

III. Requirements and Limitations for Participation

Applicants who would like to participate in the pilot project must be aware of both the following requirements to be met by applicants and the following limitations set by the IP5 Offices.

A. Requirements To Be Met by Applicants

The following requirements must be met by applicants wishing to participate in the pilot project:

(a) The request for participation in the pilot must be submitted on the standard participation form and filed together with the international application.

(b) The participation form and the international application must be filed at the receiving Office of one of the IP5 Offices or at the International Bureau as receiving Office, and the applicant must select one of the IP5 Offices as the main International Searching Authority under PCT Rule 35. For example, U.S. applicants filing with the USPTO or the International Bureau as receiving Office may select the USPTO, the EPO, the KIPO, or the JPO as International Searching Authority, subject to certain limitations as described in the PCT Applicant's Guide, Annex C/US.

(c) Where the participation form and the international application are filed with the USPTO, they must be filed in electronic form via the USPTO's EFS-Web system. The participation form must be loaded into EFS-Web as a separate document using document description "Request to Participate in PCT CS&E Pilot." This is true even where the participation form is prepared using WIPO's ePCT system since EFS-Web only extracts the PCT Request form and Fee Calculation sheet from ePCT or PCT Safe zip files.

(d) The participation form and the international application must be filed in English when they are filed with the USPTO. As noted above, the other IP5 Offices will initially only accept applications filed in English and will announce when they are prepared to accept applications in languages other than English.

B. Limitations Set by the IP5 Offices

The following limitations related to organizational aspects of the pilot must be complied with for the main International Searching Authority to accept a request for participation in the pilot:

(a) The applicant must not have had ten international applications accepted in the pilot by the same main International Searching Authority.

(b) The main International Searching Authority must not have accepted 100 international applications into the pilot. The USPTO, in its capacity as the main International Searching Authority, will accept 50 applications during the first year of the pilot, that is from July 1, 2018, to June 30, 2019, and 50 applications during the second year of the pilot, that is from July 1, 2019, to June 30, 2020.

(c) The main International Searching Authority must not determine that there is a defect in the application (*e.g.*, the application does not contain a sequence listing portion of the description and/or a copy of a sequence listing in computer readable form as provided for in the Administrative Instructions under the PCT) impeding the processing of the application according to the timeline for the collaborative process.

IV. Duration

The pilot project is divided into two phases, a preparatory phase and an operational phase. The preparatory phase started on June 2, 2016, and was dedicated to the administrative and practical preparations required for a smooth functioning of the pilot. The operational phase will start on July 1, 2018, and will be dedicated to the processing of applications under the collaborative scheme, the monitoring of applications for evaluation purposes, and the assessment of the outcome of the pilot. The operational phase will last for a period of three years ending on July 1, 2021, and will include an evaluation of the impact of the pilot on examination during the subsequent national/regional stages. Requests for participation in the pilot will be accepted only during the first two years of the operational phase, *i.e.*, from July 1, 2018, to June 30, 2020.

Dated: June 21, 2018.

The proposed amendments to the MCM are as follows:

Section 1. Part II of the Manual for Courts-Martial, United States as amended by E.O. 13825 is further amended as follows:

(a) R.C.M. 705(d)(1) is amended and reads as follows:

"(1) *In general.* Subject to such limitations as the Secretary concerned may prescribe pursuant to R.C.M. 705(a), a plea agreement that limits the sentence that can be imposed by the court-martial for one or more charges and specifications may contain:

(A) A limitation on the maximum punishment that can be imposed by the court-martial;

(B) a limitation on the minimum punishment that can be imposed by the court-martial;

(C) limitations on the maximum and minimum punishments that can be imposed by the court-martial; or,

(D) a specified sentence or portion of a sentence that shall be imposed by the court-martial."

(b) R.C.M. 916(e) is amended and reads as follows:

"(e) Self-defense.

(1) *Homicide or assault cases involving deadly force.* It is a defense to a homicide, assault involving deadly force, or battery involving deadly force that the accused:

(A) Apprehended, on reasonable grounds, that death or grievous bodily harm was about to be inflicted wrongfully on the accused; and

(B) Believed that the force the accused used was necessary for protection against death or grievous bodily harm.

(2) *Certain aggravated assault cases.* It is a defense to assault with a dangerous weapon or assault in which substantial or grievous bodily harm is inflicted that the accused:

(A) Apprehended, on reasonable grounds, that bodily harm was about to be inflicted wrongfully on the accused; and

(B) In order to deter the assailant, offered but did not actually inflict or attempt to inflict substantial or grievous bodily harm.

(3) *Other assaults.* It is a defense to any assault punishable under Article 89, 91, or 128 and not listed in paragraphs (e)(1) or (2) of this rule that the accused:

(A) Apprehended, upon reasonable grounds, that bodily harm was about to be inflicted wrongfully on the accused; and

(B) Believed that the force that the accused used was necessary for protection against bodily harm, provided that the force used by the accused was less than the force inflicting substantial or grievous bodily harm."

