

via the **Federal Register** on March 16, 2018 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before July 30, 2018.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-SFUND-2018-0081 to (1) EPA online using www.regulations.gov (our preferred method) or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Abstract: The Agency requires applicants for reimbursement under this program authorized under Section 123 of CERCLA to submit an application that demonstrates consistency with program eligibility requirements. This is necessary to ensure proper use of the Superfund. EPA reviews the information to ensure compliance with all statutory and program requirements. The applicants are local governments

who have incurred expenses, above and beyond their budgets, for hazardous substance response.

Form numbers: 9310-1.

Respondents/affected entities: Local Governments that apply for reimbursement under this program.

Respondent's obligation to respond: Required to obtain or retain a benefit (CERCLA Section 123).

Estimated number of respondents: 30 (per year).

Frequency of response: On occasion.

Total estimated burden: 270 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$4,995 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: None.

Lambda-Cyhalothrin; Receipt of Application for Emergency Exemption, Solicitation of Public Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has received a specific exemption request from the Washington State Department of Agriculture to use the pesticide lambda-cyhalothrin (CAS No. 91465-08-6) to treat up to 7,000 acres of asparagus to control the European asparagus aphid. The applicant proposes a use which is supported by the Interregional Research Project Number 4 (IR-4) program and has been requested in 5 or more previous years, and a petition for tolerance has not yet been submitted to the Agency. EPA is soliciting public comment before making the decision whether or not to grant the exemption.

DATES: Comments must be received on or before July 13, 2018.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2018-0400, by one of the following methods:

- **Federal eRulemaking Portal:**

<https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- **Mail:** OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

- **Hand Delivery:** To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <https://www.epa.gov/dockets/where-send-comments-epa-dockets>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. What should I consider as I prepare my comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through www.regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticide(s) discussed in this document, compared to the general population.

II. What action is the Agency taking?

Under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136p), at the discretion of the EPA Administrator, a Federal or State agency may be exempted from any provision of FIFRA if the EPA Administrator determines that emergency conditions exist which require the exemption. The Washington State Department of Agriculture has requested the EPA Administrator to issue a specific exemption for the use of lambda-cyhalothrin on asparagus to control the European asparagus aphid. Information in accordance with 40 CFR part 166 was submitted as part of this request.

As part of this request, the applicant asserts that the cancellation of the previously relied-upon tool, disulfoton, has left asparagus growers in the state of Washington with no adequate alternatives to control the European asparagus aphid, and significant economic losses will occur without sufficient control. The Applicant proposes to make no more than 3 applications at a maximum rate of 0.03 pounds (lb.) (total of 0.09 lb.) per acre of lambda-cyhalothrin on up to 7,000 acres of asparagus grown in the state of Washington from June 15 to October 30, 2018. Treatment of the maximum acreage at the maximum rate would result in a total use of lambda-cyhalothrin of 630 lbs.

This notice does not constitute a decision by EPA on the application itself. The regulations governing FIFRA section 18 require publication of a notice of receipt of an application for a specific exemption proposing a use which is supported by the Interregional

Research Project Number 4 (IR-4) program and has been requested in 5 or more previous years, and a petition for tolerance has not yet been submitted to the Agency. Therefore, in accordance with the requirement at 40 CFR 166.24(a)(7), EPA is soliciting public comment before making the decision whether or not to grant the exemption. The notice provides an opportunity for public comment on the application.

The Agency will review and consider all comments received during the comment period in determining whether to issue the specific exemption requested by the Washington State Department of Agriculture.

Authority: 7 U.S.C. 136 *et seq.*

Dated: June 15, 2018.

Michael L. Goodis,
Director, Registration Division, Office of
Pesticide Programs.
