.**ACTION:** Final rule.

SUMMARY: This final rule will remove DoD's regulation that relates to the administration of the Boren grants program as sections pertinent to the public were incorporated into the revision of DoD's regulation titled "National Security Education Program (NSEP) and NSEP Service Agreement" on December 5, 2016. This rule has been superseded, is unnecessary, and can be removed.

DATES: This rule is effective on June 27, 2018.

FOR FURTHER INFORMATION CONTACT: Dr. Sam Eisen at 571-256-0760.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since its content was incorporated into another CFR part for which public comment was taken.

The removal of this part eliminates text which has been superseded at 32 CFR part 208, therefore, it will not change the regulatory impact on the public. This removal is administrative in nature and does not result in a burden reduction or cost savings to the public.

DoD internal guidance concerning the administration of the Boren grants program will continue to be published in DoD Instruction 1025.02 available at http://www.esd.whs.mil/Portals/54/Documents/DD/issuances/dodi/102502_dodi_2017.pdf.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review," therefore, E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" does not apply.

Drawbridge Operation Regulation; Technical Amendment; Removal of Obsolete Drawbridge Operating Regulations**AGENCY:** Coast Guard, DHS.**ACTION:** Final rule.

SUMMARY: The Coast Guard is removing the existing operation regulations for 33 drawbridges across various waterways and in various locations, across the east coast and western rivers of the United States. These drawbridges have either been replaced with a fixed bridge, removed from the waterway, altered with CG approval in such a manner that the drawspan is no longer moveable or the approaching rail lines or roadways have been removed with the drawspan open to navigation and inoperable. These 33 operating regulations are no longer applicable or necessary.

DATES: This rule is effective June 27, 2018.

II. Background Information and Regulatory History

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that notice and comment procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) due to the fact that the 33 drawbridges identified either do not exist or no longer function as a drawbridge. Therefore, their regulations are no longer applicable and need to be removed. It is unnecessary to publish a NPRM because drawbridge regulations are only used for bridges that have an operational span that is intended to be opened for the passage of waterway traffic. These bridges are no longer operational.

For the same reasons stated in the preceding paragraph, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective in less than 30 days after publication in the **Federal Register**. The bridges at issue no longer have an operational span and therefore have no need of a drawbridge regulation. The removal of the regulation will not affect mariners currently operating on this waterway. Therefore, a delayed effective date is unnecessary.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority 33 U.S.C. 499.

The elimination of these drawbridges necessitates the removal of their corresponding drawbridge operation regulation in 33 CFR part 117 subpart B.

IV. Discussion of Final Rule

The Coast Guard is removing restrictions and the regulatory burdens related to the draw operations for these 33 bridges that no longer function as drawbridges. In the regulatory section of this final rule, the 33 bridges are presented numerically based on their section number and, if applicable, paragraph lettering under 33 CFR part 117 subpart B.

This final rule will update 33 CFR part 117 subpart B by removing language that governs the operating schedule of the aforementioned bridges, which in fact, in their current state, are no longer drawbridges. The removal of