(c) R.C.M. 920(g) is new and reads as follows:

"(g) *Waiver.* Instructions on a lesser included offense shall not be given when both parties waive such an instruction. After receiving applicable notification of those lesser included offenses of which an accused may be convicted, the parties may waive the reading of a lesser included offense instruction. A written waiver is not required. The accused must affirmatively acknowledge that he or she understands the rights involved and affirmatively waives the instruction on the record. The accused's waiver must be made freely, knowingly, and intelligently. In the case of a joint or common trial, instructions on a lesser included offense shall not be given as to an individual accused when that accused and the government agree to waive such an instruction."

(d) R.C.M. 1208(c) is new and reads as follows:

"(c) *Effective date of sentences.* The effective date of portions of a sentence adjudged at a new trial, other trial, or rehearing shall be calculated without regard to any previous adjudged sentence. The effective dates shall not relate back to any previously adjudged sentence."

Section 2. Part III of the Manual for Courts-Martial, United States as amended by E.O. 13825 is further amended as follows:

(a) Mil. R. Evid. 315(b)(3) is new and reads as follows:

"(3) "Warrant for Wire or Electronic Communications" means a warrant issued by a military judge pursuant to 18 U.S.C. 2703(a), (b)(1)(A), or (c)(1)(A) in accordance with 10 U.S.C. 846(d)(3) and R.C.M. 309(b)(2) and R.C.M. 703A."

(b) Mil. R. Evid. 315(d) is amended and reads as follows:

"(d) *Who May Authorize.* A search authorization under this rule is valid only if issued by an impartial individual in one of the categories set forth in subdivisions (d)(1), (d)(2), and (d)(3). Only a military judge may issue a warrant for wire or electronic communications under this rule. An otherwise impartial authorizing official does not lose impartiality merely because he or she is present at the scene of a search or is otherwise readily available to persons who may seek the issuance of a search authorization; nor does such an official lose impartiality merely because the official previously and impartially authorized investigative activities when such previous authorization is similar in intent or function to a pretrial authorization made by the United States district courts.

(1) *Commander.* A commander or other person serving in a position designated by the Secretary concerned as either a position analogous to an officer in charge or a position of command, who has control over the place where the property or person to be searched is situated or found, or, if that place is not under military control, having control over persons subject to military law or the law of war;

(2) *Military Judge or Magistrate.* A military judge or magistrate if authorized under regulations prescribed by the Secretary of Defense or the Secretary concerned; or

(3) *Other competent search authority.* A competent, impartial official as designated under regulations by the Secretary of Defense or the Secretary concerned as an individual authorized to issue search authorizations under this rule."

Section 3. Part IV of the Manual for Courts-Martial, United States as amended by E.O. 13825 is further amended as follows:

(a) Paragraph 20.c is amended as follows:

"c. Explanation.

(1) *In general.* The prevention of inappropriate sexual activity by trainers, recruiters, and drill instructors with recruits, trainees, students attending service academies, and other potentially vulnerable persons in the initial training environment is crucial to the maintenance of good order and military discipline. Military law, regulation, and custom invest officers, non-commissioned officers, drill instructors, recruiters, cadre, and others with the right and obligation to exercise control over those they supervise. In this context, inappropriate sexual activity

between recruits/trainees and their respective recruiters/trainers is inherently destructive to good order and discipline.

(2) *Prohibited activity.* The responsibility for identifying relationships subject to this offense and those outside the scope of this offense is entrusted to the individual Services to determine and specify by appropriate regulations. This offense is intended to cover those situations which involve the improper use of authority by virtue of an individual's position in either a training or recruiting environment. Not all contact or associations are prohibited by this article. Service regulations must consider circumstances where pre-existing relationships (for example, marriage relationships) exist. Additionally, this offense only criminalizes activity occurring when there is a training or recruiting relationship between the accused and the alleged victim of this offense.

(3) *Knowledge.* The accused must have actual or constructive knowledge that a person was a "specially protected junior member of the armed forces" or an "applicant for military service" (as those terms are defined in this offense). Knowledge may be proved by circumstantial evidence.

(4) *Consent.* Consent is not a defense to this offense."

(d) Paragraph 69.c.(1) is amended and reads as follows:

"(1) "Access" means to gain entry to, instruct, cause input to, cause output from, cause data processing with, or communicate with, the logical, arithmetical, or memory function resources of a computer, computer system, or computer network."

(e) Paragraph 89.c.(2) is amended and reads as follows:

"(2) *Personnel action.* For purposes of this offense, "personnel action" means—

(a) any action taken against a Servicemember that affects, or has the potential to affect, that Servicemember's current position or career, including promotion, disciplinary or other corrective action, transfer or reassignment, performance evaluations, decisions concerning pay, benefits, awards, or training, relief or removal, separation, discharge, referral for mental health evaluations, and any other personnel actions as defined by law or regulation, such as DoD Directive 7050.06 (17 April 2015); or,

(b) any action taken against a civilian employee that affects, or has the potential to affect, that person's current position or career, including promotion, disciplinary or other corrective action, transfer or reassignment, performance

evaluations, decisions concerning pay, benefits, awards, or training, relief and removal, discharge, and any other personnel actions as defined by law or regulation such as 5 U.S.C. 2302."
