

schedules at other venues are viewed as more favorable. Consequently, the Exchange believes that the degree to which IEX fees could impose any burden on competition is extremely limited and does not believe that such fees would burden competition between Members or competing venues in a manner that is not necessary or appropriate in furtherance of the purposes of the Act. Moreover, as noted in the Statutory Basis section, the Exchange does not believe that the proposed changes represent a significant departure from its current fee schedule.

The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the Exchange is not materially altering the fees assessed for executions on the Exchange. Furthermore, as noted above, the Exchange notes that the proposed structure of the Fee Schedule is substantially similar to the Fee Schedule of other market centers, and therefore does not present any new intermarket competitive burdens that do not already exist.³⁶
