SURFACE TRANSPORTATION BOARD

[Docket No. FD 36204]

Cairo Public Utility Company— Acquisition and Operation Exemption—Rail Line of Alabama Railroad Co., Inc., d/b/a Shawnee Terminal Railroad Co.

Cairo Public Utility Company (CPUC), a non-carrier, has filed a verified notice of exemption under 49 CFR 1150.31 to acquire and operate 2.5 miles of rail lines owned by Alabama Railroad Co., Inc. d/b/a Shawnee Terminal Railway Co. (STR), between milepost 256.9 and milepost 259.4 in or near Cairo, in Alexander County, Ill. (the Line).

CPUC states that it has reached an agreement with STR for CPUC to acquire the Line. CPUC further states that the acquisition is part of a long-term goal of creating a transload facility along the Mississippi River. According to CPUC, the proposed acquisition and operation of the Line does not involve a provision or agreement that would limit future interchange with a third-party connecting carrier.

CPUC certifies that the proposed transaction will not result in CPUC becoming a Class II or Class I rail carrier and that the projected annual revenue of CPUC will not exceed \$5 million.

CPUC states that the transaction is scheduled to be consummated on or before September 15, 2018. The earliest this transaction may be consummated is July 20, 2018, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than July 13, 2018 (at least seven days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. 36204, must be filed with the Surface Transportation Board, 395 E Street SW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on Richard H. Streeter, Law Office of Richard H. Streeter, 5255 Partridge Lane NW, Washington, DC 20016.

According to CPUC, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available on our website at WWW.STB.GOV.

Decided: June 29, 2018.

The Subcommittee is requesting written public comments for this review and will conduct a public hearing on this matter. The Subcommittee will consider the written comments, written testimony, and oral testimony in developing recommendations for the President. SUPPLEMENTARY INFORMATION:

I. Background

AGOA (Title I of the Trade and Development Act of 2000, Public Law 106–200) (19 U.S.C. 2466a *et seq.*), as amended, authorizes the President to designate sub-Saharan African countries as beneficiaries eligible for duty-free treatment for certain additional products not included for duty-free treatment under the Generalized System of Preferences (GSP) (Title V of the Trade Act of 1974 (19 U.S.C. 2461 *et seq.*) (1974 Act)), as well as for the preferential treatment for certain textile and apparel articles. The President may designate a country as a beneficiary sub-Saharan African country eligible for AGOA benefits if he determines that the country meets the eligibility criteria set forth in section 104 of AGOA (19 U.S.C. 3703) and section 502 of the 1974 Act (19 U.S.C. 2462).

Section 104 of AGOA includes requirements that the country has established or is making continual progress toward establishing, among other things: a market-based economy; the rule of law, political pluralism, and the right to due process; the elimination of barriers to U.S. trade and investment; economic policies to reduce poverty; a system to combat corruption and bribery; and the protection of internationally recognized worker rights. In addition, the country may not engage in activities that undermine U.S. national security or foreign policy interests or engage in gross violations of internationally recognized human rights. Section 502 of the 1974 Act provides for country eligibility criteria under GSP. For a complete list of the AGOA eligibility criteria and more information on the GSP criteria, see section 104 of the AGOA and section 502 of the 1974 Act.

Section 506A of the 1974 Act requires the President to monitor and review annually the progress of each sub-Saharan African country in meeting the foregoing eligibility criteria in order to determine if each beneficiary sub-Saharan African country should continue to be eligible, and if each sub-Saharan African country that currently is not a beneficiary, should be designated as a beneficiary. If the President determines that a beneficiary sub-Saharan African country is not making continual progress in meeting the eligibility requirements, he must terminate the designation of the country as a beneficiary sub-Saharan African country. The President also may withdraw, suspend, or limit the application of duty-free treatment with respect to specific articles from a country if he determines that it would be more effective in promoting compliance with AGOA eligibility requirements than terminating the designation of the country as a beneficiary sub-Saharan African country.

For 2018, 40 countries were designated as beneficiary sub-Saharan African countries. These countries, as well as the countries currently designated as ineligible, are listed below. The Subcommittee is seeking public comments in connection with the annual review of sub-Saharan African countries' eligibility for AGOA's benefits. The Subcommittee will consider any comments in developing recommendations to the President related to this review. Comments related to the child labor criteria may also be considered by the Secretary of Labor in making the findings required under section 504 of the 1974 Act.

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: FMCSA is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, FMCSA is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

Pursuant to Section 5404 of the Fixing America’s Surface Transportation Act, 2015 (FAST Act), FMCSA proposes a 3-year period of information collection to determine whether the safety outcomes (to include crashes, moving violations, inspection violations, and safety critical events as available) of drivers under the

age of 21 with military experience in the operation of heavy vehicles (*i.e.*, “covered drivers”) participating in interstate commerce are similar to the safety outcomes of commercial motor vehicle drivers (CMV) drivers between the ages of 21 and 24 operating freight-carrying CMVs, and how training and experience impact the safety of the 18- to 20-year-old driving population. FMCSA proposed this pilot program and solicited public comment on August 22, 2016. The prior 60-day notice sought comment on program operations, including whether any additional safeguards are needed to ensure that the pilot program provides a level of safety equivalent to current safety levels. Additional details on the broader pilot program are available through a separate notice published in today’s **Federal Register**.

DATES: Comments must be received on or before September 4, 2018.
